 VIII. MISCELLANEOUS STATISTICS	

March 15, 2017

Mr. Roosevelt Johnson, President
and Members of the Alexandria City Council
City of Alexandria
Post Office Box 71
Alexandria, Louisiana 71309-0071

Dear Mr. Johnson and Members of the City Council:

This constitutes my required Budget Message for Fiscal Year 2018 (2017-2018), regarding the operating and capital budgets proposed for the new fiscal year. Retained earnings (fund balance holdings) were used in formulation of these budgets. With this letter, including a detailed budget ordinance (and any legislation needed to effectuate revenue changes), provided in accordance with Section 5-03 of the Home Rule Charter, Local Act 504 of the State of Louisiana, and other policy provisions; the operating and capital budgets and required ordinance(s) to effectuate the entire Budget for fiscal year 2017-2018 (FY 18) are hereby submitted.

This Budget was prepared using conservative expenditure and revenue projections. Past sluggishness in the national economy continues some improvement; however, the Louisiana economy, its budget problems, the state of oil and gas, and local sales tax stalling indicate that responsible, austere spending is vital at all levels of government. This Budget is indicative of those sentiments, reducing expenses where indicated while attempting to preserve the needed and desired services to the citizens of Alexandria.

In order to maintain morale, reward great service, and given the financial position of the City, we are recommending an across-the-board pay adjustment (of 2%), to be applied permanently for qualified classified and unclassified employees following established and new policies. Operating capital needs are addressed in conservative but meaningful measure.

The capital budget for FY 18 addresses the important Community College Initiative and related R.I.V.E.R. Act capital projects, and focuses on completing recreation infrastructure, commitments to utility infrastructure, and resolution of related utility issues.

Sincerely,

Jacques Roy
Mayor, City of Alexandria

CITY OF ALEXANDRIA

Organizational Chart

CITY OF ALEXANDRIA STRUCTURE AND BUDGETARY ORGANIZATION

ORGANIZATION

The City of Alexandria was founded in 1785 and incorporated in 1819. In 1977, the current City Charter was adopted, which established a Mayor-Council form of government consisting of a full time Mayor and seven Councilmen, five of which are elected from districts and two of which are elected at-large.

The City provides a full range of municipal services, including police, fire protection, street and drainage systems, refuse collection, parks and recreation, planning and zoning, public transportation, community development programs, and electric, gas, water, and sewerage services.

An organization chart showing all City entities is provided on the preceding page.

BUDGETARY STRUCTURE

The financial transactions of the City are budgeted and recorded in individual funds categorized as follows: Governmental Fund Type, Proprietary Fund and Fiduciary Fund Type. The funds listed under each category are as follows:

GOVERNMENTAL FUND TYPES: Governmental funds are used to account for all or most of the City's general activities and are budgeted bases on the modified accrual basis of accounting.

1.) GENERAL FUND

The General Fund is the general operating fund of the City and is used to account for operations traditionally associated with a city which are not required to be accounted for in another fund. This fund is used to account for the activities of elected officials, general administration, finance, public works, planning, and public safety.

2.) SPECIAL REVENUE FUNDS

Special revenue Funds are used to account for the proceeds of specific revenue sources which by law are designated to finance particular functions or activities of government.

Special Revenue funds contained in the budget are:

- | | |
|------------------------------|---|
| a) Sales Tax Fund | d) Community Development Block Grant Fund |
| b) Hotel/Motel Tax Fund | e) Home Investment Partnership Fund |
| c) Capital Property Tax Fund | f) Youth Baseball Recreation Fund |

3.) DEBT SERVICE FUNDS

Debt Service Funds account for the accumulation of resources for, and the payment of, general governmental long-term debt principal and interest. These funds are funded principally from property taxes and sales tax revenue bonds.

4.) CAPITAL PROJECTS FUNDS

The Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities/infrastructure. The annual Capital Improvements Program is published in a separate documents and more fully details the funds' activities.

PROPRIETARY FUND TYPES: Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary and useful for sound financial administration.

The City budgets proprietary type funds using the accrual basis of accounting except in its treatment of capital expenditures and debt service.

1.) ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprise, in that costs of providing goods or services to the general public are financed through user charges. Enterprise Funds contained in this budget are:

- a) Electric, Gas, Water and Sewer System
- b) Municipal Transit System (Atrans)
- c) Sanitation System

2. INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the cost of goods or services provided by one department to the other departments and generally accounted as an Enterprise Fund. The Internal Service Funds in this budget are:

- a) Risk Management Fund
- b) Employee Benefits Fund
- c) Unemployment Benefit Fund

FIDUCIARY FUND TYPES: Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the City. The Annual Report includes the City's three pension funds: City, Police, and Fire; however, for budgetary purposes, these funds are controlled by the individual retirement boards and are not considered a part of the City's budget process.

CITY OF ALEXANDRIA LEGAL REQUIREMENTS

BUDGET SUBMISSION

The City Charter requires the Mayor to submit a proposed budget to the Council at least forty-five (45) days prior to the beginning of each fiscal year. After submission of the budget, the council holds a public hearing, at which time all interested persons are given an opportunity to be heard. The budget is finally adopted no later than the twenty-seventh (27) day of the last month of the fiscal year (Sec. 5-02).

The City's fiscal year is May 1 - April 30.

BUDGET ADMINISTRATION

Responsibility for administering the annual budget is the Mayor's.

No payment shall be made or obligation incurred against any allotments or appropriations except in accordance with appropriations duly made and unless the Mayor or his designee first certifies that there is a sufficient unencumbered balance and that the funds will be available to cover the claim or meet the obligation when it becomes due and payable. (Sec. 5-04)

BUDGET AMENDMENTS

Budget Amendments are changes to the original budget ordinance that affect different programs or functions or division, department, office or agency (cost centers).

During the year, the Mayor may certify to the Council that additional revenues are available and present a budget amendment to appropriate these revenues. If at any time during the year it appears that the revenues available will be insufficient to meet the amount appropriated, he shall report to the Council without delay, indicated the amount of the deficit, any remedial action taken by him and his recommendations as to other steps to be taken. (Sec. 5-05)

To meet a public emergency affecting life, health, property or the public peace, the Council may adopt an emergency ordinance at the meeting in which it is introduced. (Sec. 5-05)

At any time during the fiscal year, the Mayor may transfer part or all of any unencumbered appropriations balance only within the same program or function of a division, department, office or agency. (Sec. 5-05)

LAPSE OF APPROPRIATIONS

Every appropriation, except an appropriation for the capital expenditure, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered. An appropriation for a capital expenditure shall continue in force until the purpose for which it was made has been accomplished or abandoned; the purpose of any such appropriation shall be deemed abandoned if three (3) years pass without any disbursement from or encumbrance of the appropriations.

(Sec. 5-06)

CITY OF ALEXANDRIA METHODS OF FINANCING INFRASTRUCTURE

Infrastructure refers to public facilities such as roads, bridges, sidewalks, public buildings, mass transit facilities, sewer systems, etc. The following will describe some of the methods which may be or has been utilized by the City of Alexandria to finance the maintenance and expansion of the City's infrastructure.

GENERAL OBLIGATION BONDS

General Obligation (GO) Bonds are backed by the full faith and credit of the City of Alexandria and require voter approval before they can be issued. GO Bonds are secured by a tax levy. The City of Alexandria's debt limit on GO Bonds has been established by state law. LRS 39:562 states GO Bonds may be issued for up to ten percent (10%) of the assessed valuation for any single authorized purpose or thirty-five (35%) of the assessed valuation for all purposed.

REVENUE BONDS

Revenue bonds are serviced from the revenues of a particular enterprise or revenue source. The City of Alexandria primarily issued two types of revenue bonds:

Sales Tax Bonds

Sales Tax Bonds are secured by the revenues received from sales taxes levied by the City of Alexandria. The City is allowed to issue Sales Tax Bonds as long as the annual debt service does not exceed 75% of the estimated sales tax collections for the current year. The City has substantial bonding capacity which varies from time to time depending upon levels of sales tax collections.

Utility Revenue Bonds

Utility Revenue Bonds are secured by the revenues received from the City of Alexandria's Utility Systems. There are no statutory limitations on the amount of bonds that can be issued. Additional Revenue Bonds may be issued after holding or election.

Certificate of Indebtedness (COI)

Certificate of Indebtedness are loans made to the City of Alexandria by financial institution. COIs are secured by excess revenues. The city can issue COIs as long as they are secured by excess revenues of the City above the statutory, necessary and usual charges in each year. The maximum annual debt service on these certificates in any future year may not exceed the budgeted excess revenues for the current year. The City's borrowing capacity varies from time to time depending upon budgeted revenues.

**CITY OF ALEXANDRIA
STATEMENT OF BUDGETARY POLICIES**

Currently the City of Alexandria does not have a formal set of goals and objectives, nor does it have a long-range strategic plan. During the past two years, however, the City Council and the Administration have developed several significant budget policies.

FUND BALANCE:

During the budget process for the 1990-1991 Annual Budget, the City Council includes a policy with the adopted budget that set the Fund Balance for the General Fund at 7% of total revenues with a goal of increasing it to 10% over a three year period. This policy was developed to maintain an adequate operating cash flow and to provide funding for emergencies.

The fund balance goal of 10% was reached and has been maintained since fiscal year 1993-1994.

REVENUES:

The City Council has set the policy of limiting operating transfers from the Utility Fund to the General Fund to five percent of the gross revenues earned by the utility system.

The City's cash flow is normally lowest during the first four months of the fiscal year due to seasonal revenue and expenditure adjustments. In order to address possible cash flow crunches, the Administration has established a policy that limits filing personnel vacancies and purchasing operating capital outlay to an emergency or critical needs basis only.

EXPENDITURES:

The City Council has also established a ceiling of \$300,000 in the General Capital Projects Fund for the purchase of Vehicles and Equipment. However, certain occasional purchases that are very expensive, e.g. a Fire Truck, are excluded from this policy. This policy was created to enable more funds for city infrastructure needs.

RISK MANAGEMENT:

During fiscal year 1989-1990, the City Council created a Risk Management Fund and an Employee Benefits Fund. The purpose of this policy was to better track claims, build up reserves and self-insure a larger part of its insurance program.

CITY OF ALEXANDRIA BUDGETARY PROCESS

The City of Alexandria prepares two separate budget documents: The Annual Operating Budget and the Annual Capital Budget and Five Year plan. In September of each fiscal year the Budget Officer's Office begins compilation of data necessary for the preparation of the Budget Preparation Manuals for both the Annual Capital and Annual Operating Budgets. Each manual contains the criteria to be used in preparing the budget request forms contained in the manuals. The manuals are sent to Division Directors and Department Managers in October. Annual Capital Improvements Budget requests are due the end of November. Annual Budget requests are due mid-December.

While the Division Directors and Department Managers are compiling their expenditure/expense needs, the Mayor and his staff begin preparing the revenue estimates for the upcoming fiscal year.

CAPITAL IMPROVEMENTS PROGRAM BUDGET (CIP)

The Capital Improvements Budget contains a five year plan. The City's goal is to maintain a Capital Improvements Program that will provide for the improvements necessary to meet the needs of the community within the constraints of available resources. Each Division Director and Department Manager is required to review all existing projects contained within the Five Year Plan. Department Managers are required to reassess the cost estimates of projects budgeted in the Five Year Plan. The Division Directors and Department Managers are required to add, delete or revise projects based upon current cost estimates, community and departmental needs. Packages are submitted to the Budget Officer for review. Any request which does not meet the criteria stated in the manual is sent back to the Division Director and Department Manager.

In January of each fiscal year the Administrative Review Committee meets to review all CIP requests. All CIP requests are prioritized based upon a "critical needs assessment" made by the Administrative Review Committee. Projects which maximize local dollars with federal and/or state funds in order to leverage available local funds are given close consideration. The Mayor and his staff diligently work to balance all five years of anticipated revenues with expenditures. Based upon the history of the CIP program, a CIP policy requires a \$500,000 fund balance at the beginning of each fiscal year for the General Capital Projects Funds and the Utility Capital Project Fund. The fund balance requirement is necessary in order to provide funding for any change orders, plan changes, shortfalls, or emergency needs which may occur during the fiscal year.

ANNUAL OPERATING BUDGET

All Division Directors and Department Managers are asked to carefully review their current operating budgets and to anticipate any future requirements for the next fiscal year. A Current Service Level Budget is required by each department to be submitted. A Current Service Level Budget requires each department to develop a budget that would retain the current level of services provided without any increase in operating/contractual line items with the exception of any increases necessary to fund Federal, State or Local mandates. Capital Outlay requests are not limited to a dollar amount but are restricted to only those items imperative to maintaining the current level of service. Any requests for new personnel or operating/contractual increases which were not mandated by law were required to be submitted by budget addendum. In February of each fiscal year the Administrative Review Committee meets to review all operating requests. The Administrative Review Committee meets with all department managers to review their requests.

CITY OF ALEXANDRIA BUDGETARY PROCESS

Once both budgets have been balanced, final figures are compiled by the Budget Officer's Office. A proposed budget document is prepared and submitted to the City Council for their review. The City Charter requires the Mayor to submit a proposed budget to the Council by March 17 of each fiscal year.

CITY OF COUNCIL REVIEW

Once both budgets have been balanced, final figures are compiled by the Budget Officer's Office. A proposed budget document is prepared and submitted to the City Council by March 17 each fiscal year.

A public hearing is held by the Alexandria City Council. The public hearing provides an opportunity for public input to be received on the proposed budget. In April of each fiscal year the Finance Committee of the Alexandria City Council meets with the Administration to review the proposed budgets. The budgets are then presented to the full City Council for adoption. The City Charter requires that the budgets be adopted no later than April 27th.

MAYOR BUDGET AMENDMENT

In November of each fiscal year an analysis of revenues received through the first six months of the current fiscal year is compiled to determine if the budget will be adjusted. If sufficient funds are available, a Major Budget Amendment is prepared. The Administrative Budget Review Committee prepares and approves any additional appropriations to the budget. The Major Budget Amendment is then forwarded to the Alexandria City Council their review and approval.

If the analysis of revenues received should reveal that revenues are not being received as anticipated, then budget "cuts" would be made at this time by the Administrative Budget Review Committee. Any reductions made to the budget by the Administrative Budget Review Committee would be forwarded to the Alexandria City Council for their review and approval.

Section VIII; and except for promotions, no classified service wage increases shall be granted to any employees unless funds are appropriated for that purpose, the General Fund being required to use both Prior Year Revenues and transfers from the Utility System Fund to balance revenue with expense, if in the opinion of the mayor such funds are necessary; provided, however, that each member of the fire department who has three years continuous service and otherwise who qualifies for a statutory wage increase as mandated by R.S. 33:1992(B) shall be deemed to have received such longevity pay increase by the wage increase granted by the Salary increase received in this appropriation, because salary increases in the fire department meet or exceed the appropriation for the statutory requirement.

SECTION VII. BE IT FURTHER ORDAINED, etc. the implementation of this budget shall be May 1, 2017, except as otherwise provided herein or in the opinion of the Mayor when implementation of line items hereunder are deemed for such purposes necessary to administer salaries and other fringe benefits, including determining the ability of the City to administer additional salaries and other fringe benefits contained in collective bargaining; and further otherwise that this ordinance shall become effective upon signature by the Mayor, or, if not signed or vetoed by the Mayor, upon expiration of the time for ordinances to become law without a signature by the Mayor, subject to retroactive application as provided by this section and accepted by Generally Accepted Accounting Practices (GAAP).

SECTION VIII. BE IT FURTHERMORE ORDAINED, etc. by the City Council of the City of Alexandria for the purpose of prioritizing general fund expenditures that if any across-the-board pay increases shall be made (by permanent raises or one-time supplement), priority categories shall be to provide for an across-the-board pay raise or one-time supplement (at no greater than 2% for permanent raises and its equivalent, or less, if paid as a one-time supplement) to the designated, qualified, and appropriate employees of the City of Alexandria as outlined in the Budget Message and Supplemental Budget Message who, in the discretion of the Administration, shall be eligible therefor, as follows and after completing the necessary documentation and agreements with Human Resources: (i) the employee is not a division head and is a permanent employee of the classified service; (ii) the employee is a non-division head, unclassified employee within the approved categories and departments set forth by the Director of Human Resources; (iii) the employee is credited with having received any longevity increases provided by other law against any contemplated across-the-board increases contemplated by Section VIII; and (iv) the employee has not received serious discipline since April 30, 2017, defined as and limited to discipline of a suspension of 30 or more days, involuntary demotion, in either case of which is final and non-appealable. Section VIII shall become eligible for implementation if, in the opinion of the Finance Director and certification thereof by the Budget Director, such across-the-board increases are appropriate when compared to the continued employer contributions to employee benefits and considering any collective bargaining and pay and class adjustments or other diminutions which, in the discretion of the Administration, are necessary as a result of such employer

contributions and employment incentives. Unclassified employees shall be eligible for these outlined increases in Section VIII as approved by the Finance Director in consultation with the Mayor and considering previous pay adjustments to those employees, all in the sole discretion of the Administration.

SECTION IX. BE IT FURTHER ORDAINED, etc. that the City hereby prioritizes the capital budget and authorizes the Administration to promulgate such rules as reasonably needed to achieve economies of scale and aid in local economic successes. Categories of priority shall be as follows:

PRIORITY ONE (I)

Priority I (P-I) projects include SPARC, some R.I.V.E.R. Act projects (pertaining to the Community College Initiative) as funded in the fiscal year as primary projects, followed by utilities, drainage and transportation projects of high need and city-wide, multi-district application. These priorities would include projects such as bridges, drainage, utility transmission, and Project ABC needs.

The City's Five-Year Capital Improvements Plan must contain 51% or more in P-I projects for the fiscal year.

There shall be \$500,000 in built-in contingency in P-I to commence the fiscal year. Further best planning practices, in compliance with the American Society of Civil Engineers (ASCE), "Principles for Infrastructure Stimulus Investment," are those projects supported by economic stimulus investment criteria, such as:

- Projects should create and sustain employment increases;
- Investments should provide long term benefits to the public (such as congestion relief or drainage needs);
- Long term maintenance and upkeep needs of all infrastructure projects, existing and new, shall be taken into account; and
- To ensure accountability and transparency, auditing programs should be able to establish measurable stated outcomes.

In order to ensure the above criteria are met, the following principles will guide Priority I selection decisions:

- The project should deliver measurable improvements in public health, safety and quality of life;
- The project should provide substantial, broad-based economic benefit;
- The project should be designed and built in a sustainable and cost-effective manner, and proper consideration must be given to life-cycle costs; and
- The project should have a significant environmental benefit such as area restoration, improved air quality through reduced congestion and better watershed management through eliminating vulnerabilities in a system.

While funds in P-I may be re-allocated as such projects are matched with other funds or become certified to be economically feasible, this Priority should exhaust itself before considering Priority II or III, and the P-I category shall allow the transfer into it from P-II as P-Is are completed or de-prioritized, subject to the minimum 51% rule.

P-IIs, however, should be funded and prioritized simultaneously with P-Is since P-IIs they are readily feasible may be of high value as economic development projects and not otherwise on a P-I track.

PRIORITY TWO (II)

Projects in this category would be prioritized as P-Is but are not because of one or more of the following reasons:

- The project is awaiting a funding match from another entity.
- The project is a high value economic development project, but is not strictly speaking a project meeting P-I requirements.
- The project does not involve public safety, drainage, or high ASCE ratings.
- The project can be independently phased in different priorities.
- The project is a "stand alone" phase completing already-finished other phases, which were of greater import.

PRIORITY THREE (III)

Other projects provided for in the Five-Year Capital Improvements Plan shall be considered prioritized here, and these projects may move into P-I or P-II status generally in order, but not necessarily, depending on funding availability or other feasibility determinations. These projects may be categorized and listed in the Five-Year Capital Improvements Plan, but may not be actively worked by the City Planning Division. P-IIIs shall be reviewed, however, at least twice yearly for priority assessment, along with P-Is and P-IIs, to ensure proper oversight and movement toward completion. City Council members shall be advised of the status of these projects on a more often basis as requested.

PRIORITY Indeterminate (P-ind)

All remaining projects shall be grouped as P-ind and may be in the Five-Year Capital Improvements Plan or capital budget of the City, or may be included on a master needs list maintained by the City Planning Division. These projects are neither scheduled for regular review nor given priority, but are instead a list of requested projects that have been initially vetted or requested by the City Council or public based on preliminary feasibility, efficacy and need.

SECTION X. BE IT FINALLY ORDAINED, etc. that if any provision or item of this ordinance or the application thereof is held invalid, such invalidity shall not affect other provisions, items, or applications of this ordinance which can be given effect without the invalid provisions, items or applications, and to this end the provisions of this ordinance are hereby declared severable.

THIS ORDINANCE was introduced on the 21st day of March, 2017.

NOTICE PUBLISHED ON THE 24th day of March, 2017.

THIS ORDINANCE having been submitted in writing, introduced and published, was then submitted to a final vote as a whole, the vote thereon being as follows:

YEAS: Fowler, Silver, Johnson, Villard.

NAYS: Green, Larvadain, Fuller.

ABSENT: None

AND THE ORDINANCE was declared adopted on this 4th day of April, 2017 and final publication was made in the Alexandria Daily Town Talk on the 7th day of April, 2017.

April 30, 2017

Honorable Mayor and
Members of the Alexandria City Council

The operating budget requests for fiscal year ending April 30, 2018 were compiled and presented to the Alexandria City Council. The following is an executive recap summarizing the most significant factors in the adopted budget including revenue assumptions, major initiatives and expenditure breakdowns. Figures are rounded to the nearest thousand or the nearest tenth of a million where appropriate for ease of understanding.

Changes affecting all funds:

The Board of Trustees of the City of Alexandria's Employees' Retirement System adopted and set the actuarial contribution rate for the City, as recommended by the actuary, at 24.15 % effective May 1, 2017, an increase of 1.05% from the existing rate of 23.10%. The decrease in cost by fund at existing staff levels follows:

General Fund	\$ 90,000
CDBG Fund	3,000
Utility Fund	111,000
Sanitation Fund	15,000
Zoo Fund	7,000
Municipal Transit	<u>13,000</u>
Total	<u>\$ 239,000</u>

The increases in costs from pension contribution are joined by increases in healthcare costs. The increase in cost by fund for existing coverages follows:

General Fund	\$ 455,000
CDBG Fund	4,000
Utility Fund	221,000
Sanitation Fund	30,000
Zoo Fund	14,000
Municipal Transit	<u>25,000</u>
Total	<u>\$ 749,000</u>

Additionally, the City elected to transfer \$2.1 million in additional deficit support from the General Fund and the Utilities System Fund to provide adequate resources to the Employees' Benefit Fund. A raise of 2% was approved for most full time regular employees. The approximate cost of the raise by fund as follows:

General Fund	\$403,000
CDBG Fund	5,000
Transit Fund	12,000
Utility Fund	222,000
Sanitation Fund	23,000
Zoo Fund	<u>15,000</u>
Total	\$ <u>680,000</u>

Operating capital is more constrained in the 2017-2018 Budget; reflecting a decrease of roughly \$2.3 million compared to the prior year. Operating capital totals by fund are as follows:

General Fund	\$2,402,000
CDBG Fund	-0-
Risk Management Fund	-0-
Utility Fund	4,799,000
Sanitation Fund	286,000
Bus Fund	191,000
Zoo Fund	<u>65,000</u>
Total	\$ <u>7,743,000</u>

Revenue Outlook in Major Funds:

Sales tax continues to be the major source of revenue for the General Fund and the only "permanent" source for the General Capital Projects Funds. Combined City and Parish sales taxes account for 65% of total revenues in the General Fund. Sales Taxes have shown increases for 7 of the last 10 years, although 1 of the 2 most recently completed years has been decreasing. Sales Taxes are by nature highly volatile in relation to the economy. Sales taxes for the 2017-2018 Fiscal Year are budgeted near actual levels of Fiscal 2014-2015; or \$.3 million less than the final budgeted revenues of the 2016-2017 Fiscal Year in an effort to hedge the risk of a down year, this being partially out of concern that the State has increased its sales tax rate by 1% and may adversely affect sales.

Further concerns would include the health of the national and even the global economy and the implications of them on the local economy. Whereas the national economy is predicted by many as improving, the State and local economy show signs of deterioration due to the previously mentioned hike in state sales tax and the worst position of the Louisiana oil industry in over 3 decades.

The Utilities System Fund contributes to the operation of other funds, including roughly 5% of its gross revenues to the General Fund and deficit support to the Municipal Transit Fund. Charges for the four services (electric, water, gas, and wastewater) account for virtually all of the revenue of the system. Of the four services, electric charges alone account for 73% of the total.

The City has had moderate growth in recent years in these services, and has at times been able to sell some of its excess generated electricity on the wholesale market as the demand peaked. With the City's acquisition of Unit #1 of the Bayou Cove Plant and installation of the 7 RICE generators at the power plant, the availability and competitive pricing of generated electricity are greatly enhanced. This condition is further improved by the City now falling under the authority of the Midcontinent Independent System Operator, Inc. (MISO), which facilitates the purchasing and selling of wholesale electricity in the City's region. It is believed that MISO will greatly aid the City both in buying and selling power as needed at a competitive price. Vigilant monitoring of the market activity on the City's behalf is greatly warranted.

Fund Balance/Retained Earnings:

The City has significant revenues in most of its operating funds that have allowed the City to operate without having to borrow short-term funds. The 2017-2018 Budget was prepared to utilize some of those prior year revenues as follows:

The **General Fund** is budgeted to use \$5.0 million in fund balance in Fiscal 2017-2018.

The **Utilities System Fund** is budgeted to use \$10.0 million in retained earnings in Fiscal 2017-2018.

General Fund:

The General Fund budget reflects decrease of \$.8 million; or 1.28%, compared to the adopted budget of the previous year. As stated earlier, combined sales taxes account for 64% of all General Fund revenues. The summary below details major changes compared to 2016-2017 adopted budget:

Revenues

Taxes were adopted decrease of \$.4 million; or 1.11%, compared with the prior year budget. This consists of decreases in Ad Valorem taxes of \$276,000 and City Sales Taxes of \$100,000.

Internal Services/Interfunds decreased \$.5 million; or 4.54%, due mostly to the sum of net decreases in Cost Allocation transfers from other funds.

Fines and Forfeitures decreased \$.1 million, or 13.21%, as adjustments were made to better reflect recent history.

Other Revenues decreased \$.1 million; or 1.67%, from the previous year's adopted budget. Here the increase of roughly \$231,000 in the **Use of Prior Years Revenues** is partially offset by a decrease in Rent of \$144,000. It has been the Alexandria City Council's policy to allow the use of prior years revenues, Fund Balance, to purchase non-recurring capital outlay items such as; vehicles, machinery and equipment, office furniture and fixtures, etc. Due to increasing adverse financial conditions, the City has in recent years budgetarily funded recurring expenditures with the use of fund balance.

In an effort to curtail that practice, the 2010-2011 Adopted Budget used no fund balance, while the 2011-2012 was adopted with a use of Fund Balance of \$.9 million. The Administration and Council felt that in order to continue necessary City services, additional use of fund balance was needed, leading to the \$3.6 million use in the 2012-2013 Adopted Budget. This trend continued with the 2013-2014 Adopted Budget with a Use of Fund Balance of over \$4.7 million; the 2014-2015 Adopted Budget had a Use of Fund Balance of \$4.8 million, the 2015-2016 Adopted Budget has a Use of Fund Balance of \$5.3 million; and the 2016-2017 Adopted Budget had a Use of Fund Balance of \$4.8 million.

Expenditures

Salaries and Fringe Benefits overall increased \$.6 million, or 1.43%, due primarily to the increases in health care costs, pension, and the previously mentioned across the board raises.

Capital Outlay decreased \$.9 million; or 27.48%, compared to the prior year.

Legislative Division

The Legislative Division increased \$45,000; or 9.45%, due to the raises and increases in pension and health care.

Executive Division

The Executive Division decreased \$76,000; or 7.21%, as decreases in operating line items such as Office and Travel more than offset increases in salaries and fringes.

Judicial Division

An increase of \$62,000; or 6.04%, was approved for the Judicial Division, due to the previously mentioned raises and increase in pension and healthcare.

Finance Division

A decrease of \$171,000, or 1.59%, was approved for the Finance Division. Transfers to other funds such as Employee Benefits decreased by a net of \$255,000, more than offsetting increases in operating capital of \$55,000. Previously mentioned increases due to the raise and fringe benefits account for the remainder.

Public Works Division

An increase of \$693,000; or 5.49% was approved for Public Works. Capital Outlay is down \$811,000 from the prior year. Raises and increases in fringes partially offset the decrease and account for the remainder.

Planning Division

An increase of \$52,000; or 3.97%, was approved for Planning Division. Here, net decreases in Operating/Contractual line items such as Contract Labor and Professional Fees are more than offset by net increases from the raise and fringe costs.

Public Safety Division

A decrease of \$120,000; or .41%, was approved for the Public Safety Division. Here decreases in Capital Outlay of \$309,000 and Operating/Contractual of \$15,000 more than offset the raise and increases in fringe cost.

Human Resources Division

A decrease of \$87,000; or 8.54%, was approved for this division. The elimination of 2 Assistant Director positions along with reductions in Services-Drug Testing of \$16,000 more than offset the raise and increases in fringe cost.

Legal Division

A decrease \$86,000; or 4.16%, was approved for the Legal Division, mostly due to an decrease of \$100,000 in Professional Fees to better reflect recent actual expenditures. This decrease is partially offset by other changes such as the raises and fringe increases.

Community Services

An increase of \$260,000; or 7.68%, was approved for this division. Increases in this division include the addition of 4 Recreational Specialists in the Recreational Enhancement Department for \$65,000, while increases in various programming total \$76,000 and increases in Operating/Contractual add another \$13,000. The raises and health care costs accounting for most of the remainder.

Special Revenue Funds:

The Pre Trial Intervention Fund (PTI) remains unchanged compared to the prior year.

Internal Service Funds:

The Risk Management Fund's overall budget increased \$271,000; or 6.30%, from the prior year. The sole change in revenue is an increase in Transfers from the other funds totaling \$271,000. On the expense side, the only major change is an increase in Claims of \$218,000. Net increases in Premiums and Administrative Fees account for the remainder.

The Employee Benefits Fund increased \$475,000; or 3.73% compared to the prior year. On the revenue side, Charges for Services were adjusted up \$2.9 million; while Transfers from Other Funds were adjusted down \$464,000. The anticipated increases in claims are the major change on the expense side accounting for \$442,000, while net increases in Administrative Expenses and Life Insurance Premiums account for the remainder.

General Capital Projects

The following is a breakdown of the General Capital Projects by Category:

Category	No. of Projects	Total
Public Enterprise	13	2,227,574
Drainage	4	1,349,382
Streets	9	3,485,000
Police	1	30,000
Fire	1	695,000
Parks/Recreation	2	650,000
Zoological Parks	4	850,000
CDBG	<u>0</u>	<u>-0-</u>
Total	<u>34</u>	<u>9,286,956</u>

The General Capital Projects are funded by Sales Tax Revenues, Sales Tax Revenue Bond proceeds, Property Tax Revenues, Community Development Block Grant Funds, State and Federal Funds and Other Revenues. A five year 11.25 millage property tax dedicated to specific street and drainage projects has been approved by the voters in 1988, , 1998, and 2003. This property tax renewed in 2008 for ten years. One-half of the 1976 City Sales and Use Tax is dedicated to payment of principal and interest on the sales tax bonds and capital improvements.

Projects involving economic development, construction of new facilities, renovation of existing public facilities and feasibility or master plan studies are budgeted under the Public Enterprise category. The City currently has budgeted 25 projects in this category. The 2017/2018 Budget will create 2 new projects and adjust funding for 14 others.

The Street, Drainage, and Sidewalk Repair Project received substantial funding for 2017/2018, and will make improvements throughout the City. Work also continues on the Hudson Road Bridge Replacement, Masonic Corridor Phase 2, North 16th Street Bridge Replacement, and the Tiger Building Replacement at the Zoo.

The Ditch Closure Project involves the replacement of open ditches with below grade drainage pipe, giving a safer and more attractive border to the street while increasing the drainage capacity to prevent flooding. Other major projects under construction include AUMP Third Street, adding attractive streetscapes to this busy corridor, along with the Waterproofing and Roofing of the Riverfront Center. Fire Station Relocation continues in which the City will relocate 2 of its 6 fire stations to more strategic locations, while remodeling 2 of the remaining stations.

The Reserve for Relocation Project, operates as “holding” account for the other projects. Expenditures from these accounts require Council action. The Reserve for Relocation Projects is used to “hold” Utility Funds transferred to the General Capital Projects fund for use with street or drainage projects. The reconstruction of streets or drainage systems often requires the movement or relocation of utility systems. A minimum appropriation of \$100,000 per year is typically made by the Utility Funds to the General Capital Projects Fund. Budget Amendments will be used to transfer the Utility Fund into special account numbers within a related project. If Utility Funds remain in a completed project, these funds are transferred back to the Reserve for Relocation Projects “holding” account.

Enterprise Capital Projects

The following is a breakdown of the Enterprise Capital Projects by Category:

Category	No. of Projects	Total
Electric	11	4,340,000
Water	5	2,625,000
Gas	2	600,000
Wastewater	3	945,000
Other	2	275,000
Municipal Transit	<u>1</u>	<u>1,000,000</u>
Total	<u>24</u>	<u>\$9,785,000</u>

The Enterprise Capital Projects are funded by revenues generated by the City’s Utilities System, Utility Revenue Bonds, revolving loans from the State Department of Health and Hospitals, and matching FTA grants.

At present, the City is engaging consultants to assess the needs of its Utilities System infrastructure. This will assure the ability of the 4 components; electricity, gas, water and wastewater, to provide reliable service to the customer at the existing level of service as well as provide for any anticipated growth in all areas. This assessment will materially impact future capital budgets in the Enterprise Capital Projects. To this end, the City has begun replacing electrical transmission transformers at the Willow Glen and Twin Bridges Substations, the Painting and Repair of the Rosalino Water Tank, and the replacement of aging Water and Wastewater mains.

Utilities System Fund:

The **Utilities System Fund’s** 2017-2018 adopted budget decreased by \$729,000, or .62% compared to the prior year, a virtual standstill overall. However, some individual changes were significant, and they are explored below.

Revenues

The major change here is the reduction of nearly \$3 million in electric revenue as adjustments were made to better reflect recent history relating to rate changes and wholesale energy sales.

This is partially offset by increases in Wastewater Services of \$345,000 due to rate changes. The last significant change is an increase in Use of Retained Earnings of \$2.0 million. Other minor adjustments account for the remainder of the change.

Expenses

Capital Outlay is down \$1.4 million; Professional Fees are down \$252,000; Fuel Purchases for Bayou Cove are down \$200,000; Bad Debt is down \$150,000; Maintenance accounts are down a combined \$190,000; Vehicle Fuel is down \$51,000 and Leases are down \$65,000 from the prior year. This is partially offset by increases in salaries and fringes of \$451,000; Transfers to other funds of \$1.1 million. Other relatively small adjustments in the Operating and Contractual category complete the changes.

Sanitation Fund:

Sanitation's budget \$42,000; or .83% compared to the prior year.

In revenues, the change is fully reflected in increases in Fees for Services.

In expenses, salaries and fringes are up \$121,000 reflecting the raise, pension, and health care costs; while Transfers to Other Funds are up \$47,000. Operating capital is down \$71,000; while Vehicle Fuel & Maintenance are down \$52,000. Other relatively small adjustments in the Operating and Contractual category complete the changes.

Zoological Park Fund

The Zoo's budget increased .8%, or \$21,000.

In revenues, Taxes increased 54,000, while gate receipts were decreased \$32,000.

In expenses, Salaries and Fringes are up \$31,000 due to the raise, pension, and health care costs; while Transfer to General Fund is up \$49,000; These increases are partially offset by decreases in Capital Outlay of \$32,000; Operating of \$15,000; Veterinarian Fees of \$5,000 and Utilities of \$5,000. Other relatively minor adjustments in the Operating and Contractual category complete the changes.

Golf Course Fund:

The Golf Course's budget increased \$6,000; or .73%, compared to the previous year.

In revenues, Transfers from General Fund were increased by \$20,000; while Charges for Green Fees were decreased by \$14,000.

In expenses, Cost Allocation to General Fund was decreased by 4,000; while Capital Outlay increased by \$10,000.

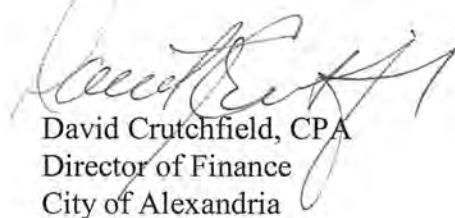

Municipal Transit Fund:

Municipal Transit Fund's budget increased \$282,000, or 8%, over the previous year.

In revenues, Transfers from the Utilities System Fund increased by \$164,000 while Intergovernmental Grant Revenue increased \$118,000.

In expenses, Salaries & Fringes are up \$133,000 due to the raises, pension, and health care; Capital Outlay is up \$154,000; and Transfers to Other Funds are up \$45,000. These increases are partially offset by a decrease in Diesel Fuel of \$50,000.

DEPARTMENT:	Urban Forestry	ORGANIZATION:	042400

GOAL MISSION STATEMENT

The primary goals of this department are: To develop and implement the Urban Forest Management Program for the City; Provide oversight on all capital projects regarding all horticultural and landscape architectural matters; and Review commercial projects to ensure compliance with applicable city ordinances; manage park, green space, and community center landscape maintenance contracts.

Fifty percent of these requests involve trees located on private property that have low limbs that create various safety problems. In most cases, property owners are notified of the problem and required corrective actions. In case of immediate public safety or if property owners refuse to take corrective actions, the City may have the work done on their behalf. Trees located in the rights of way or other City property are inspected and either trimmed or removed depending upon the nature of the problem. All tree work is done by private contractors. The department also assists residents by providing hazard tree assessments. Provides support services to Electric Distribution's Utility Line Vegetation Management Program in determining if their contractor is following appropriate national standards and Provides assistance explaining pruning methods to residents. Conducts annual Arbor Day Program(s) with local elementary schools. Applies for and manages annual Urban and Community Forestry Grant Projects from the LDAF. Prepares annual Tree City USA Certification applications. Develops and disseminates pertinent educational material.

The Department participates in all capital and in-house projects that have a landscape or arboriculture component as part of their scope. Coordinates capital project landscape design performed by consultants. Provides design plans, specifications, and construction administration services for smaller landscape projects that do not require a consultant. Interacts with numerous consultant and City divisions and departments regarding horticultural and arboricultural matters that arise during the design, construction, and maintenance of City infrastructure.

The Department reviews all commercial building permit application for compliance with the Landscape and Tree Ordinance requirements.

The Department prepares specifications and bid documents and manages maintenance contracts for various city parks, green-spaces, and community centers. Provides horticultural consultation for sites maintained by other City departments.
