

City of Alexandria Annual Budget 2007-2008

The Government Finance Officers Association of the United States and Canada (GFOA) presented an Award of Distinguished Presentation to the City of Alexandria for its annual Budget for the fiscal year beginning May 1, 2006.

In order to receive this award, a government unit must publish a budget document that meets the program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to the GFOA to determine its eligibility for another award.

# VIII. MISCELLANEOUS STATISTICS

March 15, 2007

Mr. Everett Hobbs, President and Members of the Alexandria City Council City of Alexandria Post Office Box 71 Alexandria, Louisiana 71309-0071

Dear Mr. Hobbs and Members of the City Council:

In accordance with Section 5-03 of the Home Rule Charter, Local Act 504 of the State of Louisiana and the policy provisions set forth by the Alexandria City Council, the budget for fiscal year 2007 - 2008 is hereby submitted.

This budget was prepared using conservative expenditure and revenue projections. The Administration and the Council have worked closely to improve the long range planning for the future of Alexandria by focusing on the community's needs and goals. We have worked diligently to establish priorities that will meet the changing needs of our community. These budget documents have been designed to aid in the planning process. The information contained within these documents will provide the citizens with a better understanding of the scope and need for new projects and continued services.

Recent events show great promise for the City. The location of Startek, Union Tank Car, and other new businesses have great potential for economic growth. This budget represents the Administration's continued efforts toward community quality in Alexandria.

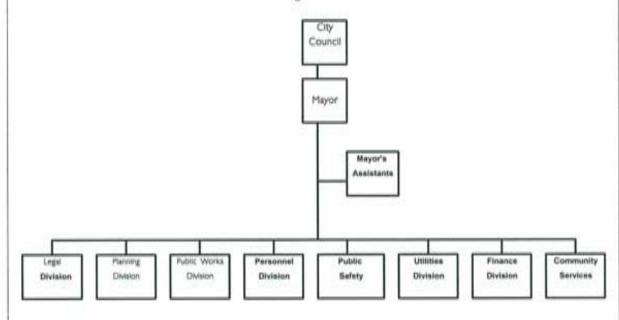

Sincerely,

Jacques M. Roy

Mayor, City of Alexandria

# **CITY OF ALEXANDRIA**

Organizational Chart

# CITY OF ALEXANDRIA STRUCTURE AND BUDGETARY ORGANIZATION

## ORGANIZATION

The City of Alexandria was founded in 1785 and incorporated in 1819. In 1977, the current City Charter was adopted, which established a Mayor-Council form of government consisting of a full time Mayor and seven Councilmen, five of which are elected from districts and two of which are elected at-large.

The City provides a full range of municipal services, including police, fire protection, street and drainage systems, refuse collection, parks and recreation, planning and zoning, public transportation, community development programs, and electric, gas, water, and sewerage services.

An organization chart showing all City entities is provided on the preceding page.

## BUDGETARY STRUCTURE

The financial transactions of the City are budgeted and recorded in individual funds categorized as follows: Governmental Fund Type, Proprietary Fund and Fiduciary Fund Type. The funds listed under each category are as follows:

GOVERNMENTAL FUND TYPES: Governmental funds are used to account for all or most of the City's general activities and are budgeted bases on the modified accrual basis of accounting.

#### 1.) GENERAL FUND

The General Fund is the general operating fund of the City and is used to account for operations traditionally associated with a city which are not required to be accounted for in another fund. This fund is used to account for the activities of elected officials, general administration, finance, public works, planning, and public safety.

# 2.) SPECIAL REVENUE FUNDS

Special revenue Funds are used to account for the proceeds of specific revenue sources which by law are designated to finance particular functions or activities of government.

Special Revenue funds contained in the budget are:

a) Sales Tax Fund

- d) Community Development Block Grant Fund
- b) Hotel/Motel Tax Fund
- e) Home Investment Partnership Fund
- c) Capital Property Tax Fund
- f) Youth Recreation Fund

## 3.) DEBT SERVICE FUNDS

Debt Service Funds account for the accumulation of resources for, and the payment of, general governmental long-term debt principal and interest. These funds are funded principally from property taxes and sales tax revenue bonds.

## 4.) CAPITAL PROJECTS FUNDS

The Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities/infrastructure. The annual Capital Improvements Program is published in a separate documents and more fully details the funds' activities.

<u>PROPRIETARY FUND TYPES</u>: Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary and useful for sound financial administration.

The City budgets proprietary type funds using the accrual basis of accounting except in its treatment of capital expenditures and debt service.

## 1.) ENTERPRISE FUNDS

Enterprise Funds are used to account for account for operations that are financed and operated in a manner similar to private business enterprise, in that costs of providing goods or services to the general public are financed through user charges. Enterprise Funds contained in this budget are:

- a) Electric, Gas, Water and Sewer System
- b) Municipal Transit System (Atrans)
- c) Sanitation System

## 2. INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the cost of goods or services provided by one department to the other departments and generally accounted as an Enterprise Fund. The Internal Service Funds in this budget are:

- a) Risk Management Fund
- b) Employee Benefits Fund
- c) Unemployment Benefit Fund

FIDUCIARY FUND TYPES: Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the City. The Annual Report includes the City's three pension funds: City, Police, and Fire; however, for budgetary purposes, these funds are controlled by the individual retirement boards and are not considered a part of the City's budget process.

# CITY OF ALEXANDRIA LEGAL REQUIREMENTS

#### BUDGET SUBMISSION

The City Charter requires the Mayor to submit a proposed budget to the Council at least forty-five (45) days prior to the beginning of each fiscal year. After submission of the budget, the council holds a public hearing, at which time all interested persons are given an opportunity to be heard. The budget is finally adopted no later than the twenty-seventh (27) day of the last month of the fiscal year (Sec. 5-02).

The City's fiscal year is May 1 - April 30.

## BUDGET ADMINISTRATION

Responsibility for administering the annual budget is the Mayor's.

No payment shall be made or obligation incurred against any allotments or appropriations except in accordance with appropriations duly made and unless the Mayor or his designee first certifies that there is a sufficient unencumbered balance and that the funds will be available to cover the claim or meet the obligation when it becomes due and payable. (Sec. 5-04)

## BUDGET AMENDMENTS

Budget Amendments are changes to the original budget ordinance that affect different programs or functions or division, department, office or agency (cost centers).

During the year, the Mayor may certify to the Council that additional revenues are available and present a budget amendment to appropriate these revenues. If at any time during the year it appears that the revenues available will be insufficient to meet the amount appropriated, he shall report to the Council without delay, indicated the amount of the deficit, any remedial action taken by him and his recommendations as to other steps to be taken. (Sec. 5-05)

To meet a public emergency affecting life, health, property or the public peace, the Council may adopt an emergency ordinance at the meeting in which it is introduced. (Sec. 5-05)

At any time during the fiscal year, the Mayor may transfer part or all of any unencumbered appropriations balance only within the same program or function of a division, department, office or agency. (Sec. 5-05)

## LAPSE OF APPROPRIATIONS

Every appropriation, except an appropriation for the capital expenditure, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered. An appropriation for a capital expenditure shall continue in force until the purpose for which it was made has been accomplished or abandoned; the purpose of any such appropriation shall be deemed abandoned if three (3) years pass without any disbursement from or encumbrance of the appropriations.

(Sec. 5-06)

# CITY OF ALEXANDRIA METHODS OF FINANCING INFRASTRUCTURE

Infrastructure refers to public facilities such as roads, bridges, sidewalks, public buildings, mass transit facilities, sewer systems, etc. The following will describe some of the methods which may be or has been utilized by the City of Alexandria to finance the maintenance and expansion of the City's infrastructure.

## GENERAL OBLIGATION BONDS

General Obligation (GO) Bonds are backed by the full faith and credit of the City of Alexandria and require voter approval before they can be issued. GO Bonds are secured by a tax levy. The City of Alexandria's debt limit on GO Bonds has been established by state law. LRS 39:562 states GO Bonds may be issued for up to ten percent (10%) of the assessed valuation for any single authorized purpose or thirty-five (35%) of the assessed valuation for all purposed.

#### REVENUE BONDS

Revenue bonds are serviced from the revenues of a particular enterprise or revenue source. The City of Alexandria primarily issued two types of revenue bonds:

#### Sales Tax Bonds

Sales Tax Bonds are secured by the revenues received from sales taxes levied by the City of Alexandria. The City is allowed to issue Sales Tax Bonds as long as the annual debt service does not exceed 75% of the estimated sales tax collections for the current year. The City has substantial bonding capacity which varies from time to time depending upon levels of sales tax collections.

## **Utility Revenue Bonds**

Utility Revenue Bonds are secured by the revenues received from the City of Alexandria's Utility Systems. There are no statutory limitations on the amount of bonds that can be issued. Additional Revenue Bonds may be issued after holding or election.

## Certificate of Indebtedness (COI)

Certificate of Indebtedness are loans made to the City of Alexandria by financial institution. COIs are secured by excess revenues. The city can issue COIs as long as they are secured by excess revenues of the City above the statutory, necessary and usual charges in each year. The maximum annual debt service on these certificates in any future year may not exceed the budgeted excess revenues for the current year. The City's borrowing capacity varies from time to time depending upon budgeted revenues.

# CITY OF ALEXANDRIA STATEMENT OF BUDGETARY POLICIES

Currently the City of Alexandria does not have a formal set of goals and objectives, nor does it have a longrange strategic plan. During he past two years, however, the City Council and the Administration have developed several significant budget policies.

## FUND BALANCE:

During the budget process for the 1990-1991 Annual Budget, the City Council includes a policy with the adopted budget that set the Fund Balance for the General Fund at 7% of total revenues with a goal of increasing it to 10% over a three year period. This policy was developed to maintain an adequate operating cash flow and to provide funding for emergencies.

The fund balance goal of 10% was reached and has been maintained since fiscal year 1993-1994.

## REVENUES:

The City Council has set the policy of limiting operating transfers from the Utility Fund to the General Fund to five percent of the gross revenues earned by the utility system.

The City's cash flow is normally lowest during the first four months of the fiscal year due to seasonal revenue and expenditure adjustments. In order to address possible cash flow crunches, the Administration has established a policy that limits filing personnel vacancies and purchasing operating capital outlay to an emergency or critical needs basis only.

## EXPENDITURES:

The City Council has also established a ceiling of \$300,000 in the General Capital Projects Fund for the purchase of Vehicles and Equipment. However, certain occasional purchases that are very expensive, e.g. a Fire Truck, are excluded from this policy. This policy was created to enable more funds for city infrastructure needs.

#### RISK MANAGEMENT:

During fiscal year 1989-1990, the City Council created a Risk Management Fund and an Employee Benefits Fund. The purpose of this policy was to better track claims, build up reserves and self-insure a larger part of its insurance program.

# CITY OF ALEXANDRIA BUDGETARY PROCESS

The City of Alexandria prepares two separate budget documents: The Annual Operating Budget and the Annual Capital Budget and Five Year plan. In September of each fiscal year the Budget Officer's Office begins compilation of data necessary for the preparation of the Budget Preparation Manuals for both the Annual Capital and Annual Operating Budgets. Each manual contains the criteria to be used in preparing the budget request forms contained in the manuals. The manuals are sent to Division Directors and Department Managers in October. Annual Capital Improvements Budget requests are due the end of November. Annual Budget requests are due mid-December.

While the Division Directors and Department Managers are compiling their expenditure/expense needs, the Mayor and his staff begin preparing the revenue estimates for the upcoming fiscal year.

# CAPITAL IMPROVEMENTS PROGRAM BUDGET (CIP)

The Capital Improvements Budget contains a five year plan. The City's goal is to maintain a Capital Improvements Program that will provide for the improvements necessary to meet the needs of the community within the constraints of available resources. Each Division Director and Department Manager is required to review all existing projects contained within the Five Year Plan. Department Managers are required to reassess the cost estimates of projects budgeted in the Five Year Plan. The Division Directors and Department Managers are required to add, delete or revise projects based upon current cost estimates, community and departmental needs. Packages are submitted to the Budget Officer for review. Any request which does not meet the criteria stated in the manual is sent back to the Division Director and Department Manager.

In January of each fiscal year the Administrative Review Committee meets to review all CIP requests. All CIP requests are prioritized based upon a "critical needs assessment" made by the Administrative Review Committee. Projects which maximize local dollars with federal and/or state funds in order to leverage available local funds are given close consideration. The Mayor and his staff diligently work to balance all five years of anticipated revenues with expenditures. Based upon the history of the CIP program, a CIP policy requires a \$500,000 fund balance at the beginning of each fiscal year for the General Capital Projects Funds and the Utility Capital Project Fund. The fund balance requirement is necessary in order to provide funding for any change orders, plan changes, shortfalls, or emergency needs which may occur during the fiscal year.

## ANNUAL OPERATING BUDGET

All Division Directors and Department Managers are asked to carefully review their current operating budgets and to anticipate any future requirements for the next fiscal year. A Current Service Level Budget is required by each department to be submitted. A Current Service Level Budget requires each department to develop a budget that would retain the current level of services provided without any increase in operating/contractual line items with the exception of any increases necessary to fund Federal, State or Local mandates. Capital Outlay requests are not limited to a dollar amount but are restricted to only those items imperative to maintaining the current level of service. Any requests for new personnel or operating/contractual increases which were not mandated by law were required to be submitted by budget addendum. In February of each fiscal year the Administrative Review Committee meets to review all operating requests. The Administrative Review Committee meets to review their requests.

# CITY OF ALEXANDRIA BUDGETARY PROCESS

Once both budgets have been balanced, final figures are compiled by the Budget Officer's Office. A proposed budget document is prepared and submitted to the City Council for their review. The City Charter requires the Mayor to submit a proposed budget to the Council by March 17 of each fiscal year.

## CITY OF COUNCIL REVIEW

Once both budgets have been balanced, final figures are compiled by the Budget Officer's Office. A proposed budget document is prepared and submitted to the City Council by March 17 each fiscal year.

A public hearing is held by the Alexandria City Council. The public hearing provides an opportunity for public input to be received on the proposed budget. In April of each fiscal year the Finance Committee of the Alexandria City Council meets with the Administration to review the proposed budgets. The budgets are then presented to the full City Council for adoption. The City Charter requires that the budgets be adopted no later than April 27th.

## MAYOR BUDGET AMENDMENT

In November of each fiscal year an analysis of revenues received through the first six months of the current fiscal year is compiled to determine if the budget will be adjusted. If sufficient funds are available, a Major Budget Amendment is prepared. The Administrative Budget Review Committee prepares and approves any additional appropriations to the budget. The Major Budget Amendment is then forwarded to the Alexandria City Council their review and approval.

If the analysis of revenues received should reveal that revenues are not being received as anticipated, then budget "cuts" would be made at this time by the Administrative Budget Review Committee. Any reductions made to the budget by the Administrative Budget Review Committee would be forwarded to the Alexandria City Council for their review and approval.

# CITY OF ALEXANDRIA Budget Preparation Manual Operating Budget

April 24, 2007	Budget is adopted by City Council.

## CITY OF ALEXANDRIA GLOSSARY OF BUDGET TERMS

**APPROPRIATIONS** - Authorization granted by the City Council to make expenditures to incur obligations for specific purposes.

ASSESSED VALUATION - A value that is established for real or personal property for use as a basis for levying property taxes.

ASSESSMENTS - An amount levied on personal property on a cost sharing basis for improvements made by the benefit of a small group of property owners (e.g. Special assessments for the reconstruction of a sewer line in a lightly populated area).

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

**BUDGET CARRYOVER** - The total of the current budget, April 30, minus prior year(s) expenditures.

**BUDGET MESSAGE** - The opening section of the budget which provides the City Council and the public with a general summary of the most important aspects of the budget, changes form the current and previous fiscal of years, and the views and recommendations of the Mayor.

CAPITAL IMPROVEMENTS PROGRAM (CIP) - A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs.

CAPITAL OUTLAY - Capital expenditures paid for out of operating funds. Generally consists of machinery, furniture and fixtures, etc. that cost \$500 or more and last more than three years. (Items with a cost of less than \$200, which are purchased in a substantial quantity and are outside the normal operating cost are budgeted as capital outlay).

**DEBT SERVICE** - Cash outlays in the form of debt principal payments, periodic interest payments and related service charges for debt incurred in prior periods.

**DEMAND INDICATORS** - Statistical measures of what is accomplished or performed by a budgetary unit. For example, total meters disconnected is a workload indicator.

DEPARTMENT - The smallest organizational unit in the budget.

DIVISION - The highest organizational level in the City in which a specific activity is carried out. A division may consist of several departments.

ENCUMBRANCE - The commitment of appropriated funds to purchase an item or service and to set aside those funds for the future expenditure.

FISCAL YEAR - A twelve-month period of time for which the annual operating budget applies. At the end of this period the government determine its financial position and the results of its operations. The fiscal year for the City of Alexandria is May 1 to April 30.

## CITY OF ALEXANDRIA GLOSSARY OF BUDGET TERMS

FIVE YEAR CAPITAL PLAN - A plan of financial operation, to fund capital infrastructure needs over a period accordance with special regulations, restrictions or limitations (e.g. General Fund, Utility Fund, etc.).

FUND - A self-balancing accounting entity segregated to carry on specific activates or attain certain objects in accordance with general regulations, restrictions or limitations. (i.e. General Fund)

FUND BALANCE - Resources remaining from prior years which are available to be budgeted in the current year.

FUND SOURCE - The source of Revenue used to pay for a particular project.

INTERFUND TRANSFERS - Amounts transferred from one fund to another. Transfers are not expenditures and must be appropriated and expenditures in the fund receiving the transfer.

OBJECT CODE - An expenditure classification according to the type of items purchased or services obtained (e.g. Office Expense, Machinery and Equipment, etc.)

ORDINANCE - A formal legislative enactment by the governing body of a municipality.

**PERFORMANCE INDICATORS** - Statistical measures of the service level provided to the citizenry and/or other city departments. For example, the response time to an emergency call would be a performance indicator for the Fire Department.

**PERSONAL ROSTER** - A list which contains the titles and numbers of positions authorized to be filled by a particular organizational unit.

**PROJECT CATEGORY** - The functional improvement category under which a project is assigned, (e.g., Public Enterprise, Economic Development, Street, etc.)

RETAINED EARNINGS - The cumulative earnings since the establishment of the system that have been invested in property, plant and equipment or current assets.

URBAN SYSTEMS - Federal funded street projects that match local funds for the reconstruction of major streets.

#### ORDINANCE NO. 122-2007

AN ORDINANCE ADOPTING THE OPERATING BUDGET FOR THE CITY OF ALEXANDRIA FOR FISCAL YEAR 2007/2008; TO MAKE APPROPRIATIONS FOR THE ORDINARY EXPENSES OF ALL CITY DIVISIONS. DEPARTMENTS, OFFICES AND AGENCIES, PENSIONS AND OTHERWISE PROVIDING WITH RESPECT TO THE EXPENDITURES OF APPROPRIATIONS; ADOPTING THE CAPITAL BUDGET FOR THE CITY OF ALEXANDRIA FOR FISCAL YEAR 2007/2008; APPROPRIATING FUNDS FOR THE CAPITAL BUDGET FOR THE CITY OF ALEXANDRIA FOR FISCAL YEAR 2007/2008 AND PROVIDING FOR CAPITAL EXPENDITURES: AMENDING THE CODE OF ORDINANCES SECTION 26-93.5 RELATIVE TO RESIDENTIAL REFUSE FEES AND OTHER MATTERS WITH RESPECT TO APPROPRIATIONS AND THE EXPENDITURE OF FUNDS PERTAINING THERETO.

SECTION I. BE IT ORDAINED BY THE Council of the City of Alexandria, Louisiana, in legal session convened, that the Council adopts and fully appropriates the 2007/2008 Operating and Capital Budgets for the City as evidenced by the Mayor's Proposed Budget, as amended and recommended by the Finance Committee of the Alexandria City Council, to make appropriations for the ordinary and capital expenses of all city divisions, departments, offices and agencies, pensions and otherwise as is detailed in the respective budgets, a copy of which is referred to and attached hereto for greater accuracy and clarity.

SECTION II: BE IT FURTHER ORDAINED, etc., that the 2007/2008 budget authorized number of employees for each division, department, office and agency of the City of Alexandria is hereby indicated, in detail, in this ordinance and there shall be no creation or deletion of the budgeted personnel roster slots without formal Council action amending this budget, provided that the number of authorized positions approved for each division, department, office and agency may be changed by the Mayor by transfer or in conjunction with an administrative reorganization under Section 4-11 of the Home Rule Charter of the City of Alexandria.

SECTION III: BE IT FURTHER ORDAINED, etc., that the budget ordinance shall be mandatory for each and every division, department, office and agency of the City and there shall be no transfers of funds or expenditures by or within any division, department, office or agency, except by the Mayor under Section 5-05 (d) of the Home Rule Charter of the City of Alexandria or otherwise by transfers which net no additional expenditure; and the transfer of funds as a result of salary attrition is expressly forbidden. Any appropriation in this ordinance from City revenues shall be payable only out of the sources specified. Unless expressly provided in this ordinance, funds cannot be transferred without the express consent of the City Council through an Ordinance.

SECTION IV: BE IT FURTHER ORDAINED, etc., that for the fiscal year 2007/2008 the rate for electricity and natural gas sold by the City of Alexandria Utility System to the City of Alexandria shall be equal to the fuel cost only.

SECTION V: BE IT FURTHER ORDAINED, etc., that for the fiscal year 2007/2008 pensions and other fringe benefits are funded as detailed in the budget for each respective division, department, office and agency.

SECTION VI: BE IT FURTHER ORDAINED, etc., that salaries of all positions shall continue under the salary plan of the Alexandria Civil Service Commission previously approved by the City Council and further salaries and fringe benefits of all positions shall be as designated in the 2007-2008 Annual Budget, as amended, except that no across the board per cent salary increase for a position in the classified service pay plan shall be awarded, without the Mayor's authorization, to any position held under a probationary rule or for any special assigned position; provided, however that Police Department and Fire Department personnel in the past or future covered by collective bargaining agreements with the City, the Chief of Police and all Assistant Chiefs of Police and the First Assistants and the Chief of Fire Department shall be paid in accordance with the schedules set out in the respective department appropriation and, except for promotions, no wage increases shall be granted to any employees unless funds are appropriated for that purpose, the General Fund being required to use both Prior Year Revenues and transfers from the Utility Fund System to balance revenue with expense; subject however, that each member of the fire department who has three years continuous service and otherwise who qualifies for a statutory wage increase as mandated by R.S. 33:1992(B) shall be deemed to have received such longevity pay increase by the wage increase granted by the Salary increase received in this appropriation, because salary increases in the fire department meet or exceed the appropriation for the statutory requirement.

SECTION VII: BE IT FURTHER ORDAINED, etc., that the implementation of this budget shall be on May 1, 2007, except as otherwise provided herein or in the opinion of the Mayor necessary to administer salaries and other fringe benefits.

SECTION IX: BE IT FURTHER ORDAINED, etc., that Section 26.93.5 of the Code of Ordinances is hereby amended and reenacted to read as follows:

# Sec. 26-93.5. Residential refuse fee.

- (a) The city will assess every residential unit a fee for refuse services. The fee shall be assessed and collected on a monthly basis at the rate of twenty dollars (\$20.00) for each residential unit.
- (b) The city will assess a fee of ten dollars (\$10.00) per month for the residential units meeting the following requirements:
- (1) The residential producer must present proof of being over sixty-five (65) years of age or handicapped.
- (2) The residential producer must sign a statement of need for reduction.

(c) The city will assess every residential unit a fee for disposal and recycling services. Said fee will be calculated, assessed and collected on a monthly basis. The fee shall be determined by dividing the total of the second previous months' charges for landfill, disposal and recycling services provided to the city by the aggregate number of residential and commercial customer units utilizing city pickup services. The resulting quotient shall be collected in the same manner as the residential pickup fee.

SECTION X: BE IT FURTHER ORDAINED, etc., that this ordinance shall become effective upon signature by the Mayor, or, if not signed or vetoed by the Mayor, upon expiration of the time for ordinances to become law without a signature by the Mayor.

SECTION XI: BE IT FURTHER ORDAINED, etc., that if any provision or item of this ordinance or the application thereof is held invalid, such invalidity shall not affect other provisions, items, or applications of this ordinance which can be given effect without the invalid provisions, items or applications, and to this end the provisions of this ordinance are hereby declared severable.

SECTION XII: BE IT FURTHER ORDAINED, etc., that all ordinances or parts of ordinances in conflict herewith are hereby repealed.

THIS ORDINANCE was introduced on the 10th day of April, 2007.

NOTICE PUBLISHED ON THE 13th day of April, 2007.

THIS ORDINANCE having been submitted in writing, introduced and published, was then submitted to a final vote as a whole, the vote thereon being as follows:

YEAS:

Fowler, Johnson, Lawson, Silver, Smith, Hobbs,

Marshall.

NAYS:

None.

ABSENT: None.

AND THE ORDINANCE was declared adopted on this the 26th day of April, 2007 and final publication was made in the Alexandria Daily Town Talk on the 30th day of April, 2007.

MAYOR'S APPROVAL

DELIVERED: DATE: 4-26-07 TIME: 11:20AM RECEIVED: DATE: 4-27-07 TIME: 11:30AM

April 30, 2007

Honorable Mayor and Members of the Alexandria City Council

The operating budget requests for fiscal year ending April 30, 2008 were compiled and presented to the Alexandria City Council. The following is an executive recap summarizing the most significant factors in the adopted budget including revenue assumptions, major initiatives and expenditure breakdowns.

# Changes effecting all funds:

Board of Trustees of the City of Alexandria's Employees' Retirement System adopted and set the actuarial contribution rate for the city, as recommended by the actuary, at 28.20% of payroll to be effective May 1, 2007. This is a decrease of 1.48% from the existing rate of 29.68%. The increase in the rate resulting in approximate savings per fund is as follows:

General Fund	\$	123,000
CDBG Fund		3,000
Utility Fund		150,000
Sanitation Fund		21,000
Zoo Fund		8,000
Municipal Transit	12	15,000
Total	\$	320,000

The City's Charter states that the "Council shall provide for an annual cost of living increase in the mayor's salary equal to the increase in the United States Department of Labor consumer price index for the previous twelve (12) months". The CPI for 2006 was 2.5%. A 2% cost of living raise was approved for all full time regular employees.

The following is the rounded increase in cost of salaries and fringe by fund:

General Fund	\$ 416,000
CDBG Fund	6,000
Risk Management Fund	1,000
Utility Fund	262,000
Sanitation Fund	36,000
Zoo Fund	13,000
Municipal Transit	27,000
Total	\$ 761,000

The Employee Benefits Fund has encountered cost increases over the past couple of years. For 2007-2008, the City Council approved a 3% increase in the rates for employees and employer to help offset expected increases in administrative and claims costs. The rounded estimated increase in cost to the City is as follows:

General Fund	\$ 109,000
Utility System Fund	58,000
Sanitation	9,000
Zoo	3,000
Bus	6,000
	\$ 185,000

Rounded capital outlay approved for Fiscal 2007-2008 is as follows:

General Fund	\$2,980,000
CDBG Fund	-0-
Risk Management Fund	8,000
Utility Fund	3,700,000
Sanitation Fund	391,000
Zoo Fund	203,000
Total	\$7,282,000

# Revenue Outlook in Major Funds:

Sales tax continues to be the major source of revenue for the General Fund and the only "permanent" source for the General Capital Projects Funds. With the new half cent Sales Tax, combined sales tax account for 67% of total revenues in the General Fund. Although Sales Taxes have shown increases for the nine of the last ten years, they are by nature highly volatile in relation to the economy. Sales taxes are up in 2005-2006 by 12% over the prior year. However, this is at least partially attributable to abnormal sales patterns following Hurricane Katrina and Hurricane Rita. The third and fourth quarters of Fiscal 2006-2007 indicate a return to single digit growth, that which has been traditionally the case.

Further cause for the future concern would be the Congressional moratorium on Sales Tax transactions via catalogue and Internet sales. The effects are not readily measurable, but it would be safe to assume that the number and dollar value of these sales will increase over time. The impact of the loss of sales tax will vary from one jurisdiction to the next, but ultimately all will be affected unless these sales become taxable.

The Utility System Fund contributes to the operation of other funds, including roughly 5% of its gross revenues to the General Fund and deficit support to the Municipal Transit Fund. Charges for the four services (electric, water, gas, and wastewater) account for virtually all of the revenue of the system. In July 2003, the City Council approved a rate increase on water and wastewater charges. However, electric charges alone still account for 74% of the total. The City has had moderate growth in recent years in these services, and has at times been able to sell some of it's generated electricity wholesale as the demand peaked and electrical generation by other suppliers could not keep up. There are no such sales since Fiscal 2002. The deregulation of public utilities, particularly electric, could have future impact to the City and other producers/suppliers. At present, monitoring of the situation is warranted. The situation is further aggravated with the radical changes in natural gas cost. This affects the cost of sales to natural gas consumers, and electrical, as most electricity in the city's region is produced with natural gas. The City, like other energy retailers, is passing the cost on the consumers. If prices remain high for a relatively long time, consumer finances could be adversely effected to the degree that the City's finances could be adversely effected. This could result in increased bad debt when consumers can't pay timely.

# Fund Balance/Retained Earnings:

The City has significant revenues in most of its operating funds that have allowed the City to operate over the last six to seven years with out having to borrow short-term funds. The 2007-2008 budget was prepared to consider the utilization of those revenues as follows:

The General Fund will use \$6.4 million of fund balance in Fiscal 2007-2008.

The Utility Fund will use \$5.5 million of retained earnings in fiscal 2007-2008.

#### General Fund:

Total General Fund revenues reflect an increase of 6.95% or \$3.4 million over the adopted 2006-2007 operating budget. As previously stated, combined sales taxes account for more than 67% of all General Fund revenues. The summary below details major changes made from 2006-2007 adopted budget:

#### Revenues

Taxes were adopted with a 4.48% increase, or \$99,000, over the 2006-2007 adopted budget, increase in Property Taxes.

Licenses and Permits increased 4,55% or \$100,000 due to an increase in Occupational Licenses.

Intergovernmental increased by 5.11% or \$417,000 from the 2005-2006 adopted budget. The most significant change here is in Parish Sales Taxes, which were adjusted by \$500,000 to more closely reflect anticipated actual collections. Grant adjustments account for the remainder.

Interest Revenue increased by \$50,000, or 67% over the previous year.

Internal Services/Interfunds increased by 1.97% or \$624,000. All cost allocation line items were adjusted to reflect the adjusted 2006-2007 budget. Moderate increases are seen in the three sales tax line items.

Other Revenues increased \$2.2 million, or 47.11%, from the 2006-2007 adopted budget. The use of \$6.5 million represents an increase of \$2.1 million from last years adopted budget in Use of Prior Years Revenues. It has been the Alexandria City Council's policy to allow the use of prior years revenues, Fund Balance, to be utilized to purchase non-recurring capital outlay items such as; vehicles, machinery and equipment, office furniture and fixtures, etc. Due to current adverse financial conditions, the City is having to fund a portion of recurring expenditures with fund balance.

## Expenditures

Salaries and Fringe Benefits overall increased \$1.3 million, or 4.17%, the result of previously mentioned 2% raise, decreased pension cost, and the increase in health care costs, along with some added positions.

In order to achieve a more realistic budget, line items for Vehicle Fuel, Vehicle Maintenance, Telephone, and Utilities were adjusted where needed during the budget process, whereas these are normally adjusted during the year. It is estimated that this will lessen adjustments to departmental budgets after initial budget adoption.

# Legislative Division

The Legislative Division increased \$52,000, or 11.55%, as compared to last year's adopted budget, due to previously mentioned salaries and fringe increases as well as increases in operating line items totaling \$40,000.

#### Executive Division

The Executive Division increased \$357,000, or 52.86%, due primarily to the addition of 4 positions for Mayoral Assistants during the 2006-2007 Fiscal Year and 1 additional position in the 2007-2008 Budget.

#### Judicial Division

An increase of \$57,000, or 7.03%, was approved for the Judicial Division, due to increased salary and fringe in City Court, and the addition of 1 City Clerk position in the 2007-2008 Budget.

#### Finance Division

An increase of \$230,000 or 5.44%, was approved for the Finance Division, excluding Interfund Transfers. A Senior Buyer position was added to Purchasing costing \$47,000 annually. Operating Capital increased \$105,000 over the previous year, while Professional Fees in the Finance Admin area increased \$70,000. The remaining increase is attributable to the 2% raise and health care. Interfund transfers are up \$275,000, or 6.76% with changes in deficit support for the Sanitation, Zoo, and Golf Course Funds.

#### Public Works Division

An increase of \$591,000 or 6.15% was approved for Public Works; including 2 new positions costing \$90,000. Increases in Capital Outlay account for a modest \$10,000. In Building Services, Utilities were increased \$168,000, Contract Labor was increased by \$10,000 and Maintenance was increased \$25,000 for the City's Riverfront Center. An additional \$75,000 was added to Recreation's budget for the Bringhurst Golf Course. In Code Enforcement Services, \$90,000 was added for Contract Labor. The Animal Shelter received an increase for \$24,000 in Veterinarian Fees and \$22,000 for Maintenance. Increases in salaries and fringes for the 2% raise amounted to roughly \$51,000 for the Division while slight adjustments in other operating line items account for the remainder.

## Planning Division

An increase of \$324,000 or 14.32% was approved for Planning Division; including one new Assistant City Engineer position costing \$100,000. Other increases in salary and fringe including the 2% raise amount to \$77,000 for this division. Capital Outlay is up \$41,000 over the prior year. Other changes include increases of \$15,000 for Travel and Training and the transfer of the Historical Preservation Commission at \$66,000 from the Community Services Division. In Urban Forestry, Tree Trimming was increased \$15,000 and Maintenance Grounds increased \$3,000.

# Public Safety Division

An increase of \$1.1 million or 4.41% was approved for the Public Safety Division. Salary and fringe are up \$583,000 over the prior year due to the previously mentioned raises and the addition of 10 new Police Officers during 2006-2007 and 2 new Fire Communications Officers in the 2007-2008 budget. Operating Capital is up \$327,000 over the prior year. Police has a state grant line item for Crisis Intervention for \$229,000. Other minor adjustments in operating line items round out the difference.

#### Civil Service/Personnel/Human Resources

An increase of \$105,000 was approved for these departments. One new position was added in Civil Service for \$50,000; along with an increase of \$40,000 for Professional Fees and a \$7,000 net increase for Advertising.

## Legal Division

An increase of \$186,000 or 22.00% was approved for the Legal Division. A Secretary and a part time Office Assistant were added accounting for most of the \$46,000 increase in salaries and fringes. Professional Fees were increased \$130,000, and other items were adjusted for relatively small amounts.

## Community Services

An increase of \$147,000 or 16.45% was approved for this division. Operating Capital is up \$13,000 over the prior year. The Quein on the Red Barbecue Festival was increased \$25,000 and Juneteenth increased \$5,000. Seniors Aging Gracefully was added at \$65,000; Contract Labor was increased \$12,000; and the Mayoral Commission for Cultural Affairs was increased \$30,000.

# Special Revenue Funds:

The funding provided for the Community Development Block Grant Fund, Emergency Shelter, the Home Investment Partnership Fund, is determined by Federal appropriations approved for each of these programs.

## Internal Service Funds:

The Risk Management Fund saw a greater use of Retained Earning for 2007-2008 amounting to \$945,000 in order to offset anticipated increases in claims expense. Interest Revenue was budgeted in 2007-2008 at \$200,000.

The Employee Benefits Fund has the previously mention 3% increase in Employee and Employer Contribution to offset anticipated increases in claims expense

## General Capital Projects

The following is a breakdown of the General Capital Projects by Category:

Category	No. of Projects	Total
Public Enterprise	15	\$2,880,335
Drainage	6	758,000
Streets	6	6,454,000
Police	2	237,200
Fire	1	250,000
Parks/Recreation	1	75,000
Zoological Parks	4	934,991
CDBG	_ 0	-0-
Total	35	\$11,589,526

The General Capital Projects are funded by Sales Tax Revenues, Community Development Block Grant Funds, General Obligation Bond Proceeds, Urban System Funds, State and Federal Funds and Property Tax Revenues. A five year 11.25 mileage property tax dedicated to specific street and drainage projects has been approved by the voters in 1988,1993, 1998, and 2003. This property tax is again up for renewal in 2008. One-half of the 1976 City Sales and Use tax is dedicated to payment of principal and interest on the sales tax bonds and capital improvements.

Projects involving economic development, construction of new facilities, renovation of existing public facilities and feasibility or master plan studies are budgeted under the Public Enterprise category. The City currently has budgeted 25 projects with a total appropriation of roughly \$3 million. The 2007/2008 budget will create eleven new projects and provide additional funding for four others.

The City substantially completed a major project in the 2006-2007 Fiscal Year with the opening of it's new Customer Service Center. This involved the acquisition and renovation of a former bank building in downtown Alexandria. It now houses the City's major customer contact operations such as Utility billing and collection, Property Taxes, Engineering, Building Inspection, Urban Forestry, Planning, and Engineering. It replaces an older and smaller structure with a spacious and well equipped facility that is believed will serve the customers for years to come.

The Reserve for Relocation Projects, which operate as "holding" account for the other projects. Expenditures from these accounts require Council action. The Reserve for Relocation Projects is used to "hold" Utility Funds transferred to the General Capital Projects fund for use with street or drainage projects. The reconstruction of streets or drainage systems often requires the movement or relocation of utility systems. A minimum appropriation of \$100,000 per year is made by the Utility Funds to the General Capital Projects Fund. Budget Amendments will be used to transfer the Utility Fund into special account numbers within a related project. If Utility Funds remain in a completed project, these funds are transferred back to the Reserve for Relocation Projects "holding" account.

The City's Administration and the City Council reassessed the entire capital improvements budget in Fiscal 2006-2007. The new concept is called Fast Track. It was observed that more projects were being placed in the budget than could be practically funded, given the City's limited resources. This was particularly true in the Drainage and Streets sections of the budget. Priorities were set and the total number of projects not yet underway was limited to 40. This greatly reduced the number of projects listed and allows the City to sharpen it's focus and commit it's financial and other resources to attainable results that will have greater impact to the citizenry, along with great economic impact. Some of the major projects include the extension of Versailles Boulevard, reconstruction of Sugarhouse Road, and 6th and 7th Street connection from Cotton Street to Monroe Street. These will greatly improve transportation in 3 different areas of the City, and should stimulate economic development. As projects are completed, they will be replaced with new ones as funds become available.

# **Enterprise Capital Projects**

The following is a breakdown of the Enterprise Capital Projects by Category:

	No. of	Total
Category	Projects	
Electric	14	\$1,847,000
Water	10	1,192,000 -0- 5,035,188
Gas	0	
Wastewater	8	
Other	2	625,000
Municipal Transit	_0	-0-
Total	34	\$8,699,188

The Enterprise Capital Projects are funded by revenues generated by the City's Utility System, a Utility Revenue Bond issue, and matching FTA grants.

# Utility Fund:

The **Utility Fund's** 2007-2008 adopted budget increased by \$11.6 million, or 14.21% from the 2006-2007 adopted budget. The summary below shows the major changes from the previous year:

#### Revenues

The dominant change in revenues is an increase of \$6.2 million in Fuel Cost Recovery. This is where the City reccups it's cost for the purchase of electricity from it's suppliers. This is offset by expense; therefore it is revenue neutral to the City. The Sales accounts for electric, water, gas, and wastewater were adjusted for a net increase of \$925,000. A new charge for Environmental Compliance is added for \$408,000; and Interest Revenues were increased \$125,000.

Lastly, use of Retained Earnings is up \$3.9 from last year in order to increase funding of capital assets.

## Expenses

As noted above, the greatest change in expense is the \$6.2 million increase in Electric Fuel Cost. In an effort to improve the Utilities System's infrastructure, the Transfer to Capital Projects is up \$1.4 million. Salaries and fringes are up \$250,000 and include 2 new positions added during Fiscal 2006-2007 and 1 new position added for the 2007-2008 Budget. In Utility Administration, the Utility Assistance Program is added at \$100,000; Transfer to the Bus Fund went up \$442,000; and Debt Service went up \$268,000.. In Customer Service, Bad Debt increased \$1.7 million; Utilities increased \$40,000 and Maintenance of Building increased \$10,000. The Information Systems Department saw increases for Maintenance netting another \$69,000. The Utility Director's budget increased \$200,000 for consulting fees for the System's infrastructure. Electric Distribution was increased \$25,000 for Maintenance and \$100,000 for Utilities.

The Water Department was increased \$300,000 for Utilities and \$25,000 for Maintenance accounts. The Wastewater Department was increased \$200,000 for Utilities and \$30,000 for Maintenance. Expenses were added in the amount of \$408,000 matching the revenue for Environmental Compliance. Other minor adjustments were made making up the remainder.

## Sanitation Fund:

Sanitation's budget increased \$636,000 or 13.31%. In revenues; a rate increase was approved by City Council increasing Collection Fees by \$558,000. The remaining \$78,000 is made up by deficit support from the General Fund.

In expenses, the salary and fringe increase account for \$245,000 and include 8 new positions added during Fiscal 2006-2007. Capital Outlay increased by \$46,000, while the Transfer to General Fund increased \$333,000. Other minor adjustments account for the remainder.

# Zoological Park Fund

The Zoo's budget increased \$119,000 or 5.60%. The grant from the State was adjusted down \$95,000 and Gate Receipts adjusted down \$22,000 to better reflect anticipated receipts. This is more than offset by an increase of \$236,000 in deficit support from General Fund.

In expenses, Capital Outlay increased \$23,000; Transfer to General Fund increased \$45,000; Maintenance increased \$30,000 and Professional Fees increased \$10,000.. The Zoo added three positions in this budget. Other minor changes account for the remainder.

# Municipal Transit Fund:

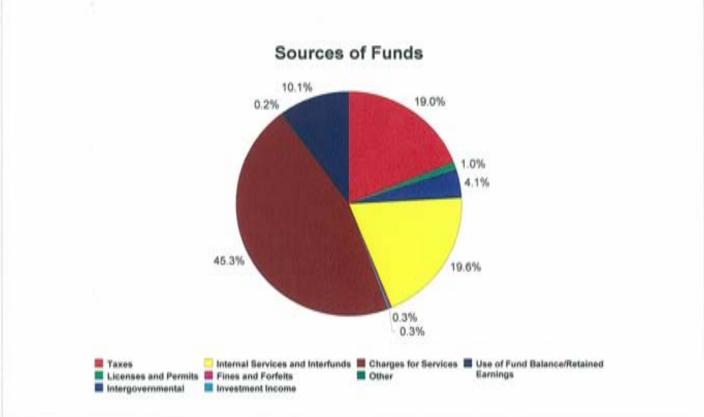

Municipal Transit Funds' increased \$269,000 or 10.06%. Changes in revenue include a decrease in Federal Grants of \$202,000; an increase in Fares of \$29,000, and an increase in deficit support from the Utilities System Fund of \$442,000.

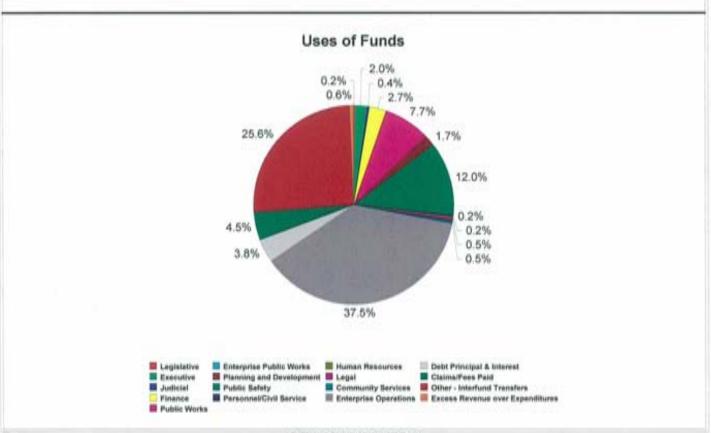

In expenses, salary and fringe account for \$164,000 of the increase and include 2 new full time and 6 new part time positions for the 2007-2008 Budget. Increase in Transfer to General Fund accounts for \$87,000; while Transfer to Utility Fund accounts for another \$10,000 of the remaining increase; with slight adjustments to operating accounts rounding out the changes.

Sincerely

Director of Finance

Note:

Actual is based on the City's Financial Statements for the fiscal year ending April 30th. Estimates are calculated on a NON-GAAP Basis which therefore includes debt principal and does not include depreciation.

\*\*\*This Page Left Blank\*\*\*

General Fund
This is the General Operating Fund of the City and is used to account for activities not required to be accounted for in some other fund type. The revenues and expenditures for this fund are recognized in the accounting period in which they become available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.
This fund accounts for the activities of elected officials, general administration, finance, public works, planning, public safety, personnel and legal.

DEPARTMENT:	Office of EEO	ORGANIZATION:	020502	

#### GOAL MISSION STATEMENT

To perform, under the direction of the Mayor, professional work ensuring compliance by the City of Alexandria with the various federal, state, and local laws, ordinances, regulations and ruling regarding equal opportunities program.

#### FUNCTION DESCRIPTION

The Office of the EEOC performs the following duties:

- 1. Coordinates and evaluates the City's compliance with a variety of legislation including Equal Employment Opportunity and American with Disabilities Act.
- Prepares and monitors the City's ADA Transition Plan.
   Promotes recruitment to protected class members.
- 4. Counsels with employees regarding disciplinary procedures.
- 5. Investigates complaints relating to discrimination and harassment based on sex, religion, race, nationality, age, and physical disability.
- 6. Mayor's Assistant to the Alexandria Human Relations Commission.

DEPARTMENT:	City Court	ORGANIZATION:	020801	

#### GOAL MISSION STATEMENT

	4000			48	-	
Adm	inist	raf	ion	of	Trans.	nce.

#### FUNCTION DESCRIPTION

The operation of the Alexandria City Court system, both criminal and civil, in addition to the operation of the Alexandria City Court Clerk's Office. The due process of justice through court operations includes hearing of criminal, traffic and civil cases as well as the clerical responsibilities that accompanies this process. The Clerk's office handles all civil suit fillings, additional pleadings, subpoenas, small claims suits, eviction suits, garnishment proceedings and dismissals. Telephone and personal contact with the general public and legal counsel is handled specifically with the intention of projecting an image of professionalism through out the judicial system. A Probation and Pre-Trial Intervention programs are part of the City Court system. These departments work in conjunction with the City Prosecutors and the criminal Clerk's office. There function is to primarily assist defendants in abiding by the ruling of the Judge. Pre-Trial Intervention program aids first offenders in maintaining a clean record once all requirements are completed.

Description	2005-2006 Actual	2006-2007 Estimated	2007-2008 Projected

#### GOAL MISSION STATEMENT

To ensure accurate and efficient accounting of all financial transactions incurred by the City of Alexandria so that complete and timely financial statements can be prepared.

#### FUNCTION DESCRIPTION

The Accounting Department is responsible for:

- 1. Processing Payroll, Accounts Payable, and Accounts Receivable.
- 2. Maintaining the General Ledger.
- Accounting for fixed assets.
- 4. Monitoring cash and investments.
- 5. Establishing and monitoring internal controls.
- 6. Monitoring debt service, bond payments, and other long term liabilities.
- 7. Preparing the city's financial statements in accordance with generally accepted accounting principles.

Additionally, the Accounting Department is responsible for the accounting and financial reporting of the Policemen's and Firefighter's Pension Funds.

DEPARTMENT:	Purchasing	ORGANIZATION:	031600						

#### GOAL MISSION STATEMENT

To purchase all property, supplies, material and services for the City of Alexandria in accordance with applicable state laws, council policies, and administrative requirements.

#### FUNCTION DESCRIPTION

The Purchasing Department processes departmental requisitions, solicits and analyzes bids consistent with good purchasing policies and in accordance with applicable state laws and council policy. Purchasing also manages the activities to the Print Shop, Central Warehouse, Electric Distribution Warehouse, and the Vehicle & Equipment Parts Department facilities. In addition, Purchasing Department maintains the records for the city's fleet and handles all communications for city departments (i.e. pagers, mobile and portable radios, and cell phones). Purchasing issues departments approved for procurement cards as well as audits the charges on the card holder's monthly statements (approximately 44 card holders at this time).

#### GOAL MISSION STATEMENT

To inventory and distribute vehicle and equipment parts and supplies for the Motor Pool, Sanitation, and Bus Departments.

#### FUNCTION DESCRIPTION

The Vehicle & Equipment Parts Department is housed within the Motor Pool repair facility building at the Consolidated Complex.

The department implements inventory procedures for the stocking and distribution of commonly used items for the repair and up keep the city's fleet. Through precedent management, the Parts Department strives to maintain an adequate inventory that results in shorter "down times" for city vehicles and ultimately giving better service to the citizens of Alexandria.

DIVISION Public Works 101 FUND: 042200 DEPARTMENT: Code Enforcement ORGANIZATION:

#### GOAL MISSION STATEMENT

It is the goal of the department to effectively enforce various City codes in regards to high grass, litter, abandoned vehicles, and sanitation. It is also the mission of the department to provide an efficient means to the public as well as other city departments of reporting complaints/problems and making inquires regarding city services and opportunities. This mission is accomplished through our "First Call" line where employees receive, document, and follow up on inquires, problems, complaints and requests from the public, the administration, the council, department heads, and other city employees.

#### FUNCTION DESCRIPTION

The department enforces the City's codes in regards to high grass, litter, abandoned vehicles, and sanitation. The department also receives, documents, and follows up on inquires from the public as well as other city departments in regards to city services and opportunities (First Call).

DIVISION: Public Works FUND: 101
DEPARTMENT: Streets ORGANIZATION: 042500

#### GOAL MISSION STATEMENT

To insure the health and safety of the citizens of Alexandria through the cleaning and repairing of streets and the maintenance of streets and the maintenance of drains and ditches and canals with proper easements or servitudes. To provide a properly maintained system of greenbelts available to all citizens and maintain city right-of-ways.

#### FUNCTION DESCRIPTION

Street Cleaning: Weather permitting, the street sweepers operate daily to insure the city streets are free of dirt, leaves, debris and haul off for disposal. (Includes immediately after parades.)

Street Repair and Construction: The street repair crew maintains the city streets to include surface treatment (chip seal) and overlay. Also corrects street failures including base, panels, sidewalks, handicap ramps, curbs and gutters, construction catch basins, drainage boxes, footings for playground equipment, patches potholes with shoulders.

Groom Mowing: The mowing crew maintains 55 separate locations that include seeding, fertilizing, mowing, grooming, herbicide application, tree trimming, flower beds, and fences.

Grass Cutting: Crews bushhog, fail and slope mow ditches, canals, city streets, city properties, highways, easements, right-of-ways, servitudes, state right of ways, and all properties associated with the City Complex. The cutting season ranges eight to sometimes nine months of the year. During the winter months this crew vacuums leaves and debris from ditches, and culvert ends cleans drains to haul them for disposal.

Drainage: The city's canals, open ditches, and right-of-ways are sprayed for weed control three times a year and kept clean and cleared of blockage. The underground drains and culverts and flushed and catch basins suctioned out as needed and kept clean (maintaining records of herbicide application as required by law).

Emergency Crew: Other than their normally assigned responsibilities, this crew responds during emergency situations such as flooding to pump water, sandbag and distribution. Also responds during windstorms to removed downed trees and limbs, open drainage ways and assist Light Distribution Department. This crew also assists with hazardous chemical clean-up and automobile wreckage debris in streets as directed by the Fire Department.

DEPARTMENT:	Maint of Public Bldgs	ORGANIZATION:	043400	

#### GOAL MISSION STATEMENT

For Who:	The citizens, clients, and employees of the City of Alexandria.
When and	How: Our department strives to maintain, repair, renovate, clean and provide facility management and staffing in a
timely and	efficient manner.

What: To provide healthy, safe, clean, and usable buildings and facilities.

#### FUNCTION DESCRIPTION

Contract and Capital Project Management: Initial oversight of maintenance and capital renovation projects, including construction supervision of Capital Projects designated to this department.

Air conditioning, Heating, and Ventilation: Extensive preventive, predictive and corrective maintenance are performed and contracted on HVAC systems including filter service, lubrication, adjustments, repairs and replacements. Other miscellaneous work is performed.

Plumbing: Performs and contracts plumbing repairs and improvements, including but not limited to water, gas, and wastewater concerns. Other miscellaneous is work performed.

Industrial and Commercial Equipment Maintenance: Extensive preventive, predictive, and corrective maintenance performed and contracted. Typical to this area are automated gates, turnstiles, truck and bus washes, ice machines, generators, refrigerators, stoves, ovens, and microwaves. Other miscellaneous work is performed.

Carpentry: The Carpentry Shop makes and contracts repairs to building and facilities, as well as undertakes small scale renovations of existing facilities. Work tables, bookshelves, stages and other "wood" oriented items are often integral parts of these projects. Fabrication of wood based signs and barricades as well as limited locksmith services are also provided. This crew also works with and assists painters in a term effort to enhance efficiency of staffing. Other miscellaneous work is performed. Facility Rental: Daily setup and cleaning of publicly utilized or rented program space are provided. Booking, contracting and collection of fees related to rented or reserved spaces or other resources, like tables and chairs. Working with the public in relation to their needs of the publicly utilized resources. Other miscellaneous work performed.

Special Events: Provision of support services events, community functions, governmental meetings and Cultural events and events sponsored by other departments such as the Zoo, Recreation, and Community Service Division.

DIVISION: Public Works FUND: 101
DEPARTMENT: Motor Pool ORGANIZATION: 043700

#### GOAL MISSION STATEMENT

The Motor Pool objectives for the FY 2007-2008 are to continue to exceed our present level of service and communication that the Motor Pool department as a whole has achieved with all departments and employees as well as provide flexible hours of service that will insure other departments a chance to increase their level of service especially during peak season.

#### FUNCTION DESCRIPTION

The Motor Pool serves as a centralized garage providing mechanical and body repairs, fuel and oil disbursements, and wrecker services to approximately 1,072 (and increasing) city owed vehicles and equipment.

The Motor Pool also provides information on all vehicles/equipment owned by the City through daily input of information processes into RTA. This system has capabilities to generate detailed reports on preventive maintenance/cost/usage/history, which are required by all division/department heads in maintaining records on vehicle maintenance or budget control within their area.

Other services provided by the Motor Pool include fabrication, welding, vehicle paint, body work, vehicle repairs, services to all City departments, monitoring/disposal of waste oils, hazardous material, and used tires per the required EPA guidelines for the state of Louisiana.

DEPARTMENT: Parks & Recreation ORGANIZATION: 044100

#### GOAL MISSION STATEMENT

To provide for a properly maintained system for playground, ball parks, and other recreational facilities available to all citizens for active and passive recreation and meeting at city owned buildings.

#### FUNCTION DESCRIPTION

The Parks & Recreation Department is a service organization that performs maintenance and repair work to support recreational and other competitive activities for the city involving golf courses, soccer fields, ball fields, and rental facilities.

DIVISION: Public Works FUND: 101
DEPARTMENT: Animal Shelter ORGANIZATION: 045800

#### GOAL MISSION STATEMENT

To provide the public with prompt service by responding to their daily complaints on animals that are running at large in the city. To provide for the safety and well being of the citizens of Alexandria by removing animals that might endanger them. To remove dead animals from city roadways and others areas according to health standards. To educate the public relations all national animal concerns sponsored by HSUS. To offer animals for adoption through newspaper coverage and TV programs. To euthanize in a safe humane way unwanted and stray animals. To shelter, feed and euthanize all parish and incorporated area animals. To follow up on all adoptions to make sure all animals are sterilized.

#### FUNCTION DESCRIPTION

There are currently two Impounding Officers and one Attendant capturing between 25 to 35 animals a day. These animals are fed and cared for while being offered for sale to the public. The shelter responds to between 45 to 50 calls per day by setting traps and impounding animals running at large. The shelter staff in cooperation with a veterinarian euthanize approximate 100-200 animals per week. The shelter staff responds to between 5-10 calls per day on animal abuse and cruelty cases. The investigating officers have approximate 5-7 ongoing court cases at any one time. The shelter staff makes 2-3 visits per month to schools and civic organizations to talk about responsible. Pet care and safety issues. Our functions and goals and responsibilities are being tripled by new parish and out-laying incorporated areas utilizing our shelter. We also monitor all lost pets in the city and find them and/or return to owners.

# City of Alexandria Annual Operating Budget

# Planning Division

DIVISION: Planning FUND: 101
DEPARTMENT: Administration ORGANIZATION: 054700

#### GOAL MISSION STATEMENT

To provide for the overall planning and coordination of the city's land development, housing, urban design and community development activities. This is accomplished through providing exceptional customer service, prompt and adequate responses to telephone inquires, efficient handling and resolution of zoning disputes and complaints and complete answers to any and all questions related to comprehensive planning, zoning, housing rehabilitation, community development, site plan development, application preparation assistance for zoning and rezoning applications, board of adjustment and appeals applications for variances and special exceptions and zoning compliance.

#### FUNCTION DESCRIPTION

The Planing Division is responsible for processing permit applications relating to zoning compliance, signs and other development activities including annexation requests and driveway permits. Staff perform site plan reviews for commercial plan applications and subdivision relating to drainage, landscaping, setback, parking, etc. Planned are routed to other department with input into the process such as the engineering department, utility department, and public work division. This division also supports the Zoning Commission and the Zoning Board of Adjustment and Appeals through agenda development, and other reports. Staff in this division investigated and acted upon as necessary. Complaints regarding zoning are investigated and acted upon as necessary. This division manages and maintains and zoning ordinance (Chapter 28 - Land Development Code) as well as the city maps. This division indirectly oversees staff activities in the Community Development Department. This division also participates in regional planning issues through the Rapides Area Planning Commission.

DIVISION: Planning FUND: 101
DEPARTMENT: Community Development ORGANIZATION: 054701

#### GOAL MISSION STATEMENT

To apply for applicable federal grants, including Community Development Block Grant, HOME Investment Partnership Program, Louisiana Emergency Shelter Grant Program and to efficiently administer federal programs and activities related to these funds.

#### FUNCTION DESCRIPTION

The Community Development Department is responsible for preparing grant applications for federal funds, preparing all associated reports, complying with all federal requirements, maintaining records according to federal guidelines, and effectively administering the following programs.

- Housing Rehabilitation Deferred Loan Program housing renovation for owner occupied structures with CDBG and HOME funds.
- HOME Rental Housing Rehabilitation Program renovation of rental property for low income tenants.
- 3. Code Enforcement/Demolition Program to enforce the City's code standards on vacant structures within CDBG target areas.
- 4. Housing development Program new construction of single family housing for first time home buvers.
- Business Facade Improvement Program facade improvement loans/grants for business located in a designated area.
- 6. Housing assistance Program down payment and closing cost assistance for first time home buyers.
- 7. Monitor HOME activities carried out by the city's Community Housing Development Organization (CHDO).
- Monitor all sub-recipients to ensure compliance with grant Agreements & HUD regulation including: Boys & Girls Club of Central LA, Boys Scouts of America, Caring People's Free Pharmacy, Inner-City Revitalization Corporation, Cenla Pride, Shepherd Center, Phoenix Point, and Sisterhood Neighborhood Alliance.
- 9. Economic Development Assistance Program.

DIVISION: Planning FUND: 101
DEPARTMENT: Engineering ORGANIZATION: 042300

#### GOAL MISSION STATEMENT

The Engineering Department's function is to provide the administration, City Council and Citizens with maps, records, and files concerning widths of rights of ways and easements, municipally owned property, benchmark locations and elevations; street names and locations; drainage facilities; review construction projects; maintain records on parks and recreational facilities and bridges; enter all pertinent information into CAD System; provide usable construction estimates, permits from the Corp of Engineers on all Capital Drainage Projects; participate in planning and/or design a capital improvements and/or projects; work with all other city departments on all other city departments on maintenance and improvements projects concerning existing city facilities, provide plans, specifications, surveying, inspection and processing for various projects including streets, drainage utilities and parks for the City of Alexandria; meet with LDOTD and FHWA officials to discuss funding of Urban System Projects meeting LDOTD and FHWA requirements, coordinating plans between the consultants and LDOTD and FHWA officials; Secure Wet Lands.

#### FUNCTION DESCRIPTION

The Engineering Department handles numerous citizen complaints and questions, daily coordinates various construction activities. Our engineering technicians update the City limits and Zoning maps on an on going basis and update various other maps and records. They also draw plans for various projects, provide assistance for citizens on various matters, provide charts, graphs and maps for administration and council (as required), index and file maps and drawings, update drainage, street numbers and subdivisions maps. The survey crew provides services from construction layout to staking and/or locating right-of-ways and easements, as well as maintaining all city benchmarks. They also secure data for the preparation of Right-of-Way Maps by the Drafting Department for Urban System Projects. The construction inspector maintains constant check on consulting engineers' projects and in house designed projects. The Secretary keeps up with the enormous amount of correspondence, reports, filing and phone calls that flow this office on a daily basis. The engineers must see that the previously mentioned work is assigned and completed, as well as design and supervise city projects; handle citizens' complaints and questions; and assist the administration and council on other matters as required.

#### 2007-2008 ANNUAL BUDGET

DIVISION: Planning FUND: 101
DEPARTMENT: Urban Forestry ORGANIZATION: 042400

#### GOAL MISSION STATEMENT

The primary goals of this department are: To develop and implement the Urban Forest Management Program for the City; Provide oversight on all capital projects regarding all horticultural and landscape architectural matters; and Review commercial projects to ensure compliance with applicable city ordinances; manage park, green space, and community center landscape maintenance contracts.

#### FUNCTION DESCRIPTION

Receives and responds to an average of (30) tree work service requests per month. Fifty percent of these requests involve trees located on private property that have low limbs that create various safety problems. In most cases, property owners are notified of the problem and required corrective actions. In case of immediate public safety or if property owners refuse to take corrective actions, the City may have the work done on their behalf. Trees located in the rights of way or other City property are inspected and either trimmed or removed depending upon the nature of the problem. All tree work is done by private contractors. The department also assists residents by providing hazard tree assessments. Provides support services to Electric Distribution's Utility Line Vegetation Management Program in determining if their contractor is following appropriate national standards and Provides assistance explaining pruning methods to residents. Conducts annual Arbor Day Program(s) with local elementary schools. Applies for and manages annual Urban and Community Forestry Grant Projects from the LDAF. Prepares annual Tree City USA Certification applications. Develops and disseminates pertinent educational material.

The Department participates in all capital and in-house projects that have a landscape or arboriculture component as part of their scope. Coordinates capital project landscape design performed by consultants. Provides design plans, specifications, and construction administration services for smaller landscape projects that do not require a consultant. Interacts with numerous consultant and City divisions and departments regarding horticultural and arboricultural matters that arise during the design, construction, and maintenance of City infrastructure.

The Department reviews all commercial building permit application for compliance with the Landscape and Tree Ordinance requirements.

The Departments prepares specifications and bid documents and manages maintenance contracts for various city parks, greenspaces, and community centers. Provides horticultural consultation for sites maintained by other City departments.

#### 2007-2008 ANNUAL BUDGET

DIVISION: Planning FUND: 101
DEPARTMENT: Building Inspector ORGANIZATION: 043300

#### GOAL MISSION STATEMENT

To maintain a high standard of residential and commercial construction inside the city limits by keeping projects in compliance with applicable codes and to assist contractors and the general public in all related matters.

To continue education in all matters of permitting and building codes that are applicable.

#### FUNCTION DESCRIPTION

The Building Inspector duties include: review of drawings and specifications for construction projects, issue building permits for new construction, remodeling, swimming pools, mobile home placement, house moving and demolition. The Building Inspector conducts on-site inspection to insure contractors work is in compliance with building codes and regulations. This individual also advises property owners and other people on matters concerning building codes and maintains records of permits and inspections.

The activities of this department are now budgeted under the Planning Director's Office.

# City of Alexandria Annual Operating Budget

### Personnel Division

DIVISION: Personnel FUND: 101
DEPARTMENT: Civil Service ORGANIZATION: 086700

#### GOAL MISSION STATEMENT

The continuing goal of this department is to meet the needs of the citizens of Alexandria by obtaining employees capable of providing high-quality service. This will be accomplished by selecting applicants for the City of Alexandria's classified service on the basis of their ability to do the job without discrimination as to race, sex, age, religion, martial status, or national origin. We will retain quality employees by providing good working conditions at competitive wages, provide opportunities for advancement by filling vacancies through promotions from within when qualified employees are available, and ensure on-the-job training for those employees interested in advancement opportunities. We will also maintain and manage the various benefits programs to ensure they are comparable to other employers in the area. We will act as advisors to the Civil Service Commission, the City Council, the administration, and City employees in matters relating to personnel and civil service issues. We will continuously work to formulate and update policies and procedures, as well as civil service rules, to provide a safe and pleasant working environment for all concerned. There will be an "open door" policy to provide reasonable opportunity for employees to be heard on matters pertaining to their employment with the City.

#### FUNCTION DESCRIPTION

Administers a system of recruitment for classified positions in the City of Alexandria, including securing and screening applications, conducting interviews and rating applicants based on qualifications. Certifies qualified applicants to the Mayor for selection. Conduct orientation for new hires. Process all paperwork for personnel status changes. Prepare and maintain personnel and medical files for all City employees, as well as maintain and update personnel information on the computer system. Counsels employees on various personnel issues. Serves as administrator for the City of Alexandria's health and life insurance programs and the cafeteria plan. Administers the Substance Abuse Policy for the City of Alexandria. Advises the Mayor, City Council, City employees and the general public on matters regarding civil service and personnel issues. Serves as administrative arm of the City of Alexandria Civil Service Commission. Directs and participates in preparing, conducting, and administering comprehensive programs for position classification, examinations, and pay plan administration, as well as develops and recommends administrative service policies and procedures, outside of civil service rules and regulation, in accordance with local, state, and federal laws.

## City of Alexandria Annual Operating Budget

### Human Resources

#### 2007-2008 ANNUAL BUDGET

DIVISION: Human Resources FUND: 101
DEPARTMENT: Human Resources ORGANIZATION: 086701

#### GOAL MISSION STATEMENT

Our mission is to provide a capable, knowledgeable workforce, and to reduce where possible, personnel situations that could have a significant negative impact on its ability to be productive.

Human Resources goal is to assure that there are adequate personnel resources to operate the city's functions in its effort to provide quality service to the citizens.

#### FUNCTION DESCRIPTION

In order to achieve our goal and fulfill our mission, we will review all personnel policies and consider adjustments where necessary, constantly review and update the training needs of our workforce, and where possible, provide opportunities for in-house skill enhancements. We will establish clear guidelines for performance evaluation for all employees.

Additionally, we will establish a task force to help find ways to stabilize and/or reduce healthcare cost. We will continue to analyze the hiring process and identify new procedures that will reduce the lag time between and vacancy being created and it being filled with a qualified replacement.

#### DEMAND PERFORMANCE INDICATORS

# City of Alexandria Annual Operating Budget

### Community Services Division

## 2007-2008 ANNUAL BUDGET

DIVISION: Community Services FUND: 101
DEPARTMENT: Community Services ORGANIZATION: 101000

## GOAL MISSION STATEMENT

The Division of Community Services' goal, as called for in Section 4-10 of the City Charter and adopted by the City Council in March 1999, was modified and expanded to reflect the change from a Department to a Division and is as follows:

To expand and improve current services to allow for effective coordination of programs and services in the following areas:

- 1. Regranting
- 2. Arts and Culture
- 3. Alternative Youth Recreation Activities
- 4. Education Advocacy
- 5. Community Building
- 6. Special Events and Projects

### FUNCTION DESCRIPTION

The functions of the Division are based on a response of the need of the community and include citizen agencies to fulfill its stated goal through the following existing or developing programs: Project Assistance grants through the Mayoral Commission for Cultural Affairs: the Alexandria Youth Advisory Council; Teen Job Fair; Homework Assistance Program; Teen Movie Night; Youth Leadership Program; Youth Summer Volunteer Program; Underwater Easter Egg Hunt; Community Events Calendar; Outdoor Concert Series; Youth/Community Outreach Workshops; Neighborhood Awards Recognition; Project Enable; Downtown Arts and Music Mini-Festival; Downtown Revitalization Programs and Events; and Special Holiday Events.

# **Special Revenue Funds** The purpose of these funds is to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The revenues and expenditures for these funds are recognized on the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become available and measurable. Expenditures are recognized in the accounting periods in which the fund liability is incurred, if measurable. The Special Revenue Funds contained in the section are the: Sales, Tax Fund, Hotel/Motel Tax Fund, Capital Property Tax Fund, Community Development Block Grant Fund, Home Investment Partnership Fund, and Youth Baseball Recreation Fund.

Debt Service Fund
The purpose of these funds is to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. The revenues and expenditures for these funds are recognized on the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.
This fund is funded primarily from property taxes and sales tax revenues.

2007-2008 ANNUAL RUDGET

AND DESCRIPTION OF THE PARTY OF	#007-#000 74111	CILLI DUDGELL		
DIVISION:	Legal	FUND:	551	
DEPARTMENT:	Office of Risk Manager	ORGANIZATION:	031900	

#### GOAL MISSION STATEMENT

To protect and conserve the City of Alexandria's resources by applying risk management concepts and principles to identify and review exposures and to recommend actions to prevent, reduce to transfer various levels of risk.

#### FUNCTION DESCRIPTION

Assist in the development and administration of a proactive loss control program to eliminate and reduce unsafe acts and unsafe conditions which cause injuries to employees, damage to capital resources and accelerates to eroding of the financial base. Make recommendation to protect City assets. Ensures a safe working environment for employees and the public who comes into contact with these employees and properties as services are provided. Assist the City government in minimizing the possibility of vital public services. Works toward the reduction and elimination of accidents and injuries through an effective safety/loss prevention program.

Capital Project Fund
The purpose of these funds is to account for financial resources to be used for the acquisition or construction of major capital facilities and infrastructure for general government and enterprise systems activities.

April 28, 2007

Honorable Mayor and Members of the Alexandria City Council

I am pleased to present the City of Alexandria's Annual Capital Budget and Five Year Plan for the fiscal year 2007/2008 through 2011/2012. Each capital project includes source(s) of funding; prior, current and future expenditures; and scheduling and expenditure breakdowns. The plan, as presented, balances each year's revenue sources with a current or future project's funding requirements.

The City's Charter requires the Mayor to submit to the Alexandria City Council a Capital Improvements Program covering a period of at least five years. The plan is required to be submitted at the same time the annual operation budget for the ensuring fiscal year is submitted. An appropriation approved by the council continues in force until the purpose for which it was created has been accomplished or abandoned. The Charter states that any appropriation shall be deemed abandoned if three years pass without any disbursement from or encumbrance of the appropriation.

A Five Year Capital Improvements Program requires long term planning. It also requires a constant monitoring of current trends in order to make any necessary adjustments to current and future projects proposed in the plan. Technological changes and advancements, community needs and changes in revenue sources are often the reason the City will adjust or reassess the Capital Improvements Program. The Administration and the Council have worked closely to improve the long range planning of the future of Alexandria by focusing on the community's needs and goals. They have worked diligently to establish priorities that will meet the changing needs of our community. This budget document has been designed to aid in the planning process, to provide the citizens with a better understanding of the scope and need for various projects, and to provide direction for the City of Alexandria.

## Overview

The 2007-2008 Capital Improvements Program consists of 69 projects totaling \$20 million. The Administration and Council are continuing their ongoing commitment to improving the City's infrastructure and quality of life for the citizens of Alexandria.

David Crutchfield Director of Finance P.O. Box 71 · Alexandria, LA 71309-0071 Tel (318) 449-5094 · Fax (318) 449-5231 e-mail: david.crutchfield@cityofalex.com

## **General Capital Projects**

The following is a breakdown of the General Capital Projects by Category:

Category	No. of Projects	Total
Public Enterprise	15	\$2,880,335
Drainage	6	758,000
Streets	6	6,454,000
Police	2	237,200
Fire	1	250,000
Parks/Recreation	1	75,000
Zoological Parks	4	934,991
CDBG	0	-0-
Total	35	\$11,589,526

The General Capital Projects are funded by Sales Tax Revenues, Community Development Block Grant Funds, General Obligation Bond Proceeds, Urban System Funds, State and Federal Funds and Property Tax Revenues. A five year 11.25 mileage property tax dedicated to specific street and drainage projects has been approved by the voters in 1988,1993, 1998, and 2003. This property tax is again up for renewal in 2008. One-half of the 1976 City Sales and Use tax is dedicated to payment of principal and interest on the sales tax bonds and capital improvements.

Projects involving economic development, construction of new facilities, renovation of existing public facilities and feasibility or master plan studies are budgeted under the Public Enterprise category. The City currently has budgeted 25 projects with a total appropriation of roughly \$3 million. The 2007/2008 budget will create eleven new projects and provide additional funding for four others.

The City substantially completed a major project in the 2006-2007 Fiscal Year with the opening of it's new Customer Service Center. This involved the acquisition and renovation of a former bank building in downtown Alexandria. It now houses the City's major customer contact operations such as Utility billing and collection, Property Taxes, Engineering, Building Inspection, Urban Forestry, Planning, and Engineering. It replaces an older and smaller structure with a spacious and well equipped facility that is believed will serve the customers for years to come.

The Reserve for Relocation Projects, which operate as "holding" account for the other projects. Expenditures from these accounts require Council action. The Reserve for Relocation Projects is used to "hold" Utility Funds transferred to the General Capital Projects fund for use with street or drainage projects. The reconstruction of streets or drainage systems often requires the movement or relocation of utility systems. A minimum appropriation of \$100,000 per year is made by the Utility Funds to the General Capital Projects Fund. Budget Amendments will be used to transfer the Utility Fund into special account numbers within a related project. If Utility Funds remain in a completed project, these funds are transferred back to the Reserve for Relocation Projects "holding" account.

The City's Administration and the City Council reassessed the entire capital improvements budget in Fiscal 2006-2007. The new concept is called Fast Track. It was observed that more projects were being placed in the budget than could be practically funded, given the City's limited resources. This was particularly true in the Drainage and Streets sections of the budget. Priorities were set and the total number of projects not yet underway was limited to 40. This greatly reduced the number of projects listed and allows the City to sharpen it's focus and commit it's financial and other resources to attainable results that will have greater impact to the citizenry, along with great economic impact. Some of the major projects include the extension of Versailles Boulevard, reconstruction of Sugarhouse Road, and 6th and 7th Street connection from Cotton Street to Monroe Street. These will greatly improve transportation in 3 different areas of the City, and should stimulate economic development. As projects are completed, they will be replaced with new ones as funds become available.

## Enterprise Capital Projects

The following is a breakdown of the Enterprise Capital Projects by Category:

	No. of	
Category	Projects	Total
Electric	14	\$1,847,000
Water	10	1,192,000
Gas	0	-0-
Wastewater	8	5,035,188
Other	2	625,000
Municipal Transit	_0	-0-
Total	34	\$8,699,188

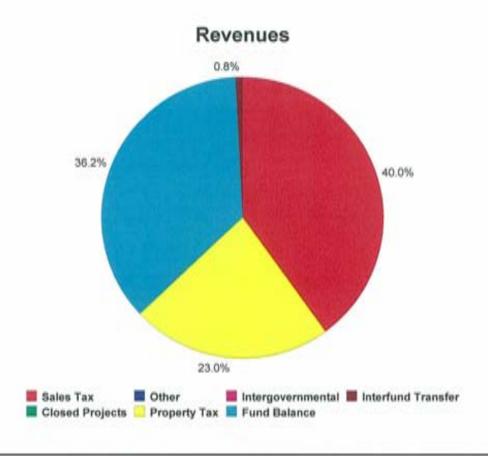

The Enterprise Capital Projects are funded by revenues generated by the City's Utility System, a Utility Revenue Bond issue, and matching FTA grants.

At present, the City is engaging consultants to assess the needs of it's Utilities System infrastructure. This will assure the ability of the 4 components; electricity, gas, water and wastewater, to provide reliable service to the customer at the existing level of service as well as provide for any anticipated growth in all areas. This assessment will materially impact future capital budgets in the Enterprise Capital Projects.

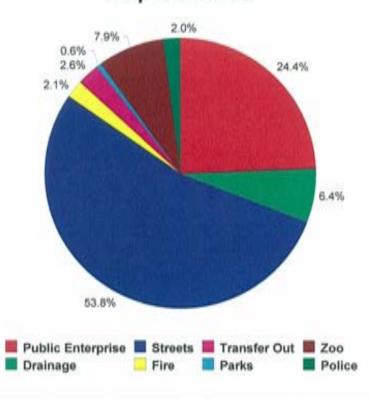

Sincerely,

David Crutchfield Director of Finance City of Alexandria

Enterprise Funds	
The purpose of these funds is to account for operations that are financed and operated in a manner similar to private business enterprises in that the costs of goods and/or services to the general public to be financed through user charges. The revenues and expenses for these funds are recognized on the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and become measurable; expenses are recognized in the accounting period in which they are incurred, if measurable.	
The Enterprise Funds contained in this section include the combined Utility System Fund; which includes Electric, Water, Gas, Wastewater Operations, Sanitation Fund, and Municipal Transit Fund.

DEPARTMENT: Budget Office ORGANIZATION: 218300

#### GOAL MISSION STATEMENT

To provide the Council, the Mayor, and the Citizens of Alexandria with accurate financial and budgetary information.

To provide the information to the Council and the Mayor that will aid the m in the decision making process.

To assist division and departments heads with the administration of their individual budgets.

To assist he Director of Finance in the planning, directing and coordination of operations within the Finance Division.

To provide financial administration of contracts or grants entered into by the City of Alexandria,

#### FUNCTION DESCRIPTION

The Budget Department plans, coordinates, and organizes the preparation of the annual Operating and Five Year Capital Budget, Once adopted by the City Council, the department is responsible for overall administration of the Operating and Capital Budgets. The Budget Office oversees the printing of the final budget documents.

The Budget Office administrates the financial aspect of all City Capital Projects. Additionally, this office is responsible for the enforcement of budgetary policies, approves all budget changes, reviews financial fact sheets going to the City Council and ensures that all budget amendments adopted by the City Council are properly recorded and enforced.

The Assistant Director of Finance assists in the supervision of the departments within the Financial Division.

DIVISION: Finance FUND: 401
DEPARTMENT: Utility Customer Service ORGANIZATION: 218600

#### GOAL MISSION STATEMENT

To provide utility customers with accurate billing and collection for electric, gas, water, wastewater, and sanitation services. Insure that customers receive accurate information on their accounts and to provide customers inquiring about their accounts with prompt information and courteous service.

#### FUNCTION DESCRIPTION

The Customer Service Department is responsible for billing approximately 25,000 customers for electric, water, gas, wastewater, and sanitation services and also collecting revenues generated. Additionally, this department is responsible for new accounts, cut-off and disconnect procedures. This department also serves as the collector of property taxes and miscellaneous receipts.

DEPARTMENT: Information System ORGANIZATION: 218800

#### GOAL MISSION STATEMENT

To provide departments with the most comprehensive, professional and state-of-art Information System services. To service user departments and customers by developing and maintaining efficient, reliable and progressive information technology including technology including technology including telecommunications, internet services, application software and network systems.

#### FUNCTION DESCRIPTION

The activities of the Management Information System include the following:

- 1. Operating
- 2. Programming
- 3. System Analysis
- 4. Hardware Maintenance
- 5. System Education and Training
- 6. System Evaluation and Implementation
- 7. Telecommunications
- 8. Network Development and Maintenance
- 9. Internet Functions and Applications

DIVISION: Utilities FUND: 401
DEPARTMENT: Electric Production ORGANIZATION: 227100

#### GOAL MISSION STATEMENT

The mission of the City of Alexandria, Electric Production Department is to provide reliable and cost effective energy services, in a responsible and courteous manner, which meet the current future needs to our customers.

- Customers. We will continually strive to remain customer-focused and always seek to improve the way in which we deliver services to our customers.
- Employees. We will maintain a safe and positive work environment and provide the opportunity for professional and personal
  development. We will properly train employees for their responsibilities and see that they are regularly updated in current
  developments in their disciplines. We will ensure that employees and the community.
- 3. Power Supply. We will develop and maintain a reliable and secure supply of energy at a reasonable cost.

#### FUNCTION DESCRIPTION

D.G. Hunter Generating Station operates 24 hours a day, 7 days a week, with the capability to supply the city with electrical power to meet the needs of the citizens. Plant equipment is kept in proper working conditions to insure safe and reliable operations, allowing a unit to be started up in a minimum of four hours.

Negotiations for fuel and electrical power insures the most economical power for the citizens of Alexandria.

DIVISION: Utilities FUND: 401
DEPARTMENT: Electric Distribution ORGANIZATION: 227200

#### GOAL MISSION STATEMENT

To provide quality electric service to residential, commercial and industrial customers by maintaining high standards of workmanship, efficiency and reliability.

#### FUNCTION DESCRIPTION

Construction of new additions and extensions to the City's electrical distribution system as growth requires. Maintain existing electric distribution system by checking equipment, performing preventive maintenance and reconductoring outdated circuits as loads and schedules allow. Respond to emergency call 24 hours a day, 7 days a week. Maintain street lighting and rental lights. Provide temporary electric service for special events. Maintain and store proper documentation of all electric meters, breakers, relays, transformers and equipment in the system. Test, record and remove all PCB contaminated transformers in system. Relamp and maintain sports lighting at all Ball Parks in the City. Assist all other departments as required.

2007-2008 ANNUAL BUDGET

	#307-#30	O ANTIONE DODGET		
DIVISION:	Utilities	FUND:	401	
DEPARTMENT:	Water	ORGANIZATION:	237501	

#### GOAL MISSION STATEMENT

To produce water that is good, pure, wholesome and in quantity suitable for drinking, domestic and culinary purpose	. It also
provides water for fire protection and delivers the water by pump stations and water mains to our customers.	

#### FUNCTION DESCRIPTION

The Water Department monitors, inspects, repairs and maintains 53 water wells, 40,100 water meters, 500 miles, over 2,834 fire hydrants, 7 pump stations, 10 water reservoirs and delivers an average of 25 million gallons of water to its customers each day. In performing this task, approximately 20 corrective work orders are completed each day.

#### 2007-2008 ANNUAL BUDGET

DIVISION: Utilities FUND: 401
DEPARTMENT: Gas ORGANIZATION: 247800

#### GOAL MISSION STATEMENT

The goal and mission of the City of Alexandria, Gas Department is to continue to provide quality service to all of our residential, industrial, and commercial customers in a safe and efficient manner. While at the same time striving to meet all regulations and mandates required to satisfy the State and Federal Offices of Pipeline Safety.

The coordinating of all utility activities between engineering firms, construction contractors, and the City of Alexandria, Gas Department is mandatory.

The City of Alexandria, Gas Department inspects all new gas main lines laid by gas contractors and all work performed by gas contractors on private property, both inside and outside the city limits, to insure that the gas lines installed and the work performed on private property is in accordance with our codes and specifications to guarantee a safe operating natural gas system.

#### FUNCTION DESCRIPTION

The City of Alexandria, Gas Distribution Department provides natural gas to approximately 20,000 customers for residential, industrial, and commercial use. We maintain approximately 550 miles of main line and approximately 20,000 service lines that range in size from 1/2" to 12" pipe.

Natural gas service is provided to these customers from 32 regulator station, one (1) booster station, and one (1) meter/regulator station at the City of Alexandria, D.G. Hunter Power Plant. The natural gas to supply our customers is purchased from four (4) gate stations. Natural gas for the City of Alexandria, D.G. Hunter Power Plant is purchased from one (1) gate station. The department also maintains and services three (3) bulk odorization tank stations as well as three (3) odorant injectors.

To assist in insuring the proper and safe operation of our natural gas system, the City of Alexandria, Gas Department utilitizes an up-to-date SCADA System monitored 24 hours a day/365 days a year.

#### 2007-2008 ANNUAL BUDGET

DIVISION: Utilities FUND: 401
DEPARTMENT: Wastewater ORGANIZATION: 258101

#### GOAL MISSION STATEMENT

To keep existing sewer system in repair and condition to meet health, D.E.Q., and E.P.A. standards for infiltration - inflow and any other sanitary conditions dealing with the entire sewer system. To insure the production of a quality dewatered sludge that can be beneficially reused. To review Plans and Specification for new sewer system.

#### FUNCTION DESCRIPTION

The Wastewater Department consist of two different operations, namely the collection and treatment of wastewater for the City of Alexandria, and is in operation 24-hours a day seven days per week. The Collection Department installs service taps, build manholes, lays extension, and maintains lift stations. The Treatment Department operates and maintains a treatment facility that utilizes a modified activated sludge process.

#### 2007-2008 ANNUAL BUDGET

DIVISION: Utilities FUND: 401
DEPARTMENT: Utility Services ORGANIZATION: 258900

#### GOAL MISSION STATEMENT

The City of Alexandria, Utility Service Department ensures that all Utility Department repair "cuts" are restored in a timely, efficient manner. The department handles all utility mapping and field locating resulting in a safe and productive gas, water and wastewater system.

The Utility Services Department also works in conjunction with the other city departments by making available for their use a trackhoe, backhoe, city wide welder and welding machine, and trencher, tractor/trailer (lowboy).

#### FUNCTION DESCRIPTION

The City of Alexandria's Utility Services Department is responsible for:

- 1. Operating a utility cut repair crew to handle all "cuts" for the Utility Division.
- 2. Handling all utility line location duties for the Utility Division.
- 3. Maintaining maps and "as built" drawings along with updating them as needed for the Utility Division.
- 4. Developing a computer operated mapping system using Autocad Software and the city of Alexandria Base Map.
- 5. Working in conjunction with the City of Alexandria, SCADA System.
- Maintaining and updating data pertaining the fire flows and the wellhead protection program as well as the maintenance records of the Gas Distribution and Water Distribution System.
- 7. Working in conjunction with other city departments with equipment use.
- 8. Providing the services of a certified city welder to Utility and Public Works Divisions.
- 9. Developing, implementing and operating a City-Wide geographical information system. (GIS)
- 10. Scanning City of Alexandria Project Plans to ensure a digital set plans.

2007-2008 ANNUAL BUDGET

DIVISION: Public Works FUND: 402
DEPARTMENT: Sanitation ORGANIZATION: 043001

### GOAL MISSION STATEMENT

To through clean all streets of garbage and trash. Also garbage will be picked up in the alleyways on some routes. To provide some pickup at the door for the elderly and the disabled. To offer the city of Alexandria residents the best service at the minimum cost. To attain a better pickup and disposal system and a better recording system of daily operating and maintenance procedures.

### FUNCTION DESCRIPTION

The Sanitation Department is responsible for the collection of refuse (garbage) and class 3 debris, (limbs and bulky items), from the city residences and some commercial customers and delivery to the dump site. Refuse (garbage) is collected from each customer twice a week. However, holidays may effect the twice a week pickup. On each Wednesday small piles of trash will be picked up except for the weeks with holidays. We also furnish man power and equipment to other city departments removal of debris and garbage.

DEMAND PERFORMANCE INDICATORS

Description	2005-2006 Actual	2006-2007 Estimated	2007-2008 Projected
Numbers of routes collected	9	9	10
Number of customers collected	15,500	15,683	16,000
Commercial	240	337	450
Reduced residential	4,500	5,361	5,800
Amount of class 3 debris collected	12,500	12,500	12,700
Amount of garbage collected	15,700	15,900	16,200

### 2007-2008 ANNUAL BUDGET

#### GOAL MISSION STATEMENT

"To promote the understand conservation of the natural world in which we live." In doing so we strive to:

- Provide the citizens of Alexandria and Central Louisiana with recreational and educational experiences while viewing an organized collection of animals.
- Increase services to our community by development of new educational programs and to continue with the conservation of endangered species.
- 3. Develop research projects in cooperation with other agencies such as colleges and universities.
- Increase attendance through the implementation of Phase I of the Zoo's Master Plan, thereby insuring revenue and providing better living conditions for our Zoo animals.
- Maintain standards set forth by USDA and the American Zoo and Aquarium Association for animal husbandry, thereby insuring our accreditation by AZA.

### FUNCTION DESCRIPTION

#### The Alexandria Zoo:

- Serves as a community recreational facility as well as being the largest family oriented, educational tourist attraction in Central Louisiana with close to 200,000 visitors annually.
- Serves as an educational source for thousands of school children from Rapides and the surrounding parishes. Educational programs research approximately 20,000 children and adults each year. Volunteers assist staff.
- Actively participates conservation program for endangered and threatened wildlife, including Species Survival Plan programs nationally for Sumatran tigers, Andean condors, white-handed gibbons, manned wolf, red wolf, and jaguars.
- Maintains 30 species of mammals, 65 species of birds, 15 species of reptiles, 10 species of fish, for a total of approximately 500 animals. Approximately 20 species exhibited at our zoo endangered or threatened species.
- 5. Actively promotes the appreciation and preservation of native as well as exotic wildlife.
- 6. Promotes cultural enrichment through special events such as concerts and other forms of entertainment in the zoo.
- 7. Strives to increase revenue and attendance through special events such as Zoo Boo and Holiday Light Safari.
- 8. Contributes to economic development since it draws a large out-of-town audience.

### 2007-2008 ANNUAL BUDGET

DIVISION: Public Works FUND: 450
DEPARTMENT: Municipal Transit ORGANIZATION: 043901

### GOAL MISSION STATEMENT

The mission of ATRANS is to improve the quality of life of the citizens of Alexandria by providing a dependable means of transportation for these who do not own a personal vehicle or those who require alternative means of transportation. This will be accomplished by creating a transit system and a complimentary paratransit system that is dependable, yet affordable to all clients.

### FUNCTION DESCRIPTION

The municipal transit system operates eight fixed routes through out the city limits of Alexandria and Pineville as well as two specialized curb-to-curb complimentary paratransit vans for the disabled clients in the area. The bus department maintains the fleet via an in-house maintenance department. The daily operation of ATRANS are Monday-Saturday from 6:00 AM to 7:00 PM. The eight routes are designed to be rider friendly and are equipped with special equipment to make boarding, ridding, and alighting more safer.

### DEMAND PERFORMANCE INDICATORS

Description	2005-2006 Actual	2006-2007 Estimated	2007-2008 Projected

### CITY OF ALEXANDRIA

### HISTORY

The City of Alexandria was founded in 1785, incorporated in 1819 and chartered in 1932. Spanish Franciscan missionaries arrived about 1690. Tradition has it that the mission they built was located with in the boundaries of what is today the Rapides Cemetery in Pineville. In the early 1700's St. Denis ascended the Red River with the French and ordered the Spanish priests to leave Louisiana. The French than stationed a small detachment at the rapids in 1723. The beginning of today's crossroads was secured by "Post du Rapide".

Nature and geography played important roles in establishing twin communities on opposite banks of the Red River. In those early days, a ledge of limestone crossed the Red River forming a rapids just above what is now the site of Alexandria and Pineville. The first travelers stopped at this point rather than make the portage around the rapids - over which even a canoe could not pass for 4 or 5 months of each year during low water periods.

### GENERAL

The City of Alexandria serves as the Parish Seat and is located near the geographic center of Louisiana along the west bank of the Red River. Alexandria is central Louisiana's largest populated and commercial activity center with an estimated S.M.A. population of 155,000 plus. The Alexandria area, the "Crossroads of Louisiana", is a center for electronic media and commercial trade. The official trade area served by Alexandria contains a population in excess of 350,000. Alexandria is the eighth largest city in the state.

Alexandria adopted a City Charter which became effective in 1977 and which provides for a Mayor-Council form of government consisting of a full time Mayor and seven Councilmen, five of which are elected from districts and two of which are elected at large. The Council members elect their president, appoint the City of Clerk, adopt ordinances and perform the duties outlined in the Charter. The Charter also sets forth the duties of the Mayor, who is the Chief Executive Officer of the City. The City Administration includes a Public Works Division, a Utility Division, a Finance Division, a Planning Division, a Personnel Division, a Legal Division, Community Services Division, and Police and Fire Departments.

The Charter also sets forth certain procedures relating to financial operations of the City, including but not limited to, the preparation, adoption and administration of the City budget, the adoption of supplemental and emergency appropriations, the reduction of and transfer of appropriations, (with the limitation that no appropriation for debt service on bonds of the city may be reduced or transferred) and the provision of a five year capital outlay program. The City is empowered to incur debt in accordance with the City Charter and the constitution and statutes of the State of Louisiana.

The City owns and operates its own Utilities System consisting of a combined electric power and a light plan and system, waterworks plant and system, gas system and wastewater plant and system. The City also owns and operates its own Municipal Transit and Sanitation systems.

### ECONOMY

Alexandria's economy is based upon agriculture and timber production, wholesale and retail trade, services and public sector activity. Unlike some other areas of Louisiana, it si not dependent on the oil and gas industries. Located in the fertile Red River Valley, the Alexandria area is considered as some of the best farm and timberland in the country.

Alexandria's importance in the trade sector has been enhanced by the addition of the two new regional shopping malls within the City limits. The City's per capital retail sales rate continues to reflect that Alexandria is the principal location to do business in Central Louisiana.

The vitality of Alexandria's service sector is evidenced by six major medical facilities, two four year colleges, two T.V. stations, two newspapers and 10 radio stations. The conversion of the Rapides Regional Medical Center from a public to a private facility caused a significant increase in the taxable assessed valuation of the City in 1995.

Capitalizing on Alexandria's historic and central location, a healthy tourism sector has been established with almost 2,000 guest rooms available in the City an Convention Center combined seating capacity of approximately 9,000. Hotel occupancy in Alexandria rose from 65.1% in 1994 to 66.5% in 1995 according to PKF Consulting.

The City has had underway since 1979 a major downtown redevelopment effort. Instigated by a \$1,250,000 pledge from the City of Alexandria, private and public sector investment in projects has exceeded \$100 million in the downtown area. Growth of the City outside of the central business district continues to be strong with the addition of new retail space, apartment development, residential and commercial development. There are currently three new assisted living apartment complexes currently under construction in Alexandria.

Construction of the \$1 billion I-49 project was completed in 1996. I-49 includes 4.19 miles of interstate highways, an interchange at U.S. Highway 71, highway ramps, downtown street underpass (related to the relocation of the Missouri-Pacific Railroad from Lee Street to Elliott Street), the Sugar House Road overpass, and the rebuilding of Fulton and Casson Streets. In addition, the Corps of Engineers completed the \$1.7 billion Red River Navigation Project which connected Shreveport with the Mississippi River. This completion of this project and the development at the England Economic and Industrial Park has been a boost to development at the England Economic and Industrial Park has been a boost to development at the Port of Alexandria.

The December, 1992 closure of England Air Fore Base prompted the creation of the England Economic and Industrial Development District (England Authority). The England Authority is responsible for the commercial and industrial development of the base through the reuse of the land infrastructure improvements. Commercial aviation was moved during the Summer of 1996 from Esler Regional Airport to England International Airport. They provide transportation through the use of commuter airlines who furnish regularly scheduled provide transportation through the use of commuter airlines who furnish regularly scheduled flight from/ to Dallas/Ft. Worth, Houston, New Orleans, Monroe, Shreveport and Memphis.

### CULTURE, RECREATION AND TOURISM

In October of 1996 the City of Alexandria opened the Alexandria Riverfront Center. This facilities offers 6,200 theater style seating capacity, space for 380 indoor booths, over 93,000 square feet of indoor exhibition space and an additional 12,150 square feet of covered outdoor exhibition area. A three story parking garage adjacent to the new center was constructed in the Fall of 1997. The City of Alexandria provided \$1.25 million dollars toward the construction of a \$2.6 million River Oaks Artists Studio. Construction began during the Fall of 1997. The Rapides Foundation has committed to providing \$4 million toward the construction of a new Performing Arts Complex to be located adjacent to the new River Oaks Artists Studio. Renovation of the Alexandria Museum of Art located directly behind City Hall and just down the street from the Riverfront Center will be completed during the Fall of 1997.

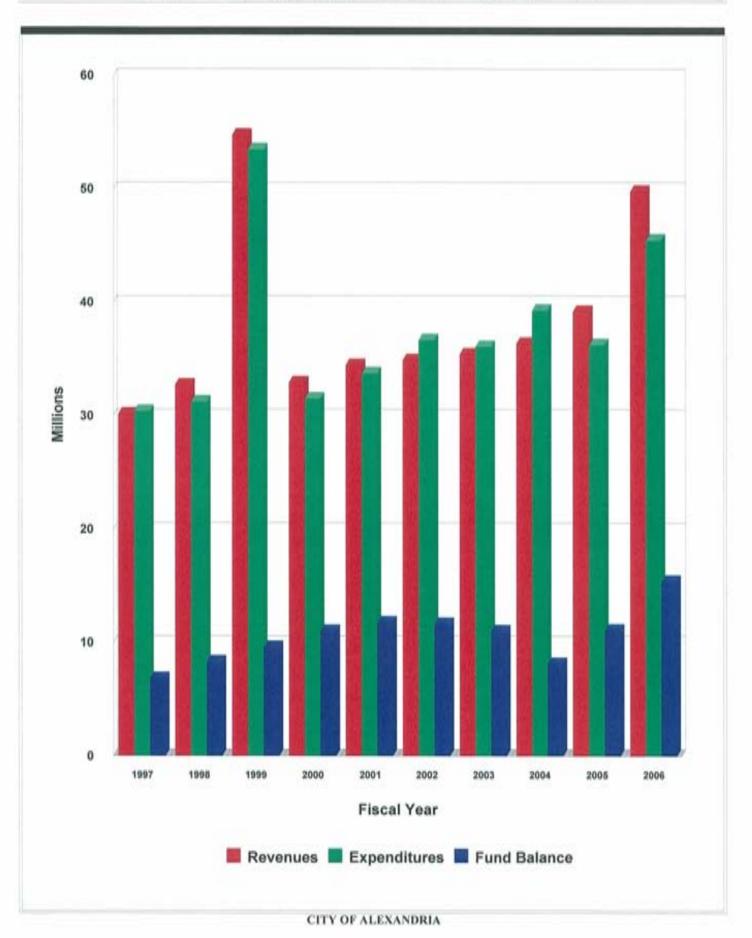

The City is in the process of constructing a sports complex, consisting of 12 lighted ball fields, 19 soccer fields, a jogging trail, tennis courts, and parking for over 1,000 cars. Completion is expected in the Fall of 2003.

In the Alexandria area, tourists visit historical sites such as the Kent Plantation House, built in 1976; the renovated Hotel Bentley, which opened in 1908, and was the place where Generals Eisenhower, Clark and Patton planned battle strategies; the Alexandria Visual Arts Museum; the Alexandria Historical and Genealogical Library and Museum; the Louisiana Seminary Site, first home of Louisiana State University, opened in 1860 with William Tecumseh Sherman as headmaster. Other attractions included but are not limited, the Alexandria Zoological Park; recreational areas in the vicinity such as Valentine Lake, Cotile, Kincaide, Indian Creek, and Kees Parks; the Azalea Trail; Hot Wells Health Resort; Rapides Parish Coliseum; churches such as St. Francis Xavier Cathedral, Mount Olivet Church, Trinity Episcopal Church built in 1953. River Oaks Square is the site of painters, weaves, sculptors and stained glass artists creating and exhibiting their works of art.

Recreational opportunities abound in the Alexandria area with over 100 civic clubs and organizations, 26 ball fields, 14 local parks, including the Alexandria Zoological Park, theaters at Louisiana College, LSU-A and the City Park Players, and semi-professional baseball at Bringhurst Stadium. Alexandria also hosts several "celebrations" including Cenlabration, Christmas lighting attractions and parades, Mardi Gras parades, ... There are wonderful opportunities for visitors to our area to have a memorable experience.

# The City of Alexandria, Louisiana STATEMENT OF CASH MANAGEMENT POLICY

Cash Management Policies, Rules and Regulations governing the City's activities, and to institute and administer such specific procedures and criteria as may be necessary to ensure compliance with the City's cash management policy. Specifically, this policy mandates the pursuit of the following overall goals and objectives:

- All aspects of cash management operations shall be designed to ensure the absolute safety and integrity of the City's financial assets.
- 2. Cash management activities shall be conducted in full compliance with prevailing local, state and federal regulations. Furthermore, such activities shall be designed to adhere to guidelines and standards promulgated by such professional organizations as the American Institute of Certified Public Accountants (AICPA), the Governmental Accounting Standards Board (GASB), the Government Finance Officers Association (GFOA), etc.
- 3. Operating within appropriately-established administrative and procedural parameters, the City shall aggressively pursue optimum financial rewards, while simultaneously controlling its related expenditures. Therefore, cash management functions which engender interaction with outside financial intermediaries shall be conducted in the best financial and administrative interests of the City. In pursuit of these interests, the City will utilize competitive bidding practices wherever practicable, affording no special financial advantage to any individual or corporate members of the financial or investment community.
- 4. The City shall design and enforce written standards and guidelines relating to a variety of cash management issues, such as the eligibility and/or selection of various financial intermediaries; documentation and safekeeping requirements; philosophical and operational aspects of the investment function; and such other functional and administrative aspects of the cash management program which necessitate standard-setting in pursuit of appropriate prudence, enhanced protection of assets or procedural improvements.
- 5. Investments of the City, or of certain funds held in its possession in a fiduciary capacity, shall be made with the exercise of that judgment and care, under circumstances then prevailing, which men of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived.

The Finance Director is directed to appropriately amend and/or revise the City's rules and regulations as conditions warrant, subject to administrative and legislative oversight.

# The City of Alexandria, Louisiana

## CASH MANAGEMENT POLICIES, RULES & REGULATIONS

#### I. INTRODUCTION

The City of Alexandria, Louisiana, operating within the parameters imposed by Louisiana Revised Statutes, provides a variety of public services to its citizenry. In keeping with its diverse responsibilities, the City provides full-scale utility services, sanitation pickup (garbage and recyclables), bus service, street and drainage services and maintains many recreational facilities for public use.

Financial support for the City's approximately 860 employees, regularly recurring expenditures to provide the aforementioned services and necessary expenditures to build and maintain the capital infrastructure within the City stems from local sales and ad valorem taxes, utility charges, federal and state grants, as well as other revenue sources, including rentals, fines and interest earnings.

There are generally significant timing differentials between the receipt and subsequent expenditure of financial resources, resulting in temporary cash balances which may be invested under the authority granted by Louisiana Revised Statutes. As of 1994, these temporary cash balances totaled nearly \$70 million.

Given the magnitude of this investment portfolio, the City must concern itself with three basic issues, namely:

- The absolute safety of the City's portfolio is paramount.
- 2. The portfolio's liquidity must be adequate to respond to all expenditure requirements in a timely manner.
- 3. Within the foregoing constraints, interest earnings must be maximized.

In order to address these issues, the City has established a permanent Cash Management Task Force, charged with identifying and examining all aspects of the City's cash management environment, and formulating appropriate guidelines and procedures to be applied within the City's day-to-day operations. As part of the Task Force's initial mission, it fashioned a prospective cash management policy which was presented to the Mayor and City Council for formal consideration. The Task Force then met with the Mayor and Council to explain and discuss both the prospective policy and the administrative rules and regulations which would prospectively guide City operations.

Ultimately, the City Council formally approved the cash management policy, which is reiterated at the conclusion of this section.

In keeping with the mission mandated by this formal policy, the Finance Director, in concert with members of the Cash Management Task Force, has promulgated a Statement of Cash Management Policies, Rules & Regulations, which provides for the specific administrative treatment of a broad range of cash management activities. In several instances, the Statement refers to specialized subsidiary documents which must be incorporated into daily operating procedures and/or which provide illustrative detail with regard to the City's guidelines. With the participation of Task Force members, the Finance Director will amend, revise, update and purge both the Statement of Cash Management Policies, Rules & Regulations and its various operationally related subsidiary documents as conditions require; informing the Mayor of any such changes, and subject to the City Council's review. The current subsidiary documents (which are available upon request) are:

- The City's required Master Repurchase Agreement
- The City's required Master Collateral Agreement
- The City's Lead Bank Custodial Agent Agreement

CITY OF ALEXANDRIA, LOUISIANA - PAGE 1 OF 12

- · The City's Third-Party Custodial Agent Agreement
- · The City's Broker/Dealer Questionnaire & Certification
- The City's Investment Advisor Questionnaire & Certification
- · The City's List of Eligible Investments

The documents listed above are designed for distribution to (and sometimes execution by) outside financial intermediaries, and serve to provide both legal and administrative protections to the City. In addition to such documents, the Task Force has formulated other materials for internal use, including:

- A competitive Bid Quotation Sheet, upon which the details of the City's daily investment activities are permanently recorded.
- An illustrative operational outline of The Federal Reserve's Cash & Securities Safe-keeping Mechanism, which serves as a useful reference guide to City staff in regard to wire transfer and safekeeping activities, as well as illustrating the operational inter-relationship between the City and its various financial intermediaries.
- An illustrative operational outline of the mandated Reporting Requirements of GASB Statement no.
   3, which provides City staff with a quick-reference guide to the required footnote disclosure and classification of both "owned" securities and securities pledged as "collateral" (by commercial banks) to protect deposits (both "time" and "demand") of the City.

The foregoing documents reflect the operational and philosophical approach which the City applies to its overall cash management environment. The City has made a significant commitment of both time and financial resources to this effort, and will continue to avail itself of whatever technical and educational tools which are now or shall become necessary to ensure its continued protection, operational integrity and financial success.

It is anticipated that the Cash Management Task Force will make periodic reports to the Mayor and Council, outlining the status of the City's cash management operations and updating City officials with regard to any events which may require significant administrative and/or legislative attention.

The following cash management policy has been designed by the Cash Management Task Force of the City of Alexandria, Louisiana, under the direction of the Finance Director; reviewed by the Mayor; and formally approved by the City Council in October, 1994.

### STATEMENT OF CASH MANAGEMENT POLICY

Subject to oversight by the Mayor and City Council, the Finance Director is both authorized and required to promulgate a written Statement of Cash Management Policies, Rules and Regulations governing the City's activities, and to institute and administer such specific procedures and criteria as may be necessary to ensure compliance with the City's cash management policy. Specifically, this policy mandates the pursuit of the following overall goals and objectives:

- All aspects of cash management operations shall be designed to ensure the absolute safety and integrity
  of the City's financial assets.
- Cash management activities shall be conducted in full compliance with prevailing local, state and
  federal regulations. Furthermore, such activities shall be designed to adhere to guidelines and standards
  promulgated by such professional organizations as the American Institute of Certified Public
  Accountants (AICPA), the Governmental Accounting Standards Board (GASB), the Government
  Finance Officers Association (GFOA), etc.

CITY OF ALEXANDRIA, LOUISIANA - PAGE 2 OF 12

- 3. Operating within appropriately-established administrative and procedural parameters, the City shall aggressively pursue optimum financial rewards, while simultaneously controlling its related expenditures. Therefore, cash management functions which engender interaction with outside financial intermediaries shall be conducted in the best financial and administrative interests of the City. In pursuit of these interests, the City will utilize competitive bidding practices wherever practicable, affording no special financial advantage to any individual or corporate members of the financial or investment community.
- 4. The City shall design and enforce written standards and guidelines relating to a variety of cash management issues, such as the eligibility and/or selection of various financial intermediaries; documentation and safekeeping requirements; philosophical and operational aspects of the investment function; and such other functional and administrative aspects of the cash management program which necessitate standard-setting in pursuit of appropriate prudence, enhanced protection of assets or procedural improvements.
- 5. Investments of the City, or of certain funds held in its possession in a fiduciary capacity, shall be made with the exercise of that judgment and care, under circumstances then prevailing, which men of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived.

The Finance Director is directed to appropriately amend and/or revise the City's rules and regulations as conditions warrant, subject to administrative and legislative oversight.

#### II. GENERAL POLICIES

- A. In general, the cash management and investment activities of the City shall be conducted in a manner which is consistent with prevailing prudent business practices which may be applied by other organizations of similar size and financial resources, in strict compliance with Louisiana Revised Statutes.
- B. Investments of the City, or of funds held in its possession in a fiduciary capacity, shall be made with the exercise of that judgment and care, under circumstances then prevailing, which men of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived.
- C. Rules and policies promulgated by the Finance Director shall be designed in the best interest of the City, and shall not afford special financial advantage to any individual or corporate member of the financial or investment community.
- D. Expenses incurred for banking or financial services shall be treated in a competitive manner, as are other expenditures of City funds.
- E. Financial institutions which serve as depositories of City funds shall comply with all prevailing provisions of Louisiana Revised Statutes, and shall meet the City's established criteria (as herein described) for overall financial strength, adequate capitalization and appropriate liquidity.
- F. Securities dealers with whom the City conducts business shall be subject to established guidelines and criteria (as herein described).
- G. Independent financial advisors with whom the City may establish working relationships shall be subject to established guidelines and criteria (as herein described).

- H. The City will limit its purchase of investment securities to those which are of the highest quality (as herein described), including, but not limited to, fully-insured or fully-collateralized time deposits in commercial banks which are chartered and headquartered within the State of Louisiana, certain direct obligations of the United States government, certain obligations of United States government agencies, certain obligations of United States government instrumentalities or the purchase of such U. S. government or agency securities under the terms of repurchase agreements. (See the City's List of Eligible Investments.)
- In all circumstances, all of the City's documentation criteria (as herein described) shall be strictly applied.

#### III. CASH MANAGEMENT PROGRAMS AND ACTIVITIES

The Finance Director is committed to the overall success of the City's cash management programs. These programs address a variety of cash management issues, including:

- A. The design and implementation of reliable and effective cash-flow forecasting methodologies which will assist the City's accounting personnel in the determination of the amounts of cash available for investment; the time period for which the funds may be invested with a reasonable level of confidence; and a measure of the volatility of specific forecasts, which will allow viable determination of the required liquidity which must characterize the specific investments.
- B. The design and implementation of appropriate "revenue acceleration" programs, aimed at enhancing the speed at which monies are collected and deposited.
- C. The design and implementation of suitable "controlled disbursement" programs, which will ensure that City expenses are met in a timely manner, but not in such a way as to jeopardize the earning capacity of the City's cash management portfolio.
- D. The utilization of modern and efficient techniques for the physical movement of money, taking advantage of the technological and operational procedures which have evolved in recent years.
- E. The design of investment policies which will allow the City to maximize its interest earnings, while at the same time establishing policies and procedures which will ensure the total safety of all funds entrusted to the care and control of City personnel.
- F. The cost-effective utilization of investment advisory support services.
- G. The design and implementation of banking relationships which are both favorable to the City and responsive to the day-to-day requirements of the City's complex financial operations.
- H. The design and implementation of appropriate policies and procedures with regard to the proper and effective use of the City's municipal credit authority.

### IV. CASH INVESTMENT POLICIES AND PROCEDURES

The statement, "Investments . . . shall be made with the exercise of that judgment and care, under circumstances then prevailing, which men of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived," imposes a wide variety of responsibilities upon City personnel. These responsibilities include, but are not limited to: the need for prudence and care in the selection of appropriate investment securities; the need for rational criteria for the selection of financial institutions, securities dealers and investment advisors with whom the City conducts business; and a distinct concentration upon the maximization of investment yield within the parameters of the other listed responsibilities. To meet these responsibilities, the Finance Director (in concert with the input of an internal "Cash Management Task Force") has established the following policies and procedures for cash investments.

#### A. Investment Instruments:

The City maintains a List of Eligible Investments in its City Procedures Manual, which specifically enumerates and describes those investment securities in which the City may currently invest. This document is available for inspection upon request. Subject to the specific terms of the aforementioned document, the Finance Director and/or his designee(s) shall invest the City's investable funds in those instruments which are listed below:

- Fully-insured or fully-collateralized Certificates of Deposit issued by qualified commercial banks and savings
  and loan associations located within the State of Louisiana. The term "qualified" is explained more fully in part
  "B" of this section.
- Direct obligations of the United States Treasury, including such instruments as Treasury Bills, Treasury Notes and Treasury Bonds.
- 3. Obligations of certain United States government agencies which are backed by the "full faith and credit" of the United States government. Such agency obligations include Farmers Home Administration Insured Notes (FHAs), certain "scaled" discount notes and certain (relatively short-term) securities issued by the Government National Mortgage Association (GNMAs).

Other "direct obligations," while fully guaranteed by the "full faith and credit" of the United States government, enjoy less active secondary markets than the more traditional Bills, Notes and Bonds, or the broad and orderly markets enjoyed by certain GNMA issues.

Therefore, the City will refrain from purchasing such instruments as "SBA" loans, "AID" bonds, certain "stripped" Treasury securities (often referred to generically as CATS, TIGRS, STRIPS, etc.), "pass-through" or "derivative" securities, etc.

- 4. Obligations of certain U. S. Government instrumentalities, including (but not limited to) such instruments as Federal Home Loan Bank debt (FHLBs), Federal National Mortgage Association debt (FNMAs), certain "scaled" discount notes or certain (very short term) "Federal Farm Credit" debt (FFCBs).
- Other U. S. Government instrumentality issues, such as Asian Development Bank Notes, Inter-American Development Bank bonds, World Bank bonds, Postal Service bonds, Tennessee Valley Authority bonds or intermediate- or long-term "Federal Farm Credit" instruments do not enjoy widespread, orderly marketplaces, and are therefore inappropriate for the City portfolio.
- 5. Purchases of the approved "direct," "agency" or "instrumentality" securities mentioned in paragraphs 2, 3 and 4 above, under the terms of a repurchase agreement (or in support of the City's "Sweep Account") which meet the procedures established in part "C" of this section.

The City's standards for such purchases (under terms of repurchase agreements) are somewhat different than the standards applied to actual "hold to maturity" or "long" purchases within the City's portfolio itself. For example, the City might never purchase 10-year GNMA securities for its permanent portfolio; but such securities should be perfectly acceptable as the securities purchased under the terms of a repurchase agreement. (See paragraph 8 of this section.)

6. Current policy limits cash investments to those listed in paragraphs 1 through 5 above. However, there are numerous other money market instruments which are prudent vehicles for effective cash management, even though they may not be currently utilized by the City. Such money market investments include "eligible" bankers' acceptances (BAs); "A-1/P-1" commercial paper (CP); negotiable and variable rate certificates of deposit (CDs); the Louisiana Asset Management Pool; etc.

As the City develops appropriate investment sophistication, it may carefully examine such alternatives, assuming, of course, that such alternatives are then legally authorized by Louisiana Revised Statutes. However, City personnel

CITY OF ALEXANDRIA, LOUISIANA - PAGE 5 OF 12

will not execute such transactions without discussion with (and notification of) the appropriate administrative and legislative representatives of the City.

- 7. In no event will any investment vehicle be selected and utilized until the Finance Director is fully convinced that City personnel have full familiarity with the nature and nuances of the specific investment vehicle. Furthermore, the Finance Director will endeavor to make available whatever professional training is necessary to assist City personnel in the performance of their cash management duties and responsibilities.
- 8. Generally, the City will invest in "money market instruments," which are defined as very creditworthy, highly liquid investments with maturities of one year or less. Although there may be certain circumstances in which intermediate-term securities are utilized, such as investments of long-term sinking fund contributions, maturity-matched construction funds or securities purchased under the terms of short-term repurchase agreements, the general use of long-term securities shall be avoided.

Such long-term instruments are generally inappropriate to the City's cash management operations, since the purchase of such securities infers a certain level of "speculation," given the significant "market risk" and/or "interestrate risk" which characterizes long-term investments. The exception to this rule involves securities purchased under the terms of short-term repurchase agreements, as discussed in paragraph 5 of this section.)

#### B. Criteria for Selection of Financial Intermediaries:

Although the City's policies for the purchase of investment securities are designed to ensure complete safety, accompanied by appropriate liquidity and competitive yields, the "providers" of such securities must also meet specific financial and operational standards.

Deposits in commercial banks and savings and loan associations (S&Ls), whether they be time deposits, demand deposits or deposits in special interest-bearing accounts ("NOW," "Super-NOW," "Sweep," etc.), shall only be made in banks (and S&Ls) which qualify to accept public-sector deposits which are protected under the terms of prevailing Louisiana Revised Statutes.

However, certain "sweep" or "automatic repo" accounts, and certain funds held under the terms of a "repurchase agreement" arrangement may not be protected under the provisions of prevailing Louisiana Revised Statutes, since "Regulation D" specifically excludes such balances from its definition of "deposits." Therefore, such balances shall be protected through the judicious application of securities safekeeping procedures, which will insure the safety and integrity of all City monies.

Financial intermediaries which conduct business with the City shall be subject to the following types of selection criteria:

#### 1. Commercial Banks:

The creditworthiness, liquidity and overall financial strength of financial institutions into which the City deposits money, as that can be measured through recognized industry rating services, shall be a factor in the City's decisions.

Deposits of City monies in commercial banks may only be made with institutions which possess the overall financial strength, capitalization and liquidity to reasonably ensure the safety and availability of such monies. To assess the overall financial strength of potential depositories, the City will utilize third-party rating agencies to perform periodic reviews of various commercial banks, relying upon their reports to determine the appropriateness of the depository.

Currently, the City uses the services of Prudent Man Analysis, Inc. (PMA) to rate the strength of the commercial banks with which the City does business. Inasmuch as PMA utilizes overall ratings of 1 through 5, (1 being strongest . . . 5 being weakest), the City's current policy is to seek depositories with a PMA rating of 1 or 2.

Banks with ratings of 3 shall also be eligible to serve as a depository, but must be periodically and substantively reviewed. If a bank's rating should fall below 3, the bank's eligibility as a depository shall be subject to established

CITY OF ALEXANDRIA, LOUISIANA - PAGE 6 OF 12

criteria applied to categories 4 and 5, and the City will take whatever practicable steps it deems necessary to reduce or eliminate any actual or implied risks which may stem from such rating reductions.

Banks rated in the 4 or 5 category will not generally qualify to receive City monies, except in certain special circumstances, as specifically described below:

a. Banks rated in category 4 may (but only with the written approval of the Finance Director) accept deposits subject to all of the following restrictions:

The total of all deposits (either "time" or "demand") shall not exceed ten percent (10%) of the capital stock, declared surplus and undivided profits of the bank so rated; and the rate paid on interest-bearing deposits must be at least as high as the highest alternative competitive rate available to the City; and

Securities pledged to collateralize such deposits shall have a market value equal to at least 110% of the City's total deposit in such a bank; and

Time deposits shall not bear maturity dates of longer than six (6) months.

 Banks rated in category 5 may only accept deposits which not only meet all restrictions applied to banks rated in category 4, but which also are fully insured (including accrued interest) by the Federal Deposit Insurance Corporation (FDIC).

In addition to its use of PMA services, the City may use the rating services of other organizations, including, but not limited to, Sheshunoff Information Services, IDC Financial Publishing, LACE Financial Corporation, etc., and may exercise prudent discretion (with regard to eligibility criteria), based upon such third-party analyses.

#### 2. Savings and Loan Associations:

Deposits of City monies in Louisiana savings and loan associations shall be subject to the same kinds of rating criteria which are applied to commercial banks. Therefore, their acceptability as depositories will be based on the third-party ratings of such organizations as PMA or its counterparts.

Prevailing policy prohibits the City from depositing (in savings and loan associations) any amount (including accrued interest) which exceeds prevailing federal insurance limits.

#### 3. Securities Dealers:

There are approximately 40 major investment banking firms which are listed by the Market Reports Division of the Federal Reserve Bank of New York as the "primary" securities dealers. These dealers are unique within the United States government securities industry in that they both "report" and are "regulated" in an industry which is typically "non-reporting" and "unregulated."

Included on this "blue chip" list are major securities firms (Prudential, Kidder-Peabody, Fuji, Dean Witter Reynolds, Merrill Lynch, Smith Barney, etc.) and some of the world's largest banks (Chase, Citicorp, First Chicago, Chemical, Barclays, DeutscheBank, etc.).

Current City policy is to restrict transactions relating to the purchase and sale of U. S. Government securities to this list of "primary" securities dealers. Such policy, therefore, will preclude the City from doing business with other brokers and dealers whose financial strength and operational capabilities cannot be confidently determined, given the absence of "reporting" and "regulation" requirements.

Furthermore, the fact that an individual broker/dealer seeks to conduct securities business with the City simply because he/she is employed by one of the aforementioned "primary" dealers is, in and of itself, an insufficient reason to assume that the City will approve such a broker/dealer for purposes of selling (or buying) securities to (or from) the City. Therefore, the City has designed a form entitled Broker/Dealer Questionnaire & Certification which must be submitted to the City for its approval prior to designation of the individual as a broker/dealer who is eligible to conduct securities business with the City. A copy of this document is contained in the City's

CITY OF ALEXANDRIA, LOUISIANA - PAGE 7 OF 12

Procedures Manual, and is available for inspection upon request.

Ultimately, the City must satisfy itself that the individual broker/dealer with whom the City has direct day-to-day contact can demonstrate the prerequisite skill, experience and reputation to deservedly conduct business with the City. Therefore, only individuals who can clearly demonstrate this professionalism and business integrity will qualify as financial intermediaries with regard to the City's investment portfolio.

This policy may seem unduly restrictive. However, the City's policy is to "err on the side of prudence," rather than accept even the smallest risk of loss of principal or interest.

#### 4. Investment Advisors:

The City may elect to seek professional investment advisory support services. Such services should allow the City to improve its investment capabilities in several areas, including enhanced competitive market access, reliable estimates of interest-rate trends, isolation and realization of portfolio trading profits, advanced investment accounting technology and access to computer-based evaluation models.

The City has established strict guidelines regarding the selection of such investment advisors, to ensure that such support services are consistent with the City's established policies and procedures. These guidelines include, but are not limited to, the following:

- Any investment advisor wishing to advise the City shall be a "Registered Investment Advisor" as defined and regulated by the Securities & Exchange Commission (SEC).
- b. Any such investment advisor shall be completely independent of any financial institution or securities brokerage firm, and shall not participate in any commissions, bonuses or soft-dollar payments as a result of his/her relationship to the City.
- c. Any such investment advisor shall not take possession of any City monies or investment securities, nor have access to or control over such monies and/or securities. Procedures for delivery, possession and safekeeping are described in Section IV.C of this statement. Such procedures shall remain the same, regardless of the City's relationship with an investment advisor.
- d. Any such investment advisor shall not be empowered to execute investment or liquidation transactions on behalf of the City. All such transactions shall be executed by City personnel.
- e. Any such investment advisor shall provide the City with periodic reports (at least monthly) regarding the accounting treatment and performance level of the City's investment portfolio. Such reports shall be verifiable within the definition of generally accepted accounting principles (GAAP).
- f. Fees for investment advisory services shall be fixed monthly charges, as opposed to "performance-based" fees, which are very difficult to audit on an objective basis.

It is imperative that any investment advisor who provides support services to the City be both highly qualified and demonstrably independent. Furthermore, a prospective advisor should be able to provide clear evidence of his/her capabilities on behalf of clients similar to the City. The City has designed a form entitled *Investment Advisor Questionnaire & Certification* which must be submitted to the City for its approval before such an investment advisor will be considered by the City to be qualified to serve in an advisory capacity. A copy of this document is available for inspection upon request.

#### C. Procedures for the Delivery, Possession and Safekeeping of Investment Securities:

It provides insufficient protection for the City to simply limit its cash investments to those listed in part "A" of this section. To ensure total protection, the City has established precise delivery, possession and safekeeping procedures to be followed in all cases. Specifically:

 All ownership of securities shall be evidenced by an acceptable safekeeping receipt issued by a third-party financial institution which is acceptable to the City (or by a safekeeping receipt from the Federal Reserve Bank, should such services become available).

In most cases, the City will accept a safekeeping receipt issued by its "lead bank" which clearly indicates that the securities are being held by the City's "lead bank" in the City's name, accompanied by a copy of the "lead bank's" safekeeping receipt from the Federal Reserve Bank. (The latter receipt will indicate that the securities are held in the "lead bank's" name on behalf of a "customer," as indicated by an "02" classification.)

However, the "lead bank" may not provide securities safekeeping services in cases in which the "lead bank" is a "principal" or "counterparty" in the investment transaction itself, as specifically addressed in the City's Lead Bank Custodial Agent Agreement.

In such cases, safekeeping documentation similar to that described in the preceding paragraph must be provided by a "third-party bank" which is acceptable to the City. Furthermore, such "third-party bank" safekeeping may not be provided by a "parent" or "holding company" bank which is financially related to any bank which is a "principal" in a specific securities transaction. The City has designed a form entitled *Third-Party Custodial Agent Agreement*, which specifically delineates the role and responsibilities of such "third-party banks." A copy of this document is contained in the City's Procedures Manual, and is available for inspection upon request.

[Note: In cases in which the City's "lead bank" merely "executes" the necessary wire-transfer services to support the City's investment transactions, and is not a "principal" in the transaction, the bank's role is defined as that of a "Settlement Agent," rather than a "counterparty," as described by the Governmental Accounting Standards Board (GASB).]

In addition to the securities which are "owned" by the City, Louisiana Revised Statutes provide that all "deposits" of the City in commercial banks be "fully collateralized" by "acceptable securities."

The Federal Reserve Bank (the "Fed") has specifically designed a system by which the Fed itself may act as the safekeeping agent of both the City and the bank which is "pledging" the collateral (to secure City deposits). Upon proper transfer by the "pledging" bank into a "joint custody account" (classification "07"), the Fed will issue a "joint custody receipt" to both the "pledging bank" and the City. Thereafter, the Fed will not release the securities prior to their maturity (for purposes of reassignment or liquidation) without the express consent of both parties.

The City has established its own joint custody account at the New Orleans Branch of the Federal Reserve Bank, represented by a "psuedo" ABA number (account number 9650-8029-1, entitled "City of Alexandria, Louisiana"). All joint custody receipts issued by the New Orleans Fed shall note the City's ABA number. (The City has "signature cards" on file with the Fed, and has established telephonic and written documentation procedures for the release of securities so held.)

The City has designed a Master Collateral Agreement which must be executed by a commercial bank prior to its receipt of City monies. A copy of this document is contained in the City's Procedures Manual, and is available for inspection upon request.

In general, there are four types of transactions which require securities safekeeping. The City anticipates that all four transaction types can be satisfactorily consummated by the receipt of either a safekeeping receipt issued by one of its "custodial agent" banks (as described above) or a Federal Reserve "Joint Custody Receipt" (classification "07"). These four "transaction types" and the related safekeeping requirements are discussed below:

a. Purchases of "book entry" securities from acceptable primary securities dealers shall typically be evidenced by a safekeeping receipt issued by the City's "lead bank," naming the City as "owner" of the securities, and accompanied by a copy of the "lead bank's" safekeeping receipt from the Fed (classification "02").

- b. Purchases of "book entry" securities under the terms of a qualified "repurchase agreement" shall be held in the same manner as described in part IV.C[1][a] if the transaction is executed with a "primary dealer." (These terms are more fully described in the City's Master Repurchase Agreement.)
  - However, the safekeeping of such securities with regard to "repurchase agreements" or "sweep accounts" with commercial banks shall be held only by a third-party bank other than the selling bank. (Such a "third-party bank" shall be acceptable to the City, and shall accompany its own safekeeping receipt with a copy of its classification "02" safekeeping receipt issued by the Fed.)
- c. Purchases of other types of "non-book entry" securities shall be evidenced by a "third-party bank's" safekeeping receipt, subject to precise requirements which shall be dictated at the City's discretion. (Generally, the City only purchases "wirable" securities.)
- d. Securities (both "wirable" and "physical") which are held as "collateral" on bank deposits in Louisiana banks (whether "time" or "demand" deposits) shall be held at the Federal Reserve Bank, and evidenced by (classification "07") "Joint Custody Receipts."
- 2. All investment (or divestment) transactions will be implemented on a "delivery vs. payment" (or "payment vs. delivery") basis. In the absence of acceptable delivery (or payment), the City will refuse to enter the transaction.
- 3. Repurchase agreements will meet the aforementioned delivery criteria, and will be accompanied by an acceptable "haircut" (i.e., excess of market value of securities over principal amount of investment).

The required "haircut" will be established by the City, and shall be specifically addressed in the City's written Master Repurchase Agreement which supports the repurchase transaction. In general, the extent of the haircut requirement will increase in direct proportion to the length of maturity of securities purchased under the terms of the written Master Repurchase Agreement.

Furthermore, securities purchased under the terms of repurchase agreements shall generally have maturity dates of ten years or less, and shall be "wirable" instruments through the U. S. Federal Reserve system. Any departure from these "maturity" or "wirability" standards shall require the specific, written authorization of the Finance Director.

In the absence of authorization to the contrary, the City will require the following minimum ratios of market value of securities purchased (under the terms of the repurchase agreement) to the principal dollar amount of such investments:

- U.S. Treasury Bills, Notes & Bonds which mature in 1 year or less: 101%
- U.S. Treasury Notes & Bonds which mature in 1 to 10 years: 102%
- U.S. Government agency securities which mature in up to 10 years: 102%

Naturally, the "haircut ratios" listed above must be examined on a daily basis, to ensure that the "haircut" or "margin" does not drop below minimum acceptable levels. In cases of securities which require "physical" rather than "book entry" delivery and safekeeping, the City will require a higher "haircut ratio," and must approve the acceptability of such securities. Similarly, if securities have maturities in excess of ten years, the City may require higher "haircut ratios," and must approve the acceptability of the securities.

[Whenever possible, the City will only accept "wirable" securities with maturities of 10 years or less. However, the City may accept (at its discretion) certain physical delivery and safekeeping of non-wirable and/or longer-term securities,]

4. On very rare occasions, the City may choose to "reverse" certain securities within its portfolio under the terms of a "reverse repurchase agreement." However, this authority shall be severely restricted, requiring written authority

from the Finance Director.

The City's only rationale for "reversing" is to provide short-term liquidity which is less costly than permanent liquidation of a portfolio security. This method can be utilized to "temporarily liquidate" many types of securities, including CDs, U. S. government obligations, U. S. government agency obligations, etc.

(The City does not currently utilize "reversing" procedures. However, in the case of local CDs, a "temporary reverse" or "reverse to maturity" may allow the City to avoid "early withdrawal penalties," thereby preserving the City's investment capital. In the case of government or agency securities, a "temporary reverse" may allow the City to avoid liquidation of a desirable instrument in a "disadvantageous" marketplace.)

However, the City will not utilize "reverses" as a tool to effect "margined purchases" of investment securities, nor as an action which will essentially "disguise" or "cover up" unrecognized portfolio losses. Finally, the City will not utilize "reverses" to engage in any types of "speculative" investment transactions.

5. All wire transactions required to implement the aforementioned purchase and sale transactions shall be supported by written instructions to the City's bank, unless the timely preparation of such written instructions would hinder the orderly completion of the transaction itself. In such cases, the City will prepare follow-up letters confirming the oral (typically telephonic) instructions, and forward such written instructions to the bank without undue delay.

#### V. UTILIZATION OF OUTSIDE PROFESSIONAL SUPPORT SERVICES

The City may, from time to time, engage the support services of outside professionals, so long as it can be clearly demonstrated that such engagements produce "net financial advantage" or necessary financial protection of the City's resources.

Such services may include engagement of financial advisors in conjunction with debt issuance; portfolio management advisory support services; specialized professional consulting support; special legal representation; appropriate independent rating services; third-party custodial services; and other supportive services which cannot be efficiently addressed through "in-house" treatments.

All such engagements shall require the written authorization of the Finance Director, who will provide written justification for the engagement to the Mayor and City Council.

#### VI. UTILIZATION OF MUNICIPAL CREDIT AUTHORITY

The City, like other governmental and quasi-governmental entities throughout the United States, is empowered to issue various forms of tax-exempt debt. The interest on such debt is exempt from federal (and sometimes, state) taxation. While the unrestrained use of this authority is inappropriate, there are many circumstances in which the application of specific borrowing techniques is in the financial interest of the City.

Such borrowing is closely regulated by federal law, Internal Revenue Service regulations, specific provisions of the Tax Equity and Fiscal Responsibility Act (TEFRA) and various elements of Louisiana Revised Statutes. Within the established regulations and guidelines, however, the City has a great deal of latitude with regard to the timing and general nature of its financing activities.

The City will utilize those financing alternatives and techniques which produce positive financial advantages.

The Finance Director will, from time to time, recommend to the Mayor and City Council various financing opportunities which should be of ultimate financial and operational benefit to the City. City personnel will constantly monitor the City's existing and potential financing alternatives to ensure that full advantage is being taken of the special tax-exempt financing alternatives which are available to the City.

Formulated by: The Cash Management Task Force Submitted by: Mr. Mark Thibeaux, Finance Director Reviewed by: Mr. Edward G. Randolph, Jr., Mayor Approved by: The City Council (in October, 1994)

The City maintains a Cash Management Procedures Manual which, among other things, contains the City's currently-approved format for such documents as:

- 1. The City's Master Repurchase Agreement
- 2. The City's Master Collateral Agreement
- 3. The City's Lead Bank Custodial Agent Agreement
- 4. The City's Third-Party Custodial Agent Agreement
- 5. The City's Broker/Dealer Questionnaire & Certification
- 6. The City's Investment Advisor Questionnaire & Certification
- 7. The City's List of Eligible Investments

Those financial institutions, securities dealers, investment advisors, financial consultants and other firms (or individuals) having a special interest in such documents can request copies from:

# The City of Alexandria, Louisiana

## LIST OF ELIGIBLE INVESTMENTS

This document has been designed to specifically define those investment securities which are "eligible" for inclusion in the City's investment portfolio. In addition, this document lists certain investment securities which are definitely "ineligible" for inclusion. Next, the list delineates the City's "maximum maturity" criteria, both as to individual investments and the portfolio's "maximum weighted average maturity." Finally, since the City's eligibility criteria for "permanent" investments ("long" purchases) differs from the eligibility criteria applied to "temporary" investments (under the terms of approved repurchase agreements), the differences in such eligibility criteria are clearly defined.

Under normal circumstances, no variation from the listed criteria shall be allowed. However, the City may elect, at its discretion, to amend and/or refine its List of Eligible Investments as conditions warrant; a process which will be initiated by the City's permanent Cash Management Task Force, with input and oversight by the Finance Director, the Mayor and the City Council. In any event, no variances from the following list will be allowed in the absence of specific, written approval from the Finance Director.

#### A. Eligible Investments (in permanent portfolio):

- United States Treasury Bills (any maturity).
- United States Treasury Notes (up to 5-year maturities).
- United States Treasury Bonds (up to 5-year maturities).
- United States Treasury STRIPS (up to 2-year maturities).
- Securities issued by the Government National Mortgage Association (GNMA) which have final stated maturity dates of 5 years or less.
- Securities issued by the Federal National Mortgage Association (FNMA), the Federal Home Loan Mortgage Corporation (FHLMC), the Federal Farm Credit Bank (FFCB) and the Federal Home Loan Bank (FHLB), subject to the following limitations:
  - All coupon issues shall have defined final maturities of 5 years or less.
  - All discount notes (primary or secondary) shall have defined maturities of 1 year or less.
  - All securities defined by the instrumentalities listed above (generally defined as "medium-term notes") shall have final maturities of 5 years or less.
  - "Callable" issues will generally be avoided unless, in the opinion of the Finance Director, the earnings potential of such investments significantly overshadows the inherent "callability risk" of any such issues.

[NOTE: All broker/dealers offering to sell any of the above-mentioned securities to the City are urged to specifically disclose (at the time of the offering) any "single-, double- or triple-bad-day" maturity dates, as well as relevant "callability" features, in order that prospective yields-to-maturity will not be overstated.]

LIST OF ELIGIBLE INVESTMENTS, PAGE 1 OF 2

#### THE CITY OF ALEXANDRIA, LOUISIANA

#### B. Ineligible Investments (in permanent portfolio)

- All United States Treasury securities with maturity dates in excess of 5 years.
- All United States Government Agency or Instrumentality securities which are defined as "mort-gage-backed" securities. (Since such securities are inherently "callable," regardless of their final stated maturity date, they are ineligible as permanent City investments.)
- Certain United States Government Agency securities, including those issued by the Small Business Administration (SBA), the Agency for International Development (AID) and any other U. S. Government Agency securities which do not enjoy a widespread, competitive marketplace.
- Certain United States Government Instrumentality securities, including those issued by the Asian Development Bank, the Inter-American Development Bank, the World Bank, the U. S. Postal Service, the Tennessee Valley Authority, the Student Loan Marketing Association, and any other U. S. Government Instrumentality securities which do not enjoy a widespread, competitive marketplace.
- Any investment securities which have been "securitized," constructed or otherwise "invented" by the investment banking community, and subsequently represented (either by commission or omission) as being some form of "U. S. Government securities." Examples of such instruments include "pass-through" or "derivative" securities, CATS (Certificates of Accrual on Treasury Securities), TIGRs (Treasury Investment Growth Receipts), CMOs (Collateralized Mortgage Obligations), or even stranger "invented securities," such as CARs and REMICs.

#### C. Maturity Criteria (for permanent portfolio)

The City will not purchase any investment security which has a stated final maturity date over 5 years from the date of purchase. Moreover, the weighted average of the City's aggregate portfolio shall at no time exceed 2 years.

However, these maturity limits should not be construed as "targets." It is anticipated that individual and aggregate maturities will generally be much shorter than these defined "outer limits," thereby reflecting the City's general commitment to investing in "money market instruments."

# D. Eligibility Criteria for "Temporary" Investments (under the specific terms of approved repurchase agreements and/or "sweep" accounts)

All securities defined as "Eligible" in Part A of this list are also eligible as "temporary" investments. Furthermore, since the short-term nature of repurchase agreements and "sweep" accounts mitigates against material interest-rate risk, the ultimate maturity dates of such securities may extend to 10 years. Moreover, proscriptions against "bad-day" and "callability" features may be overlooked, assuming that the securities fall within the eligibility and "haircut" requirements outlined in the City's Master Repurchase Agreement. Also, the Master Repurchase Agreement provides a mechanism through which the City may, at its discretion, further relax its requirements as to both type and maturity of eligible securities; but such variations will require the specific, written authorization of the Finance Director. (Typically, such variations will engender increased "haircut" margins with regard to the "purchased securities." In any event, each instance of variation requires the aforesaid written authorization.)

2007-2008 ANNUAL BUDGET
