

May 5, 2018

11:00am to 12:30pm

We're in the science lab, concocting squishy colorful slime! With common household ingredients we learn the tensile strength of a liquid that is also a solid and how it reacts under difference types of stressors. Pre-registration is required. Call and reserve your spot today.

Tweens and teens ages 10-18

Contact Tara DeMarco Williamson at 318-445-2411 Ext. 1036.
