PROCEEDINGS OF THE COUNCIL OF THE CITY OF ALEXANDRIA,
STATE OF LOUISIANA, TAKEN AT A REGULAR MEETING HELD ON
SEPTEMBER 23, 2025

The Council of the City of Alexandria, Louisiana, met in a regularly scheduled meeting session in the City Council Chambers, on Tuesday, September 23, 2025 at 5:00 P.M. Those present were the Honorable Cynthia Perry, Gary Johnson, Lizzie Felter, Jules Green, Chuck Fowler, Jim Villard and Malcolm Larvadain. Also present were Mayor Roy, City Attorney Jonathon Goins and Council Staff.

The Council of the City of Alexandria, State of Louisiana was duly convened as the governing authority of said City by the Honorable Cynthia Perry, who stated that the Council was ready for the transaction of business. The invocation was pronounced by Mr. Johnson and the Pledge of Allegiance was led by Mr. Larvadain.

On a motion of Mr. Green and seconded by Mr. Fowler the minutes taken from a regular Council Meeting held on September 9, 2025 were unanimously approved by the Council.

CONSENT CALENDAR

The Council next read all items found under the heading Consent Calendar and assigned them to committees.

Mr. Villard moved for the introduction of all items appearing under the heading Consent Calendar.

Mr. Fowler seconded the motion. It was unanimously carried by the Council.

Bids were received for auxiliary power generator at Fire Station Number 5.

Name of Bidders

Bayou Jacques Electric, LLC

Hendry Electrical Services

Ward Electric

The above bid was referred to the Mayor and appropriate committee for tabulation and recommendation. The following ordinance was introduced by Mr. Villard and seconded by Mr. Fowler to wit:

AFFIDAVIT OF REPRESENTATION

Before me, the undersigned Notary Public, personally came and appeared:

THOMAS L. SOILEAU

who, after being duly sworn, did depose and state:

That **ERIC LAFLEUR** is an attorney representing Progressive Tractor & Implement Co., LLC ("PTI") and is authorized to represent PTI before the Alexandria Zoning Commission in connection with any and all matters relating to PTI's interests before said commission.

APPEARER:

THOMAS L. SOILEAU
OWNER/MANAGER

SWORN TO AND SUBSCRIBED
BEFORE ME ON THIS 12th DAY OF
AUGUST, 2025.

NOTARY PUBLIC

MORTGAGE

THIS MORTGAGE, made May 2, 2025, by and between **PROGRESSIVE TRACTOR HOLDINGS, LLC** ("Mortgagor") and **M & M DODGE, INC., Oliver Leicht McMickens, Ricky Loren McMickens, Neal Leicht McMickens, Mark Randall McMickens, and Scott Anthony McMickens** ("Mortgagee").

PROGRESSIVE TRACTOR HOLDINGS LLC (TIN XX-XXX8006), a Louisiana limited liability company, organized under the laws of the State of Louisiana, whose present mailing address is 5017 I-49 South, Opelousas, Louisiana 70570, herein represented by its Member, Thomas L. Seileau, pursuant to that Certificate of Authority dated December 12, 2023, a copy of which is attached hereto hereinafter referred to as "Borrower" or "Mortgagor".

WITNESSETH

who declared unto me, Notary, that Borrower is justly, truly and legally indebted to **M & M DODGE, INC., Oliver Leicht McMickens, Ricky Loren McMickens, Neal Leicht McMickens, Mark Randall McMickens and Scott Anthony McMickens**, hereinafter sometimes referred to as "Mortgagee" or "Lender" whose mailing address is 3220 MacArthur Drive, Alexandria, Louisiana 71303 in the sum of **ONE MILLION THREE HUNDRED SIXTY THOUSAND AND 00/100 (\$1,360,000.00) DOLLARS**.

To represent this debt, Borrower has made and subscribed one certain Promissory Note dated May 2, 2025, to the order of **M & M DODGE, INC., Oliver Leicht McMickens, Ricky Loren McMickens, Neal Leicht McMickens, Mark Randall McMickens and Scott Anthony McMickens**, in the original principal sum of **ONE MILLION THREE HUNDRED SIXTY THOUSAND AND 00/100 (\$1,360,000.00) DOLLARS** (the "Note"), which sum shall accrue interest at the rate of six and one-half (6 1/2%) percent per annum, and shall be payable in Thirty-five (35) consecutive equal monthly payments in the amount of Ten Thousand One Hundred Thirty-nine and 79/100 (\$10,139.79) DOLLARS and one (1) final balloon payment of One Million Two Hundred Sixty Thousand Two Hundred Thirty-six and 23/100 (\$1,260,236.23) DOLLARS with the first payment due on June 1, 2025 and the final payment due on May 31, 2028. The said payments shall be payable at _____ or at such other place as the holder hereof may designate in writing. The Note was paraphrased "No Varietur" by the undersigned Notary, and handed to the Lender who acknowledged receipt.

As evidence of the discharge of Mortgagor's responsibility to pay all taxes and assessments and to keep said premises insured, Mortgagor shall deliver to Mortgagee the official receipts for said taxes and assessments before the same shall become delinquent and shall deliver to the Mortgagee receipts showing said insurance premiums as having been paid in advance for each succeeding year for any and all parcel of secured property named herein.

AND NOW, in order to secure the full and punctual payment of the above-described note in principal and interest, together with all attorney's fees, costs and the performance of all covenants, conditions, stipulations and obligations of this act of Mortgage as hereinafter specified, Borrower does, by these presents, mortgage, affect and hypothecate, in favor of Lender, and to inure to the use and benefit of any and all holder or holders of said note, being here present and accepting Borrower's interest in and to the following described property located in Rapides Parish, Louisiana:

The immovable property is specifically described at Exhibit A, attached hereto and made a part hereof by reference thereto, together with all the improvements now or hereafter erected on the property, and all easements, appurtenances, and fixtures now or hereafter a part of the property. This Security Instrument shall also cover all replacements and additions to the original property. All of the foregoing is referred to in this Security Instrument as the "Property."

The Property is currently known as 3220 MacArthur Drive, Alexandria, Louisiana 71303 ("Property Address").

Said property to remain so specially mortgaged, affected and hypothecated unto and in favor of Lender or a future holder or holders of said note, until full and final payment thereof in principal, interest, attorney's fees, and costs and the fulfillment of all other stipulations and clauses of this act, and said Mortgagor hereby consents and agrees and does hereby bind and obligate himself not to sell, alienate, encumber or deteriorate said property to the prejudice of this act, or to permit or suffer the same to be sold, alienated, encumbered or deteriorated to the prejudice of this act.

In case it should become necessary to place said note, or any part thereof, in the hands of an attorney or law to institute legal proceedings to recover the amount thereof, or any part thereof, in principal or interest, or to protect the interests of the holder or holders thereof, or in case the same should be placed in the hands of an attorney for collection, compromise or other action, the maker binds himself to pay the fee of the attorney who may be employed for that purpose, which fees are hereby fixed at _____.

twenty-five (25%) percent of the amount due or sued for, or claimed or sought to be protected, preserved or enforced.

And the said Mortgagor does by these presents consent, agree and stipulate that in the event of the said note not being punctually paid at maturity, or in the event of any default under the terms of this mortgage, the said Mortgagor hereby authorized the said Mortgagee, or any holder or holders of the above described note to cause all and singular the property hereinabove described and herein mortgaged to be seized and sold under executory process issued by any court of competent jurisdiction, with or without appraisement to the highest bidder, payable cash, in the manner and form provided by and pursuant to the provisions of the laws of the State of Louisiana, the said Mortgagor hereby expressly waiving and dispensing with all and every appraisement of movable and immovable effects hereinabove described, seized and sold under executory process or other legal process, and said Mortgagor hereby confessing judgment in favor of said Mortgagee, and such person or persons, as may be the holder or holders of said note for the full amounts thereof, principal and interest, with all costs, attorney's fees, taxes, insurance premiums, charges and expenses whatsoever.

Borrower hereby expressly waives: (a) the benefit of appraisement as provided in LSA - C.C.P. Articles 2332, 2336, 2723 and 2725 and all other laws conferring the same; (b) the demand for payment and the delay of three days accorded by LSA - C.C.P. Articles 2639 and 2721; (c) the delay of three days accorded by LSA C.C.P. Articles 2331 and 2722 and (d) the benefit of any other articles of the Louisiana Code of Civil Procedure or law relating to the rights of appraisement, notice or delay, and Borrower expressly agrees to the immediate seizure of the property in the event of suit hereon.

Borrower further agrees that in the event any proceedings are instituted to enforce this mortgage either by executory process or by ordinary suit, any and all declarations of fact made by authentic act by a person declaring that such facts lie within his knowledge, shall constitute authentic evidence of such facts for the purpose of the proceeding.

In the event of foreclosure Lender may elect to serve as keeper or to designate the keeper and if Lender so elects, Borrower hereby expressly authorizes and appoints the Lender or its assignee as the keeper of the property pursuant to LSA - R.S. 4:5136, et seq. The compensation of the keeper is hereby fixed at one (1%) percent of the amount due or sued for, or claimed or sought to be protected or enforced, and shall be secured by the lien of this mortgage.

Borrower agrees:

1. To observe and abide by all lawful rules and regulations of legally constituted authorities from time to time in force and effect bearing upon and affecting the mortgage property.
2. Not to abandon the property.
3. To allow Lender access to and the right to inspect the property at all reasonable times.
4. That the mortgaged property shall not be sold, alienated, or encumbered to the prejudice of the Lender or of this mortgage, without the Lender's prior written consent. Borrower agrees that, unless prior written approval has been obtained from Lender, any sale, alienation, or encumbrance, whether with or without assumption of the obligations secured hereby, shall constitute a breach of this mortgage and shall constitute a default on the part of Borrower.
5. That in the event that Borrower (or any one of them if more than one) should become insolvent, file a petition in bankruptcy, or should proceedings be instituted to put Borrower (or any one of them if more than one) in involuntary bankruptcy, or should proceedings be taken against Borrower (or any one of them if more than one) looking to the appointment of a receiver, or syndic, or should Borrower (or any one of them if more than one) make an assignment for the benefit of creditors, or should any order be issued by any court for the appointment of a receiver or for the sequestration, seizure or attachment of the herein described property or should there be created any other lien or charges superior in rank to the lien and mortgage herein granted, save a governmental assessment or levy, then and in any such event, the obligations secured hereby in principal and interest and all other indebtedness secured hereby shall, at the option of the Lender, immediately become due and payable. Any failure on the part of the Lender to exercise said option shall not constitute a waiver of the right to exercise the same at any other time.
6. To keep the improvements now existing or hereafter placed on the mortgaged property insured as may be required from time to time by Lender against loss by fire and other hazards, casualties and contingencies in such amounts and for such periods as may be required by Lender and to promptly pay any premiums due on such insurance. If Borrower should fail to pay same then Lender may, but is not obligated to, pay such premiums as it deems necessary with full right to add the same to principal and interest as provided below. All insurance shall be carried in companies approved by Lender and the policies and renewals thereof shall be held by Lender and have

MOB 175805 Page 2 Filed 05/02/25 10:49 AM

attached thereto loss payable clauses in favor of and in a form acceptable to Lender. In the event of loss, Borrower will give immediate notice by mail to Lender who may make proof of loss if not made promptly by Borrower and each insurance company concerned is hereby authorized and directed to make payment for such loss directly to Lender instead of to Borrower and Lender jointly, and the insurance proceeds, or any part thereof, may be applied by Lender at its option either to reduction of the indebtedness hereby secured or to the restoration or repair of the property damaged. In the event of foreclosure of this mortgage or other transfer of title to the mortgage property in extinguishment of the indebtedness secured hereby, all right, title and interest of Borrower in and to any insurance policies then in force shall pass to the purchaser or grantee.

In the event the Mortgagor should, for any reason whatsoever, fail to keep all of the Property so insured or to keep said policies so payable to the Mortgagee, as aforesaid, or fail to deliver to the Mortgagee, as aforesaid, the evidence of such policies of insurance, or if the Mortgagor obtains such insurance, but for any reason it is canceled at any time during the term hereof, and the Mortgagor fails to obtain a renewal policy immediately and furnish the Mortgagee evidence thereof, then the Mortgagee, if it so elects, may itself have such insurance effected in such amounts and in such companies as it may deem proper and may pay the premiums therefor, and the costs of any premiums so paid, as provided herein, shall be secured by this Mortgage, and the Mortgagor covenants and agrees that, on demand therefor by the Mortgagee, the Mortgagor shall repay the amount so paid by the Mortgagee as premiums, together with interest thereon at the rate of 13.00% (Percent per annum) from date of such payment until said amount is repaid.

The Mortgagee shall not be responsible for the solvency of any company issuing any insurance policy, whether or not selected or approved by it, or for the collection of any amount due under such policy, and shall be responsible and accountable only for such money as may be actually received by it. Nothing herein contained shall be construed as making the payment of insurance premiums obligatory upon the Mortgagee or as making the Mortgagee liable in any way for any loss, damage or injury resulting from the failure to insure the property.

7. To pay and discharge when due all taxes, local and special assessments and governmental or utility charges of every description which shall be imposed, assessed or levied upon the property, or any part thereof, so that the priority of this mortgage shall at all times be maintained and preserved, and to furnish to Lender evidence of the payment of same.
8. In the event the Mortgagor should, for any reason, fail to pay and discharge promptly any such taxes and charges when due, then the Mortgagee shall be authorized to pay the same, with full subrogation to all rights of all authorities imposing such taxes and charges by reason of such payment, and the amounts so paid, together with interest thereon, as provided herein, shall be secured by this Mortgage and the Mortgagor covenants and agrees that on demand therefor by the Mortgagee, the Mortgagor will repay the amounts so paid by the Mortgagee in payment of such taxes and charges, together with interest thereon at the rate of 13.00% percent per annum from date of such payment until said amount is repaid. Nothing herein contained shall be construed, however, as making the payment of such taxes and charges obligatory upon the Mortgagee or as making the Mortgagee liable for any loss, damage or injury resulting from the failure to pay said taxes and charges.
9. To maintain, preserve and keep at all times all of the property in thorough repair, good order and condition and to make all necessary repairs and improvements thereto so that the security of this mortgage shall at no time become impaired, provided, however, that the Borrower shall make no repairs, additions or alterations to the property or allow any work to be done thereon whereby any lien or privilege could result against the property hereby mortgaged without previously obtaining the written consent of the Lender. Upon failure to maintain said premises, Lender at its option, may cause reasonable maintenance work to be performed at the cost of Borrower.

To pay when due all obligations, lawful claims and demands of any person which, if unpaid, might result in or permit the creation of a lien or encumbrance on the Property, or any part thereof, whether such lien would be senior or subordinate hereto including, without limiting the generality of the foregoing, all claims of mechanics, material men, laborers and others for work or labor performed, or materials or supplies furnished in connection with any work or demolition, alteration, improvement of or construction upon the Property, or any part thereof, and any mortgage, lien, privilege or encumbrance on the Property, or any part thereof, and, in general, to do or cause to be done everything necessary so that the priority of this Mortgage shall be fully preserved, without expense to the Mortgagee.

10. To execute and deliver or cause to be executed and delivered to Lender such further documents and statements as Lender may require to perfect and protect the lien of this mortgage, and pay all costs of recording such documents in such public offices as may be required by law.
11. That any amount paid by Lender on Borrower's behalf as authorized by this mortgage, together with interest at the rate set forth on the promissory note described above, from the date of such payment until Borrower reimburses Lender therefor, shall be added to the indebtedness secured by this mortgage, and such additional debt in principal and interest shall be collectible by Lender on demand.
12. To indemnify, defend and hold the Mortgagee and its officers, directors, shareholders, employees, and agents (the "Indemnified Parties") harmless from and against any and all liens, damages, losses, liabilities, obligations, judgments, penalties, fees or disbursements (including, without limitation, attorneys' and expert's fees) which may at any time be imposed upon, incurred by, or awarded against any of the Indemnified Parties arising directly or indirectly from the release, disposal, storage or handling of any hazardous materials on or under the Property, or the violation of any environmental laws, rules or regulations relating to or affecting the Property. The Mortgagor shall comply fully with all environmental laws, rules or regulations relating to or affecting the Property. The indemnity of this Section 12.1 shall survive the satisfaction of the Secured Obligations and the release of this Mortgage.
13. If a default occurs any one or more of the following events shall occur ("Events of Default"):
- (a) If default be made in the payment when due (whether by the mere passage of time or acceleration as permitted herein or under any Secured Obligations) of any interest on or principal of any Secured Obligations, or any other sums due under any Secured Obligations.
 - (b) If default should be made in the due observance or performance of any covenant or agreement on the part of the Mortgagor contained herein.
 - (c) If the Mortgagor or any guarantor of the Mortgagor's obligations hereunder should die.
 - (d) If the Mortgagor or any guarantor of the Mortgagor's obligations hereunder shall generally not pay its debts as they become due, admit in writing its inability to pay its debts, have called a general meeting of creditors, or made a general assignment for the benefit of creditors.
 - (e) If the Mortgagor or any such guarantor shall commence any case, proceeding or other action seeking reorganization, arrangement, adjustment, liquidation, dissolution or composition of it or its debts under any law relating to bankruptcy, insolvency, reorganization or relief of debtors, or seeking appointment of a receiver, trustee, custodian or other similar official for it or for all or any substantial part of its property.
 - (f) If the Mortgagor or any such guarantor shall take any action to authorize any of the actions set forth above in subparagraphs (d) or (e) above.
 - (g) If any proceeding or other action against the Mortgagor or any guarantor of the Mortgagor's obligations hereunder shall be commenced seeking to have an order for relief entered against it as debtor, or seeking reorganization, arrangement, adjustment, liquidation, dissolution or composition of it or its debts under any law relating to bankruptcy, insolvency, reorganization or relief of debtors, or seeking appointment of a receiver, trustee, custodian or other similar official for it or for all or any substantial part of its property, and such case, proceeding or other action (i) results in the entry of an order for relief against it which is not fully stayed within seven business days after the entry thereof or (ii) remains undismissed for a period of 45 days.
 - (h) If final judgment for the payment of money shall be rendered against the Mortgagor and the Mortgagor shall not discharge the same or cause it to be discharged within 60 days from the entry thereof, or shall not appeal therefrom or from the order, decree or process upon which or pursuant to which said judgment was granted, passed, or entered, and secure a stay of execution pending such appeal.
 - (i) If the Property, or any part or parcel thereof, be seized in the execution of a writ of execution, process, attachment, fieri facias or any other legal process, or an order for the sale of such Property, or any part or parcel thereof be issued in any judicial proceeding, and such writ of execution, process, attachment, fieri facias or any other legal process or order for the sale of such Property, or any part or parcel thereof, so issued in any judicial proceeding be not released, revoked, stayed or set aside within ten days from issuance thereof.
 - (j) If it shall be illegal for the Mortgagor to pay any taxes referred to in Article 1.08 hereof or if the payment of such taxes by the Mortgagor would result in the violation of the usury laws of the State in which the Property is located.

set in the property, or any substantial part or parcel thereof, be condemned under power of eminent domain by any legally constituted authority, or

11. If the Mortgagor should ever be required or permitted by reason of any present or future law of the United States, or any state, parish, municipality or other taxing authority, to deduct from the payments to be made upon the Secured Obligations, any amounts whatsoever as taxes, local assessments, forced contributions and/or governmental charges in the nature thereof, then and in each and every such case, all of the Secured Obligations may, at the option of the Mortgagee and without notice to the Mortgagor, be declared to be immediately due and payable, anything in this Mortgage or in said Secured Obligations to the contrary notwithstanding, and the Mortgagor does by these presents consent, agree and stipulate that, in the event of any such default, it shall be lawful for the Mortgagee, and the Mortgagor does hereby authorize the Mortgagee without making demand and without notice or putting in default, to cause all and singular the Property to be seized and sold under execution process without appraisalment, appraisalment being hereby expressly waived, as an entirety or in parcels, as the Mortgagee may determine, to the highest bidder for cash, or on such terms as may be accepted to the Mortgagee.

Lender may release, at any time, without notice, any part of the property from the effect of this mortgage or grant an extension or deferment of time for the discharge of any obligation hereunder, or release any one or more of the parties bound therefor from any or all of this or their obligation hereunder without affecting the personal liability of any other party then bound for the payment of the indebtedness due hereunder.

The covenants herein contained shall bind and the benefits and advantages shall inure to, the respective heirs, executors, administrators, successors and assigns of the parties hereto. Whenever used, the singular number shall include the plural, the plural the singular, and the use of any gender shall include all genders.

Wherever the Borrower herein is more than one person, the term "Borrower" as used herein shall be deemed to be plural and to refer to each or every such person as the context may indicate, and all obligations, duties, liabilities, responsibilities and covenants of each and every one of such persons hereunder are and shall be solitary.

IN WITNESS WHEREOF, Mortgagor has caused this Mortgage to be executed on the date first above recited.

**RE: Alexandria Zoning Commission Meeting
Proposed Property Rezoning Notice**

Dear Mr. Lafleur,

Your application to REZONE the property located at 3220 MacArthur Drive, Alexandria, Rapides Parish, Louisiana has been reviewed. The proposed action is to rezone the properties from a "C-2", General Commercial District to a "I-2", General Industrial District. Your intention is to allow for the sale of heavy industrial commercial equipment.

Your property rezoning application request will be heard by the Alexandria Zoning Commission at its regular meeting on **Monday, September 29, 2025, at 4:00 P.M.** in Convention Hall which is located at 915 3rd Street in Alexandria. The City Ordinance requires that all property owners within a radius of one hundred (100') feet of the subject property be notified prior to hearing the application. At the hearing, the Zoning Commission will provide an opportunity for all interested parties to comment on the proposed rezoning. It will be necessary for you or your agent (lawyer, realtor, etc.) to be present to give a summary of your application and to address any questions the Commission may have regarding your application. After comments have been heard, the Commission will vote either for or against the application and will provide the City Council with their recommendation for approving or disapproving your application.

Maps identifying the property you propose to be rezoned are attached for your verification. Should you be unable to attend this meeting for any reason, it is your responsibility to notify the Planning Division prior to the meeting, so that your application may be removed from the agenda for consideration. An employee of the city will post a sign on the premise in question indicating that a request has been made for a **CHANGE IN ZONING** and showing the date and time of the hearing.

Respectfully,

Nerri Brown

RE: ITEM # 1 of the attached NOTICE

Applicant:

In connection with the above application to be heard by the Board of Adjustments and Appeals at **4:00 P.M., MONDAY, September 29, 2025**, this is to certify that in accordance with Section 28-9.2.5 (b).4, Notice to Property owners, Alexandria Code of Ordinances, all property owners within a radius of one hundred (100') feet of the property to be rezoned, were notified at least fourteen (14) days prior to the hearing of the time when and the place where, said application is to be heard.

The property owners notified were those as shown on the tax rolls as prepared by the Assessor's Office in Rapides Parish Courthouse, which was furnished to me by your office.

Yours truly,

APPLICANT OR AGENT

54.6.6 Industrial use categories

D. Waste-related service**Characteristics:**

Characterized by uses that receive solid or liquid wastes from others for transfer to another location and uses that collect sanitary wastes or that manufacture or produce goods or energy from the composting of organic material.

Principal Uses	Accessory Uses	Uses not Included
Animal waste processing Hazardous materials storage facilities Sanitary landfill Manufacture and production of goods from composting organic material Recycling centers Solid or liquid waste transfer or composting	Offices Parking On-site refueling and repair Recycling of materials Repackaging and shipment of by-products	Stockpiling of sand, gravel, or other aggregate materials (See Warehouse and Freight Movement)

E. Wholesale trade**Characteristics:**

Firms involved in the sale, lease, or rent of products primarily intended for industrial, institutional, or commercial businesses. The uses emphasize on-site sales or order-taking and often include display areas. Businesses may or may not be open to the general public, but sales to the general public are limited. Products may be picked up on-site or delivered to the customer.

Principal Uses	Accessory Uses	Uses not Included
Lumberyards and other building material sales that sell primarily to contractors and do not have a retail orientation Mail-order houses Sale or rental of machinery, equipment, heavy trucks, building materials, special trade tools, welding supplies, machine parts, electrical supplies, janitorial supplies, restaurant equipment and store fixtures Wholesale of food, clothing, auto parts and building hardware	Cafeterias Child care Minor fabrication services Offices Parking Product repair Repackaging of goods Single residential unit for security purposes Warehouses	Stores selling, leasing, or renting consumer, home and business goods (See Retail Sales and Service) Warehouse and freight movement uses (See Warehouse and Freight Movement)

F. Heavy industrial**Characteristics:**

Firms involved in research and development activities without light fabrication and assembly operations; limited industrial/manufacturing activities. The uses emphasize industrial businesses and sale of heavier equipment. Factory production and industrial yards are located here. Sales to the general public are limited.

Principal Uses	Accessory Uses	Uses not Included
Animal concentrations, including commercial feed lots, and similar uses Animal processing, packing, treating and storage Abattoirs and slaughter houses Concrete batching and asphalt mixing Drink bottling Feed and fertilizer mills Fuel oil distributors Heavy equipment sales and rental Retail sales of farm equipment and machinery and earth moving and heavy construction equipment Milk processing plant Processing of food and related products Production or fabrication of metals or metal products including enameling and galvanizing	Cafeterias Drainage structures Offices Parking Product repair Repackaging of goods Warehouses	Animal waste processing (See Waste-Related Service) Repair and service of motor vehicles, motorcycles, RVs, boats, and light and medium trucks (See Vehicle Sales and Service) Stores selling, leasing, or renting consumer, home and business goods (See Retail Sales and Service)

§4.3.3 Overlay and special purpose districts

4. C-2, General Commercial District

The purpose of the C-2 district is to allow the establishment of a commercial district that includes the sale of alcoholic beverages. No rezoning shall be approved for the C-2 district, unless 25 percent of the perimeter of the lot to be rezoned is adjacent to the C-1, C-2, I-1 or I-2 district.

D. CBD, Central Business District

The CBD, Central Business District is intended to implement the Downtown Land Use Classification of the THINKAlex Plan. Downtown Alexandria serves several critical roles for the community that go beyond its land use. As the heart of the community it offers great potential for redevelopment and should be treated as a separate land use classification for coding purposes. Downtown has the potential to support a diverse portfolio of land uses, including mixed-use, dense residential, and even institutional uses such as an urban community college. Permitted uses in the CBD district requiring off-street parking shall include: community home, condominiums, duplex, elderly housing, group housing, hospital, hotel or motel, institution, philanthropic, juvenile diagnostic center, multifamily, nursing home, single-family, special home and townhouse as specified in section 7.2.5.

E. Industry districts

The light industry classification designates areas for the development of light industry which would typically exclude manufacturing and other operations that produce obnoxious noise, dust, odors, smoke, or other by-products that would be considered offensive to nearby residents and businesses. There are two types of industry districts:

1. I-1, Light Industrial District**2. I-2, General industrial district****§4.3.3. Overlay and special purpose districts****A. MHP, Mobile home park district**

The MHP district is intended for a parcel of land to be planned and improved for the placement of mobile homes for transient use, supplementary structures and accessory uses.

B. MFO, Multifamily overlay district

The MFO district is intended to encourage an appropriate mixture of residential and nonresidential uses in areas zoned for office, business or commercial development.

C. MHO, Mobile home overlay district

The MHO district is established for the purpose of allowing placement of a single-family, owner occupied, mobile home on an individual lot in areas zoned for residential development as a permanent use.

D. OO, Office overlay district

The OO district is intended to encourage an appropriate mixture of residential and professional office uses in areas zoned for single-family moderate density (SF-2) district. It is designed for use in those areas that are experiencing change or transition. The OO, office overlay district is also intended to accommodate low intensity professional offices and services and to serve as a transition between residential uses and more intensive business or commercial uses.

(a) **MHP, B-2, B-3, C-1, C-2, I-1, or I-2 districts abutting residential use**

The following buffer yard shall be used when a non-residential land use located in MHP, B-2, B-3, C-1, C-2, I-1, or I-2, zoning districts abuts a residential land use:

- (1) Buffer yard width shall be a minimum of 10 feet.
- (2) Trees shall be planted at a rate of one Class A tree or two Class B trees for each 50 linear feet of buffer area.
- (3) Buffering structures shall be required as follows:
 - (i) Buffering structure shall be located on the edge of the property line adjacent to the residential land use. Such structure shall extend the full length of the buffer yard except for that portion of the buffer yard that falls within the required front yard setback.
 - (ii) Any wall shall be constructed in a durable fashion with a finished surface of brick, stone or other decorative masonry material approved by the building official. Walls shall be six to eight feet in height.
 - (iii) Fences shall be constructed in a durable fashion with weather resistant wood or other suitable material and be of a consistent pattern. All material shall be designed and intended for such use. Fences shall be six to eight feet in height.

(b) **The O or B-1 districts abutting residential use**

The following buffer yard shall be used when a non-residential land use located in the O or B-1 zoning districts abuts a residential land use:

- (1) Buffer yard width shall be a minimum of five feet.
- (2) Trees shall be planted at a rate of one Class A tree or two Class B trees for each 50 linear feet of buffer area.
- (3) Buffering structures shall be required as follows:
 - (i) Buffering structure shall be located on the edge of the property line adjacent to the residential land use. Such structure shall extend the full length of the buffer yard except for that portion of the buffer yard that falls within the required front yard setback.
 - (ii) Any wall shall be constructed in a durable fashion with a finished surface of brick, stone or other decorative masonry material approved by the building official. Walls shall be six to eight feet in height.
 - (iii) Fences shall be constructed in a durable fashion with weather resistant wood or other suitable material and be of a consistent pattern. All material shall be designed and intended for such use. Fences shall be six to eight feet in height.

ORDINANCE NO.

AN ORDINANCE AUTHORIZING THE REZONING OF PROPERTY AT 3220 MACARTHUR DRIVE, ALEXANDRIA, PARISH OF RAPIDES, LOUISIANA FROM A C-2 (GENERAL COMMERCIAL) TO AN I-2 (GENERAL INDUSTRIAL DISTRICT) TO ALLOW HEAVY INDUSTRIAL RETAIL SALES AND OTHER MATTERS WITH RESPECT THERETO.

WHEREAS, an application on behalf of Progressive Tractor and Implement, LLC represented by Eric Lafleur, requesting the rezoning of 3220 MacArthur Drive from a C-2 (General Commercial) to an I-2 (General Industrial District) to allow heavy industrial retail sales; and,

WHEREAS, the property located at 3220 MacArthur Drive is described as 2.247 ACS: PTLT 14 Evergreen Plant Section 47, T3NR1W (CB 1222-672 M & M Dodge, Inc) (INST 1776034 M & M Dodge INC); and

WHEREAS, Parcel I. D. 23-47-33034-3*** (3220 MacArthur Dr) Alexandria, Parish of Rapides Parish, Louisiana; and,

WHEREAS, this is in a "C-2" (General Commercial District) and requires a rezoning to an I-2 (General Industrial District) be allowed to operate; and,

WHEREAS, the Administration hereby recommends approval of this item, now therefore

SECTION I: BE IT ORDAINED by the Council of the City of Alexandria, Louisiana, in legal session convened, that the Council hereby authorizes the mayor to the rezoning of property at 3220 MacArthur Drive, Alexandria, Parish of Rapides, Louisiana from a C-2 (General Commercial) to an I-2 (General Industrial District) to allow heavy industrial retail sales.

SECTION II: BE IT FURTHER ORDAINED, etc., that this ordinance shall become effective upon signature by the Mayor; or, if not signed or vetoed

by the Mayor, upon expiration of the time for ordinances to become law without signature by the Mayor.

SECTION III: BE IT FURTHER ORDAINED, etc., that if any provision or item of this ordinance or the application thereof is held invalid, such invalidity shall not affect other provisions, items or applications of this ordinance which can be given effect without the invalid provisions, items, or applications, and to this end the provisions of this ordinance or hereby declared severable.

SECTION IV: BE IT FURTHER ORDAINED, etc., that all ordinances or parts of ordinances in conflict herewith are hereby repealed.

THIS ORDINANCE was introduced on the 7th day of October, 2025.

NOTICE PUBLISHED on the 10th day of October, 2025.

THIS ORDINANCE having been submitted in writing, introduced and published, was then submitted to a final vote as a whole, the vote thereon being as follows:

YEAS:

NAYS:

Address: 5912 James Street

City: Alexandria

State: LA

Zip: 71303

Phone: 318.442.3397

Fax:

Contact Name: Morgan Melder

Contact Email: morgan@ywcaalex.org

Non-profit? Yes

Are you a Governmental Entity? No

Event: Girls on the Run Fall 2025 5K

Date of Event: November 15, 2025

Organization's Mission:

The organization's mission is to create a world where every girl knows and activates her limitless potential and is free to boldly pursue her dreams.

Type of Program/Activity:

Each Girls on the Run season comes to an end with a joyful and fun non-competitive 5K Celebration. This culmination event gives participants a tangible sense of accomplishment and the confidence to be the authors of their own stories. This season, 19 schools across Rapides Parish will come together to complete the 5K.

Event Sponsors:

The Rapides Foundation, Rapides Regional Medical Hospital, Red River Bank, VFW Post 1736 (in kind) and Junior League of Alexandria (in kind).

Other Funding: N/A

==Section II.==

Amount Requested: 0

Property Requested: N/A

In-Kind Service Requested:

We are requesting police escort for the girls along the 5K route.

The route begins at the YWCA on James Street and runs through Good Earth neighborhood, ending back at the YWCA. The 5k will begin at 9:00 am. We are also requesting the use of city barricades for the 5K start and finish line. We are requesting 20 barricades.

==Section III.==

Funding Category: Recreation/Athletic

==Section IV.==

If you are a for-profit applicant, what is the expected private benefit to you, your partners, or members of a club if any part of any fundraising goes to an organization and part to some charitable cause? What is percentage breakdown shown in actual projections? : N/A

What is (are) the goal(s) of this project? (In one sentence) :

This closing event gives program participants of all abilities a tangible sense of accomplishment. Crossing the finish line instills confidence through completion and is a joyful moment program participants always remember.

If a governmental entity, is the cooperative endeavor or intergovernmental agreement sought pursuant to local services law, joint emergency preparedness, exchange of surplus property for public safety purposes, or other? (State "other" reason.) : N/A

If the use of public funds or property is for social welfare for the aid and support of the needy, how are targeted candidates screened? If not screened, how are they targeted for participation? : N/A

==Section V.==

Does your request or endeavor involve a nearly equal benefit to the citizens you seek to serve when compared to the money or property expended or sought to be used by the public entity? If so, how? :

We believe all that attend the 5K benefit from attending. It is a wonderful opportunity for us to come together for a common goal - celebrating the Girls on the Run girls and their accomplishments throughout the 10-week season.

If you cannot show a fair market value dollar-for-dollar match, does your plan or request involve a continuing program or relationship which has a future value attached? How so? :
We plan to continue to grow the Girls on the Run program throughout Central Louisiana. We are proud of the growth the program has experienced over the course of 12 years and are excited to continue to spread awareness of the program in order

to reach more girls.

What are your real and substantial obligations to achieve the proportionate return to the City of Alexandria at some point in the future? :

The City of Alexandria is always welcome to be involved in the program. Each season we invite city council members via their emails to attend and celebrate the girls within their district. We appreciate the partnership we have with the City of Alexandria during the past 12 years and hope to continue to strengthen it.

What is (are) the expected outcome(s) or benefits(s) to the public from the event to be funded? Specify the number of persons anticipated to be served and the service(s) to be provided. :

The public including guardians, school personal, volunteers, and community members will be able to experience the empowerment that the girls receive from the program. This season we anticipate that around 300 girls and their Running Buddies will attend, along with the volunteer coaches, school admins, and 5K volunteers equaling around 700 people attending the event.

Describe the history of this program and its success. :

Girls on the Run Central Louisiana began in 2013. During the first season, 56 girls participated. We now serve 200-300 girls a season. We had our largest season during the Fall of 2024, serving 334 girls. Since inception, over 4,500 girls have participated in the program across 46 schools and five parishes.

==Economic Development Projections==

Projected number of out-of-town participants and guests: 50

Identify broadcast, web and regional print promotions to be utilized: KALB/Girls on the Run social media

Average number of days stay by out-of-town guests to this event:

1

Number of People: 700

Number of Days: 1

Signature: Morgan Melder

Submitted on Thursday, September 4, 2025 - 12:34pm Submitted by anonymous user: 75.235.199.67 Submitted values are:

==Section I.==

Name/Organization: Louisiana Women in Agriculture

Address: 1870 HWY 492

City: Colfax

State: LA

Zip: 71417

Phone: 3186641048

Fax:

Contact Name: Danielle Yerby

Contact Email: lwagdirector@gmail.com

Non-profit? Yes

Are you a Governmental Entity? No

Event: LWAG Lunch & Learn

Date of Event: November 14, 2025

Organization's Mission: The purpose of Louisiana Women in Agriculture is to build a community and a resource for women in agriculture that they can rely on. Women play an essential role in building/sustaining a foothold in our state's agricultural community. We always strive to be relevant, provide current and accurate information; and be a resource for the state-wide agriculture community.

Type of Program/Activity: Lunch & Learn - lunch with educational speaker/program

Event Sponsors: We have not begun to accept sponsorships at this time.

Other Funding: We have no other funding at this time.

==Section II.==

Amount Requested: 200

Property Requested: Use of Convention Hall at Alexandria City Hall

In-Kind Service Requested: LWAG requests the use of Convention Hall at Alexandria City Hall.

==Section III.==

Funding Category: Use of City Property for Public Benefit

==Section IV.==

If you are a for-profit applicant, what is the expected private benefit to you, your partners, or members of a club if any part of any fundraising goes to an organization and part to some charitable cause? What is percentage breakdown shown in actual projections? : N/A

What is (are) the goal(s) of this project? (In one sentence) :

To engage, network and educate women from across our state whose livelihood is made and sustained by agriculture.

If a governmental entity, is the cooperative endeavor or intergovernmental agreement sought pursuant to local services law, joint emergency preparedness, exchange of surplus property for public safety purposes, or other? (State "other" reason.) : N/A

If the use of public funds or property is for social welfare for the aid and support of the needy, how are targeted candidates screened? If not screened, how are they targeted for participation? : N/A

==Section V.==

Does your request or endeavor involve a nearly equal benefit to the citizens you seek to serve when compared to the money or property expended or sought to be used by the public entity? If so, how? : Yes; as this event is open to the state, attendees who are traveling substantial distances will be given a list of hotels, restaurants, and resources in the city that are available to them.

If you cannot show a fair market value dollar-for-dollar match, does your plan or request involve a continuing program or relationship which has a future value attached? How so? : This is LWAG's first Lunch & Learn event, so we do not have that info available.

What are your real and substantial obligations to achieve the proportionate return to the City of Alexandria at some point in the future? : We hope to make this a quarterly event, and since Alexandria is centrally located, it makes sense to continue to have the event there.

What is (are) the expected outcome(s) or benefits(s) to the public from the event to be funded? Specify the number of persons anticipated to be served and the service(s) to be provided. : 100-150

Describe the history of this program and its success. : This is the first Lunch & Learn LWAG has planned.

==Economic Development Projections==

Projected number of out-of-town participants and guests: 100

Identify broadcast, web and regional print promotions to be utilized: Social media, email

Average number of days stay by out-of-town guests to this event:

2

Number of People: 150

Number of Days: 1

Re: Agenda Fact Sheet for a Resolution to Set a Condemnation Public Hearing

CmDv is requesting to be on the City Council agenda for October 07, 2025 to authorize a Resolution to SET the Condemnation PUBLIC HEARINGS dates for:

- Actual Condemnation Public Hearing will be held on December 02, 2025 Council agenda

Once the Public Hearing date is set, we need the Resolution # to send owners proper notice of the date and time of the hearing, in the event they wish to appear and oppose. We also have to advertise the public hearing date in the Town Talk within the prescribed notice time. Some of the owners will need Absentee Attorney representation too.

The address list with Owners names and pictures of the property conditions are attached.

Please get appropriate signatures and submit to the City Clerk so it will be on the next City Council agenda. If you have any questions, let me know.

Thanks.

ORDINANCE NO. 133-2020

AN ORDINANCE ADOPTING COMMUNITY DEVELOPMENT PROGRAM POLICY GUIDELINES FOR CODE ENFORCEMENT AND DEMOLITION PROGRAM POLICY FOR HUD FUNDED PROGRAM AND OTHER MATTERS WITH RESPECT THERETO.

SECTION I: BE IT ORDAINED by the Council of the City of Alexandria, Louisiana, in legal session convened, that the Council hereby authorizes the adoption of Community Development Program Policy Guidelines for Code Enforcement and Demolition Program Policy for HUD Funded Program.

SECTION II: BE IT FURTHER ORDAINED, etc., that this ordinance shall become effective upon signature by the Mayor; or, if not signed or vetoed by the Mayor, upon expiration of the time for ordinances to become law without signature by the Mayor.

SECTION III: BE IT FURTHER ORDAINED, etc., that if any provision or item of this ordinance or the application thereof is held invalid, such invalidity shall not affect other provisions, items, or applications of this ordinance which can be given effect without the invalid provisions, items, or applications, and to this end the provisions of this ordinance or hereby declared severable.

SECTION IV: BE IT FURTHER ORDAINED, etc., that all ordinances or parts of ordinances in conflict herewith are hereby repealed.

THIS ORDINANCE was introduced on the 18th day of August, 2020.

NOTICE PUBLISHED on the 21st of August, 2020.

THIS ORDINANCE having been submitted in writing, introduced and published, was then submitted to a final vote as a whole, the vote thereon being as follows:

YEAS: Fuller, Green, Larvadain, Villard, Fowler, Porter, Silver

NAYS: None

ABSENT: None

AND THE ORDINANCE was declared adopted on this the 1st day of September, 2020 and final publication was made in the Alexandria Daily Town Talk on the 4th day of September, 2020.

CODE ENFORCEMENT DEFICIENCY ASSESSMENT

DATE: _____
PROPERTY ADDRESS: 121 16th St. Alexandria, LA 71301 CD-14714
OWNER NAME & ADDRESS: MATT'S JANITORIAL SERVICE, INC.
Curtisteen Matthews 113 SUNRIDGE ROAD
Alexandria, LA 71302
ADDITIONAL OWNERS: N/A
TYPE OF STRUCTURE: Residential Single Family House

This report provides a list of code deficiencies for the structure located at the above stated address. As the Property Owner, you have two options to be executed at your own expense: Demolition or Rehabilitation. In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

X **306 Component Serviceability -**

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.

- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
- X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.

- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.

SECTION 305 - INTERIOR STRUCTURE

- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected.
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.
- X **305.5 and 307.1 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition. Every exterior and interior flight of stairs having more than four risers shall have a handrail on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches above the floor or grade below shall have guards. Handrails shall not be less than 30 inches high or more than 42 inches high measured vertically above the nosing of the tread or above the finished floor of the landing or walking surfaces. Guards shall not be less than 30 inches height above the floor of the landing, balcony, porch, deck, or ramp or other walking surface.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

CODE ENFORCEMENT DEFICIENCY ASSESSMENT

DATE: _____
PROPERTY ADDRESS: 3513 Baldwin Ave. Alexandria, LA 71301 CD-14887
OWNER NAME & ADDRESS: Allison L. Holmes 3416 Baldwin Ave.
Alexandria, LA 71302
ADDITIONAL OWNERS: N/A
TYPE OF STRUCTURE: Residential Single Family House

This report provides a list of code deficiencies for the structure located at the above stated address. As the Property Owner, you have two options to be executed at your own expense: Demolition or Rehabilitation. In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.

- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
- X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
- X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.

SECTION 305 - INTERIOR STRUCTURE

- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.
- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.

-
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
 - X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
 - X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.

SECTION 305 - INTERIOR STRUCTURE

- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

CODE ENFORCEMENT DEFICIENCY ASSESSMENT

DATE: _____
PROPERTY ADDRESS: 4014 Clark St. Alexandria, LA 71301 CD-15366
OWNER NAME & ADDRESS: Bobby Dean & Hazel M. Slocum 4014 Clark St.
Alexandria, LA 71301
ADDITIONAL OWNERS: N/A
TYPE OF STRUCTURE: Residential Single Family House

This report provides a list of code deficiencies for the structure located at the above stated address. As the Property Owner, you have two options to be executed at your own expense: Demolition or Rehabilitation. In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.
- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.

- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.

SECTION 604 - ELECTRICAL FACILITIES & 605 ELECTRICAL EQUIPMENT

- X **604.2 Service Electrical** - The size and usage of appliances and equipment shall serve as a basis for determining the need for additional facilities in accordance with the ICC Electrical Code. Dwelling units shall be served by a three-wire 120/240 volt, single phase electrical service having a rating of not less than 100 amperes.
- X **604.3 Electrical system hazards** - Where it is found that the electrical system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, improper fusing, insufficient receptacle and lighting outlets, improper wiring or installation, deterioration or damage or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard. This includes electrical equipment exposed to water and/or fire.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

DEFICIENCY ASSESSMENT:

X **306 Component Serviceability -**

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
 - X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
 - X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.
 - X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
 - X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
 - X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
-

SECTION 304 - EXTERIOR STRUCTURE

- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.

- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
- X **304.12 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. - X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
- X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.

- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.

SECTION 305 - INTERIOR STRUCTURE

- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.
- X **305.5 and 307.1 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition. Every exterior and interior flight of stairs having more than four risers shall have a handrail on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches above the floor or grade below shall have guards. Handrails shall not be less than 30 inches high or more than 42 inches high measured vertically above the nosing of the tread or above the finished floor of the landing or walking surfaces. Guards shall not be less than 30 inches height above the floor of the landing, balcony, porch, deck, or ramp or other walking surface.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

SECTION 402 - LIGHT

- X **402.2 Common Halls and Stairways Light** - Every common hall and stairway in residential occupancies, other than in one- and two- family dwellings, shall be lighted at all times with at least a 60-watt standard incandescent light bulb for each 200 square feet of floor area or equivalent illumination, provided that the spacing between lights shall not be greater than 30 feet. In other than residential occupancies, means of illumination at all times the building space served by the means of egress is occupied with a minimum of 1 footcandle (11 lux) at floors, landings and treads.
- X **402.1 Habitable Spaces Light** - Every habitable space shall have at least one window of approved size facing directly to the outdoors. The minimum total glazed area for every habitable space shall be 8 percent of the floor area of such room. Wherever walls or other portions of a structure face a window of any room and such obstructions are located less than 3 feet (914mm) from the window and extend to a level above that of the ceiling of the room such window shall not be deemed to face directly to the outdoors nor to a court and shall not be included as contributing to the required minimum total window area for the room.
- X **402.3 Other Spaces Light** - All other spaces shall be provided with natural or artificial light sufficient to permit the maintenance of sanitary conditions, and the safe occupancy of the space and utilization of the appliances, equipment and fixtures.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

CODE ENFORCEMENT DEFICIENCY ASSESSMENT

PROPERTY ADDRESS: 205-207 DOUGLAS STREET Alexandria, LA 71302 CD-14696

OWNER NAME & ADDRESS: Larwood Properties, LLC
Jerry & Kylie R. Larwood 165 Fred Ln
Bunkie, LA 71322

ADDITIONAL OWNERS: N/A

TYPE OF STRUCTURE: Residential Single Family House

This report provides a list of code deficiencies for the structure located at the above stated address. As the Property Owner, you have two options to be executed at your own expense: Demolition or Rehabilitation. In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

X **306 Component Serviceability -**

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.
- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
- X **302.9 Defacement of Property** - No person shall willfully or wantonly damage, mutilate or deface any exterior surface or any structure or building on any private or public property by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
- X **304.12 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.

- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.

SECTION 305 - INTERIOR STRUCTURE

- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.
- X **305.5 and 307.1 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition. Every exterior and interior flight of stairs having more than four risers shall have a handrail on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches above the floor or grade below shall have guards. Handrails shall not be less than 30 inches high or more than 42 inches high measured vertically above the nosing of the tread or above the finished floor of the landing or walking surfaces. Guards shall not be less than 30 inches height above the floor of the landing, balcony, porch, deck, or ramp or other walking surface.
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

CODE ENFORCEMENT DEFICIENCY ASSESSMENT

DATE:

PROPERTY ADDRESS: 1308 Elliott St. Alexandria, LA 71301 CD-15706

OWNER NAME & ADDRESS: Croom Properties, LLC
David & Alicia Croom 6405 Genevieve Dr.
Alexandria, LA 71301

ADDITIONAL OWNERS: Alicia Croom 821 Terra Ave.
Alexandria, LA 71303

TYPE OF STRUCTURE: Residential Single Family House

This report provides a list of code deficiencies for the structure located at the above stated address. As the Property Owner, you have two options to be executed at your own expense: Demolition or Rehabilitation. In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
-

-
- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.12 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
- X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
- X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
-

- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.

SECTION 305 - INTERIOR STRUCTURE

- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.
- X **305.5 and 307.1 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition. Every exterior and interior flight of stairs having more than four risers shall have a handrail on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches above the floor or grade below shall have guards. Handrails shall not be less than 30 inches high or more than 42 inches high measured vertically above the nosing of the tread or above the finished floor of the landing or walking surfaces. Guards shall not be less than 30 inches height above the floor of the landing, balcony, porch, deck, or ramp or other walking surface.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected.
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
- X **302.9 Defacement of Property** - No person shall willfully or wantonly damage, mutilate or deface any exterior surface or any structure or building on any private or public property by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.
- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.
- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.12 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
- X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
- X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.

- X **304.11 Chimneys and towers** - All chimneys, cooling towers, smoke stacks, and similar appurtenances shall be maintained structurally safe and sound, and in good repair. All exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.
- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.

SECTION 305 - INTERIOR STRUCTURE

- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.

- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.

SECTION 305 - INTERIOR STRUCTURE

- X **305.5 and 307.1 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition. Every exterior and interior flight of stairs having more than four risers shall have a handrail on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches above the floor or grade below shall have guards. Handrails shall not be less than 30 inches high or more than 42 inches high measured vertically above the nosing of the tread or above the finished floor of the landing or walking surfaces. Guards shall not be less than 30 inches height above the floor of the landing, balcony, porch, deck, or ramp or other walking surface.
- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

CODE ENFORCEMENT DEFICIENCY ASSESSMENT

DATE:

PROPERTY ADDRESS:

2603 HYNSON STREET Alexandria, LA 71301 CS-12016

OWNER NAME & ADDRESS:

Rigoberto G. Melendez P.O. Box 8638
Alexandria, LA 71306

ADDITIONAL OWNERS:

N/A

TYPE OF STRUCTURE:

Residential Single Family House

This report provides a list of code deficiencies for the structure located at the above stated address. As the Property Owner, you have two options to be executed at your own expense: Demolition or Rehabilitation. In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

X **306 Component Serviceability -**

SECTION 302 - EXTERIOR PROPERTY AREAS

X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.

X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.

X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.

X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.

X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.

X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.

X **302.9 Defacement of Property** - No person shall willfully or wantonly damage, mutilate or deface any exterior surface or any structure or building on any private or public property by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.12 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
- X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
- X **702 & 702.4 Means of Egress & Emergency Escape Openings** - Required emergency escape openings shall be maintained in accordance with the code in effect at the time of construction, and the following. Required emergency escape and rescue openings shall be operational from the inside of the room without the use of keys or tools. Bars, grilles, grates or similar devices are permitted to be placed over emergency escape and rescue openings provided the minimum net clear opening size complies with the code that was in effect at the time of construction and such devices shall be releasable or removable from the inside without the use of a key, tool or force greater than that which is required from normal operation of the escape and rescue opening.
- X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.

X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.

X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.

X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.

SECTION 305 - INTERIOR STRUCTURE

X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected

X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

X **305.5 and 307.1 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition. Every exterior and interior flight of stairs having more than four risers shall have a handrail on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches above the floor or grade below shall have guards. Handrails shall not be less than 30 inches high or more than 42 inches high measured vertically above the nosing of the tread or above the finished floor of the landing or walking surfaces. Guards shall not be less than 30 inches height above the floor of the landing, balcony, porch, deck, or ramp or other walking surface.

X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.

X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
- X **702 & 702.4 Means of Egress & Emergency Escape Openings** - Required emergency escape openings shall be maintained in accordance with the code in effect at the time of construction, and the following. Required emergency escape and rescue openings shall be operational from the inside of the room without the use of keys or tools. Bars, grilles, grates or similar devices are permitted to be placed over emergency escape and rescue openings provided the minimum net clear opening size complies with the code that was in effect at the time of construction and such devices shall be releasable or removable from the inside without the use of a key, tool or force greater than that which is required from normal operation of the escape and rescue opening.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
-

- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.

SECTION 305 - INTERIOR STRUCTURE

- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.
- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

SECTION 403 - VENTILATION

- X **403.5 Clothes Dryer Exhaust Ventilation** - Clothes dryer exhaust systems shall be independent of all other systems and shall be exhausted in accordance with the manufacturer's instructions.
- X **403.2 Bathrooms and Toilet Rooms Ventilation** - Every bathroom and toilet room shall comply with the ventilation requirements for habitable spaces as required by Section 403.1, except that a window shall not be required in such spaces equipped with a mechanical ventilation system. Air exhausted by a mechanical ventilation system from a bathroom or toilet room shall discharge to the outdoors and shall not be recirculated

SECTION 604 - ELECTRICAL FACILITIES & 605 ELECTRICAL EQUIPMENT

- X **605.2 Receptacles** - Every habitable space in a dwelling shall contain at least two separate and remote receptacle outlets. Every laundry area shall contain at least one grounded-type receptacle or a receptacle with a ground fault circuit interrupter. Every bathroom shall contain at least one receptacle. Any new bathroom receptacle outlet shall have ground fault circuit interrupter protection.

SECTION 703 - FIRE-RESISTANCE RATINGS

- X **703.2 Opening protectives** - Required opening protectives shall be maintained in an operative condition. All fire and smokestop doors shall be maintained in operable condition. Fire doors and smoke barrier doors shall not be blocked or obstructed or otherwise made inoperable.

SECTION 704 - FIRE PROTECTION SYSTEMS

- X **IRC 309.5 Carbon Monoxide Alarms** - Carbon monoxide alarms shall be installed outside of sleeping areas if the house has fuel-fired appliances. Carbon monoxide alarms shall also be installed when garages are attached to the dwelling unit.

- X **704.2 Smoke Alarms & Required Locations** - Single or multiple-station smoke alarms shall be installed and maintained in Groups R-2, R-3, R-4 and in dwellings not regulated in Group R occupancies, regardless of occupant load at all of the following locations: 1. On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms.; 2. In each room used for sleeping purposes.; 3. In each story within a dwelling unit, but not including crawl spaces and uninhabitable attics. In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level. Single or multiple-station smoke alarms shall be installed in other groups in accordance with the International Fire Code.
- X **704.4 Interconnection** - Where more than one smoke alarm is required to be installed within an individual dwelling unit, the smoke alarms shall be interconnected in such a manner that the activation of one alarm will activate all of the alarms in the individual unit. The alarm shall be clearly audible in all bedrooms over background noise levels with all intervening doors closed. Exceptions: 1. Interconnection is not required in buildings which are not undergoing alterations, repairs, or construction of any kind. 2) Smoke alarms in existing areas are not required to be interconnected where alterations or repairs do not result in the removal of interior wall or ceiling finishes exposing the structure, unless there is an attic, crawl space or basement available which could provide access for interconnection without the removal of interior finishes.
-

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
-

-
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
 - X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
 - X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
 - X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
 - X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
 - X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
 - X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
 - X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
 - X **304.12 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
 - X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
 - X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
-

-
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
 - X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.

SECTION 305 - INTERIOR STRUCTURE

- X **305.5 and 307.1 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition. Every exterior and interior flight of stairs having more than four risers shall have a handrail on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches above the floor or grade below shall have guards. Handrails shall not be less than 30 inches high or more than 42 inches high measured vertically above the nosing of the tread or above the finished floor of the landing or walking surfaces. Guards shall not be less than 30 inches height above the floor of the landing, balcony, porch, deck, or ramp or other walking surface.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.
- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

OWNER NAME & ADDRESS: David I. Davenport 3304 Laurel St.
Alexandria, LA 71301

ADDITIONAL OWNERS: Rodney Davenport 27 Morace Rd.
Deville, LA 71328

TYPE OF STRUCTURE: Commercial Retail Store

This report provides a list of code deficiencies for the structure located at the above stated address. As the Property Owner, you have two options to be executed at your own expense: Demolition or Rehabilitation. In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

X **306 Component Serviceability -**

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
- X **302.9 Defacement of Property** - No person shall willfully or wantonly damage, mutilate or deface any exterior surface or any structure or building on any private or public property by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.
- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.

- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.

SECTION 305 - INTERIOR STRUCTURE

- X **305.4 Stairs and walking surfaces** - Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.
- X **305.5 and 307.1 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition. Every exterior and interior flight of stairs having more than four risers shall have a handrail on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, ramp or other walking surface which is more than 30 inches above the floor or grade below shall have guards. Handrails shall not be less than 30 inches high or more than 42 inches high measured vertically above the nosing of the tread or above the finished floor of the landing or walking surfaces. Guards shall not be less than 30 inches height above the floor of the landing, balcony, porch, deck, or ramp or other walking surface.
- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.

SECTION 305 - INTERIOR STRUCTURE

- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

SECTION 505 - WATER SYSTEM

- X **505.2 Water Supply and Contamination** - The water supply system shall be installed and maintained to provide a supply of water to plumbing fixtures, devices and appurtenances in sufficient volume and at pressures adequate to enable the fixtures to function properly, safely, and free from defects and leaks. The water supply shall be maintained free from contamination, and all water inlets for plumbing fixtures shall be located above the flood-level rim of the fixture. Hose bibs or faucets to which hoses are attached and left in place, shall be protected by an approved atmospheric-type vacuum breaker or an approved permanently attached hose connection vacuum breaker.
- X **505.1 Hot and Cold Water Available with Potable Drinking Water** - Every sink, lavatory, bathtub or shower, drinking fountain, water closet or other plumbing fixture shall be properly connected to either a public water system or to an approved private water system. All kitchen sinks, lavatories, laundry facilities, bathtubs and showers shall be supplied with hot or tempered and cold running water in accordance with the current adopted edition of the International Plumbing Code. There shall be a means of potable drinking water on premises.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

X **306 Component Serviceability -**

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.12 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
- X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.

- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
- X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
- X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
- X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
- X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.

-
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
 - X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.

SECTION 305 - INTERIOR STRUCTURE

- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
 - X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.
-

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

CODE ENFORCEMENT DEFICIENCY ASSESSMENT

DATE:

PROPERTY ADDRESS: 1705 MCENERY AVENUE Alexandria, LA 71301 CD-12576

OWNER NAME & ADDRESS: Eleanor Quinney Ellis C/O Janis Ellis
2015 Orchid Ln.
Alexandria, LA 71303

ADDITIONAL OWNERS: N/A

TYPE OF STRUCTURE: Residential Single Family House

This report provides a list of code deficiencies for the structure located at the above stated address. As the Property Owner, you have two options to be executed at your own expense: Demolition or Rehabilitation. In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

X **306 Component Serviceability -**

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
- X **302.2 Grading and Drainage** - All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.
- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
- X **302.9 Defacement of Property** - No person shall willfully or wantonly damage, mutilate or deface any exterior surface or any structure or building on any private or public property by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.
- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.12 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
 - X **304.5 Foundation Walls** - All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.
 - X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
 - X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
 - X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
 - X **702 & 702.4 Means of Egress & Emergency Escape Openings** - Required emergency escape openings shall be maintained in accordance with the code in effect at the time of construction, and the following. Required emergency escape and rescue openings shall be operational from the inside of the room without the use of keys or tools. Bars, grilles, grates or similar devices are permitted to be placed over emergency escape and rescue openings provided the minimum net clear opening size complies with the code that was in effect at the time of construction and such devices shall be releasable or removable from the inside without the use of a key, tool or force greater than that which is required from normal operation of the escape and rescue opening.
 - X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
 - X **304.11 Chimneys and towers** - All chimneys, cooling towers, smoke stacks, and similar appurtenances shall be maintained structurally safe and sound, and in good repair. All exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.
 - X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
 - X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
 - X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
-

- X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
- X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
- X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
- X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.

SECTION 305 - INTERIOR STRUCTURE

- X **305.3 Interior surfaces** - All interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected
- X **305.6 Interior doors** - Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.
- X **305.2 Structural members** - All structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

SECTION 403 - VENTILATION

- X **403.5 Clothes Dryer Exhaust Ventilation** - Clothes dryer exhaust systems shall be independent of all other systems and shall be exhausted in accordance with the manufacturer's instructions.

SECTION 502 - REQUIRED FACILITIES

- X **502.1 Minimum one tub / shower, one lavatory, one toilet & one kitchen sink** - Every dwelling unit shall contain its own bathtub or shower, lavatory, water closet and kitchen sink which shall be maintained in a sanitary, safe working condition. The lavatory shall be placed in the same room as the water closet or located in close proximity to the door leading directly into the room in which such water closet is located. A kitchen sink shall not be used as a substitute for the required lavatory.

SECTION 503 - TOILET ROOMS

- X **503.1 & 503.3 Toilet Room Privacy & Location** - Bathrooms shall provide privacy and shall not constitute the only passageway to a hall or other space, or to the exterior. A door and interior locking device shall be provided for all common or shared bathrooms in a multiple dwelling.

SECTION 504 - PLUMBING SYSTEMS AND FIXTURES

- X **504.1 & 504.2 Fixtures in functional condition and adequate clearances** - All plumbing fixtures shall be properly installed and maintained in working order, and shall be kept free from obstructions, leaks and defects and be capable of performing the function for which such plumbing fixtures are designed. All plumbing fixtures shall be maintained in a safe, sanitary and functional condition. Plumbing fixtures shall have adequate clearance for usage and cleaning.
- X **504.3 Plumbing System Hazards** - Where it is found that a plumbing system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, inadequate venting, cross connection, back-siphonage, improper installation, deterioration or damage or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard.

SECTION 604 - ELECTRICAL FACILITIES & 605 ELECTRICAL EQUIPMENT

- X **604.3 Electrical system hazards** - Where it is found that the electrical system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, improper fusing, insufficient receptacle and lighting outlets, improper wiring or installation, deterioration or damage or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard. This includes electrical equipment exposed to water and/or fire.
- X **604.1 Facilities required & 605.1 Installation Electrical Systems** - Every occupied building shall be provided with an electrical system in compliance with the requirements of this section and Section 605. All electrical equipment, wiring and appliances shall be properly installed and maintained in a safe and approved manner.
- X **604.2 Service Electrical** - The size and usage of appliances and equipment shall serve as a basis for determining the need for additional facilities in accordance with the ICC Electrical Code. Dwelling units shall be served by a three-wire 120/240 volt, single phase electrical service having a rating of not less than 100 amperes.

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

- X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
- X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
- X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.
- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.

SECTION 304 - EXTERIOR STRUCTURE

- X **304.14 Insect Screens** - Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
- X **304.12 Handrails and guards** - Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

-
- X **304.7 Roofs and Drainage** - The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.
 - X **304.9 Overhang extensions** - All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar treatment.
 - X **304.18 & 304.19 Building security - Doors, Windows & Grates** - Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.
 - X **304.3 Premises Identification** - Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inch.
 - X **304.8 Decorative Features** - All cornices, belt courses, corbels, terracotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.
 - X **304.10 Stairways, decks, porches and balconies** - Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.
 - X **304.4 Structural Members** - All structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.
 - X **304.6 Exterior Walls** - All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface coated where required to prevent deterioration.
 - X **304.13.1 Glazing & 304.13.2, 304.18.2 Windows** - All glazing materials shall be maintained free from cracks and holes. Operable windows located in whole or in part within 6 feet above ground level or a walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device. Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.
 - X **304.15 Doors & Locks** - All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from a side from which egress is to be made without the need for keys, special knowledge or effort and shall have a lock throw of not less than 1 inch. Such deadbolt locks shall be installed according to the manufacturer's specifications and maintained in good working order. For the purpose of this section, sliding bolt shall not be considered an acceptable deadbolt lock.
-

- X **304.2 Protective Treatment** - All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks, and fences shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. All siding and masonry joints as well those between the building envelope and the perimeter of windows, doors, and skylights shall be maintained weather resistant and water tight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement. This applies to soils, concrete, aluminum, masonry, steel, or wood that exhibits deterioration, deformation, cracks, fractures and damage.
-

Inspector did not enter the structure, however, based on the current condition of the exterior, it appears that significant work will have to be performed on the interior that may include electrical, plumbing, mechanical and carpentry work by licensed Contractors.

OWNER NAME & ADDRESS: MATTS JANITORIAL SERVICES INC
Curtisteen Matthews 113 SUNRIDGE ROAD
Alexandria, LA 71302

ADDITIONAL OWNERS: N/A

TYPE OF STRUCTURE: Residential Single Family House

This report provides a list of code deficiencies for the structure located at the above stated address. As the Property Owner, you have two options to be executed at your own expense: Demolition or Rehabilitation. In order to be eligible for either option, the Property Owner will need to provide an itemized cost estimate prepared by a State Licensed Contractor and provide three months of current bank statements to show that sufficient funds are readily available to pay for the work.

DEFICIENCY ASSESSMENT:

X **306 Component Serviceability -**

SECTION 302 - EXTERIOR PROPERTY AREAS

- X **302.6 Exhaust Vents** - Pipes, ducts, conductors, fans or blowers shall not discharge gasses, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant.
 - X **302.9 Defacement of Property** - No person shall willfully or wantonly damage, mutilate or deface any exterior surface or any structure or building on any private or public property by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.
 - X **302.1 Sanitation & 308 Rubbish & Garbage** - All exterior property and premises shall be maintained in a clean, safe and sanitary condition. All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.
 - X **302.4 Weeds** - All premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.
 - X **302.3 Sidewalks and driveways** - All sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
 - X **302.5 Rodent Harborage & 309 Pest Elimination** - The owner / occupant shall be responsible to ensure that all structures and exterior property shall be kept free from rodent harborage and infestations, on the interior or exterior. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. RESOLUTION NO.

**RESOLUTION SETTING A PUBLIC HEARING TO BE HELD ON
DECEMBER 2, 2025 TO CONSIDER CONDEMNATION OF TWENTY-
FIVE (25) STRUCTURES WITHIN THE CITY.**

BE IT RESOLVED by the Council of the City of Alexandria, Louisiana, in legal session convened, that the Council hereby setting a public hearing to be held on December 2, 2025 to consider condemnation of twenty-five (25) structures within the City.

THIS RESOLUTION having been submitted in writing, was then submitted to a final vote as a whole, the vote thereon being as follows:

YEAS:

NAYS:

ABSENT

PASSED AND ADOPTED at Alexandria, Louisiana, this 7th day of October, 2025.

/s/ Donna P. Jones, MMC
City Clerk

I. ORDINANCES FOR FINAL ADOPTION

SUBJECT TO PUBLIC HEARING

- 9) To consider final adoption of an ordinance authorizing the mayor to accept the low bid submitted for turn out gear for the Fire Department.

AGENDA ITEM FACT SHEET

Date: **SEPTEMBER 9, 2025**

Title: **ORDINANCE AUTHORIZING THE MAYOR TO ACCEPT THE LOWEST BID FOR TURN-OUT GEAR**

Explanation of Proposal:

Additional Information Attached ☒

Ordinance authorizing the Mayor to accept the lowest bid for Turn Out Gear to be used by for the City of Alexandria Fire Department. On Tuesday, September 9, 2025 four (4) bids were opened and read aloud. Our recommendation is that award be made to North America Fire Equipment Company, INC. (NAFECO) at prices bid. This contract shall remain in effect for a period of twelve (12) months. Contingent upon the availability of funds, and the ability of the successful bidder to honor quoted prices, the City reserves the right to renew the existing contract for an additional twelve (12) month period.
See attached bid tabulation.

RESOLUTION NO. 0677-2025

RESOLUTION AUTHORIZING ADVERTISEMENT FOR BIDS FOR TURN OUT GEAR FOR THE FIRE DEPARTMENT.

BE IT RESOLVED by the Council of the City of Alexandria, Louisiana, in legal session convened, that the Council hereby authorizes advertisement for bids for turn out gear for the Fire Department

BE IT FURTHER RESOLVED, etc., that the City Clerk proceed with the advertisement according to law, with bids to be opened on September 9, 2025.

PASSED AND ADOPTED at Alexandria, Louisiana, this 29th day of July, 2025.

/s/ Donna P. Jones, MMC
City Clerk

ORDINANCE NO.

AN ORDINANCE AUTHORIZING THE MAYOR TO ACCEPT THE LOW BID SUBMITTED FOR TURN OUT GEAR FOR THE FIRE DEPARTMENT AND OTHER MATTERS WITH RESPECT THERETO.

SECTION I: BE IT ORDAINED by the Council of the City of Alexandria, Louisiana, in legal session convened, that the Council hereby authorizes the mayor to accept the low bid submitted for turn out gear for the Fire Department.

SECTION II: BE IT FURTHER ORDAINED, etc. that the Mayor of the City of Alexandria be authorized to pay said low bidder from the 2025/2026 budget and to each and every other act or deed needed or necessary to consummate said transaction.

SECTION III: BE IT FURTHER ORDAINED, etc., that this ordinance shall become effective upon signature by the Mayor; or, if not signed or vetoed by the Mayor, upon expiration of the time for ordinances to become law without signature by the Mayor.

SECTION IV: BE IT FURTHER ORDAINED, etc., that if any provision or item of this ordinance or the application thereof is held invalid, such invalidity shall not affect other provisions, items or applications of this ordinance which can be given effect without the invalid provisions, items, or applications, and to this end the provisions of this ordinance or hereby declared severable.

SECTION V: BE IT FURTHER ORDAINED, etc., that all ordinances or parts of ordinances in conflict herewith are hereby repealed.

THIS ORDINANCE was introduced on the 9th day of September, 2025.

NOTICE PUBLISHED on the 12th day of September, 2025.

THIS ORDINANCE having been submitted in writing, introduced and published, was then submitted to a final vote as a whole, the vote thereon being as follows:

SECTION 00100

ADVERTISEMENT FOR BIDS

CITY OF ALEXANDRIA

**CONSOLIDATED CITY COMPOUND
METAL ROOF & SOFFIT REPLACEMENT**

Separate sealed bids for the CITY OF ALEXANDRIA CONSOLIDATED CITY COMPOUND METAL ROOF & SOFFIT REPLACEMENT Project will be received by the City of Alexandria, Louisiana by the City Clerk, at the City Council Office, City Hall, 915 Third Street, Alexandria, Louisiana, 71301 until 10:00 a.m. (Central Time) on Tuesday, August 26, 2025 and then at said office publicly opened and read aloud. Any bid received after the specified time and date will not be considered.

A Mandatory Pre-Bid Conference will be held at 10:00 a.m. on Thursday, August 7, 2025 at the City of Alexandria Consolidated City Compound located at 2021 Industrial Park Road, Alexandria, LA 71303.

The Instructions to Bidders, Bid Form, Agreement Between Owner and Contractor, Forms of Bid Bond, Performance and Payment Bonds, Drawings and Specifications, and other Contract Documents may be examined at the following location:

PAN AMERICAN ENGINEERS, LLC
(Design Professional)
1717 JACKSON STREET (71301)
P. O. BOX 8599 (71306)
ALEXANDRIA, LOUISIANA
(318) 473-2100

The work is generally described as follows:

All work related to the project entitled "City of Alexandria Consolidated City Compound Metal Roof & Soffit Replacement," including the installation of a hugger roof system over 16,100 sf of existing building area. The retrofit hugger framing system shall be complete with fascia trim, ridge, etc. and all other items as shown on the drawings and included in the Base Bid.

Copies of the bidding documents shall be obtained from the office of Pan American Engineers, LLC upon deposit of \$150.00 for each set of documents; or from the electronic bid submittal option as noted in the Advertisement. The deposit on the first set of documents furnished to bonafide prime bidders will be fully refunded upon return of the documents, in good condition, no later than ten (10) days after receipt of bids. On other sets of documents furnished to bidders, the deposit less actual cost of reproduction will be refunded upon return of the documents, in good condition, no later than ten (10) days after receipt of bids.

Pursuant to Louisiana Revised Statute (L.R.S.) 38:2212.E.(1), Bidders have the option to secure bidding documents and submit bids electronically. Bidding documents may be secured from Central Bidding. Electronic bids for this project may be submitted through Central Bidding. The Central Bidding web address is www.CentralBidding.com. To register, or for assistance with completing an e-bid, contact Central Bidding at 225-810-4814 or 866-570-9620.

The OWNER reserves the right to reject any or all bids for just cause. Such actions will be in accordance with Title 38 of the L.R.S.

In accordance with L.R.S. 38:2212.B.(1), the provisions and requirements stated in the Bidding Documents shall not be considered as informalities and shall not be waived.

Each Bidder must deposit with the bid, security in the amount of at least five percent (5%) of the total bid price, as described in the Instructions to Bidders. Bid bonds shall be written by a surety or insurance company meeting the requirements noted in L.R.S. 38:2218.

The successful Bidder shall be required to furnish a Performance Bond and Payment Bond, in an amount equal to 100% of the Contract amount, written by a surety or insurance company meeting the requirements noted in L.R.S. 38:2219 A.(1)(a), (b) and (c), or for Federally funded projects, must be listed as acceptable on the U.S. Department of Treasury Circular 570.

City of Alexandria is an equal opportunity employer.

City of Alexandria encourages all small and minority-owned firms and women's business enterprises to apply.

Any person with disabilities required special accommodations must contact the City of Alexandria no later than seven (7) days prior to bid opening.

CITY CLERK

PRESIDENT

MAYOR'S APPROVAL/VETO

- 11) To consider final adoption of an ordinance authorizing the mayor to enter into an Intergovernmental Agreement with Rapides Parish Law Enforcement District relative to an employee health and wellness clinic venue program and related services.

This fact sheet is the basis for a decision by the City Council. Please insure that the information is clear, concise and current.

AGENDA ITEM FACT SHEET

Date: 8/13/25

TITLE: ~~INTRODUCTION~~ ^{INTRODUCTION} OF AN ORDINANCE TO AUTHORIZE THE MAYOR, ON BEHALF OF THE CITY OF ALEXANDRIA, TO ENTER INTO AN INTERGOVERNMENTAL AGREEMENT WITH THE RAPIDES PARISH LAW ENFORCEMENT DISTRICT ("RPSO") RELATIVE TO AN EMPLOYEE HEALTH AND WELLNESS CLINIC VENUE, PROGRAM AND RELATED SERVICES AND ~~TO PROVIDE WITH RESPECT THERETO.~~ ^{TO OTHERWISE}

EXPLANATION OF PROPOSAL

The City and the Rapides Parish Sheriff's Office will cooperate with an employee health and wellness clinic venue, program and related services. RPSO employees may participate and use the clinic program and services. The City provides the place or venue and the Sheriff's office will pay for part of the occupancy, utility and related building services. The City and RPSO have each separately contracted with the third-party provider Medical Analysis, LLC for certain services. The City and Sheriff's office may cooperate with the clinic, program and related services at the venue.

ORDINANCE NO.

AN ORDINANCE AUTHORIZING THE MAYOR TO ACCEPT THE LOWEST PROPOSAL RECEIVED FROM TAYLORSCAPES FOR LANDSCAPE MAINTENANCE SERVICES FOR THE COMMUNITY CENTERS AND OTHER MATTERS WITH RESPECT THERETO.

WHEREAS, Wednesday, September 3, 2025 at 2:00 PM, three proposals were received for landscape maintenance services for the Community Centers; and,

WHEREAS, award is to be made to the lowest, most responsive, responsible proposer; and,

WHEREAS, the Administration recommendation to award to Taylorscapes at rates as proposed, now therefore

SECTION I: BE IT ORDAINED by the Council of the City of Alexandria, Louisiana, in legal session convened, that the Council hereby authorizes the mayor to accept the lowest proposal received from Taylorscapes for landscape maintenance services.

SECTION II: BE IT FURTHER ORDAINED, etc. that the Mayor of the City of Alexandria be authorized to pay said low bidder from the 2025/2026 budget and to each and every other act or deed needed or necessary to consummate said transaction.

SECTION III: BE IT FURTHER ORDAINED, etc. this contract shall remain in effect for a period of twelve (12) months. Contingent upon the availability of funds, and the ability of the successful bidder to honor quoted prices, the City reserves the right to renew the existing contract for an additional twelve (12) month period.

SECTION IV: BE IT FURTHER ORDAINED, etc., that this ordinance shall become effective upon signature by the Mayor; or, if not signed or vetoed by the Mayor, upon expiration of the time for ordinances to become law without signature by the Mayor.

SECTION V: BE IT FURTHER ORDAINED, etc., that if any provision or item of this ordinance or the application thereof is held invalid, such invalidity shall not affect other provisions, items or applications of this ordinance which can be given effect without the invalid provisions, items, or applications, and to this end the provisions of this ordinance or hereby declared severable.

SECTION VI: BE IT FURTHER ORDAINED, etc., that all ordinances or parts of ordinances in conflict herewith are hereby repealed.

THIS ORDINANCE was introduced on the 23rd day of September, 2025.

NOTICE PUBLISHED on the 26th day of September, 2025.

THIS ORDINANCE having been submitted in writing, introduced and published, was then submitted to a final vote as a whole, the vote thereon being as follows:

NAYS:

ABSENT:

AND THE ORDINANCE was declared adopted on this the ____ day of September, 2025 and final publication was made in the Alexandria Daily Town Talk on the ____ day of September, 2025.

CITY CLERK

PRESIDENT

MAYOR'S APPROVAL/VETO

- 15) To consider final adoption of an ordinance authorizing the mayor to enter into agreements with the U. S. Department of Housing and Urban Development with respect to annual CDBG and HOME grant funding contracts, amendments, and other documents and matters with respect thereto.

AGENDA ITEM FACT SHEET

*This fact sheet is the basis for a decision by the City Council.
Please insure that the information is clear, concise and current.*

Division/Department: Planning/Community Development

Date: September 16, 2025

Title: An ordinance authorizing the Mayor to enter into agreements with the U.S. Dept. of Housing and Urban Development with respect to annual CDBG and HOME grant funding contracts, amendments, and other documents and matters with respect thereto.

Explanation of Proposal:

Additional Information Attached ☒

The City of Alexandria receives federal entitlement grant funding from the U.S. Department of Housing and Urban Development (HUD) on an annual basis through the CDBG and HOME grant programs. These programs require the City to enter into various grant agreements with HUD and to submit other documentation to supporting the program.

23. Federal award description: Under the HOME Investment Partnerships Program, HUD allocates funds by formula among eligible State and local governments to strengthen public-private partnerships and to expand the supply of decent, safe, sanitary, and affordable housing, with primary attention to rental housing, for very low-income and low-income families. - Addendum 1. Policy Requirements - Addendum 2. Program-Specific Requirements - Addendum 3. Indirect Cost Rate Schedule	

Authority and Agreement. This agreement between the U.S. Department of Housing and Urban Development (HUD) and the Recipient is made pursuant to the statutory authority above (box 19) and is subject to the applicable appropriations act(s) (box 20). This agreement incorporates by reference the HOME Investment Partnerships program statute 42 U.S.C. 12701 et seq., the program regulations at 24 C.F.R. § 92 (as now in effect and as may be amended from time to time), Recipient's consolidated plan/action plan, the relevant funding notice (box 21), any attached Specific Terms and Conditions, and the attached addenda (box 23).

U.S. Department of Housing and Urban Development — Federal Award Agreement

B. Terms and Conditions

1. *General terms and requirements.* The Recipient must comply with all applicable federal laws, regulations, and requirements unless otherwise provided through HUD's formal waiver authorities. This agreement, including any attachments and addenda, may only be amended in writing executed by parties to this agreement and any addenda.
2. *Administrative requirements.* The Recipient must comply with the following requirement(s) if checked below:
 - ☐ The administrative requirements in the HUD General Administrative, National, and Departmental Policy Requirements and Terms for HUD's Financial Assistance Programs 2025, as indicated in the relevant NOFO, apply to this agreement.
 - ☒ The grantee shall comply with requirements established by the Office of Management and Budget (OMB) concerning the Unique Entity Identifier (UEI); the System for Award Management (SAM.gov); the Federal Funding Accountability and Transparency Act as provided in 2 C.F.R. part 25, Universal Identifier and General Contractor Registration; and 2 C.F.R. part 170, Reporting Subaward and Executive Compensation Information.
3. *Applicability of 2 C.F.R. part 200.*
 - ☒ The Recipient must comply with the applicable requirements at 2 C.F.R. part 200, as may be amended from time to time. If any previous or future amendments to 2 C.F.R. part 200 replace or renumber any part 200 section cited in HUD's regulations in Title 24 of the Code of Federal Regulations, the amended part 200 requirements will govern award activities carried out after the amendments' effective date.
 - ☐ The Recipient must comply with the applicable requirements at 2 C.F.R. part 200. If any previous amendments to 2 C.F.R. part 200 replace or renumber any part 200 section cited in HUD's regulations in Title 24 of the Code of Federal Regulations, the amended part 200 requirements will govern award activities carried out after the amendments' effective date.
4. *Future budget periods.* If the period of performance spans multiple budget periods, subsequent budget periods are subject to the availability of funds, program authority, satisfactory performance, and compliance with the terms and conditions of the Federal award.
5. *Indirect Cost Rate.* If the Recipient intends to use a negotiated or de minimis rate for indirect costs, the Recipient must submit an Indirect Cost Rate form to HUD, either with its application using HUD-426 (competitive grants) or with this agreement using "Addendum #3 "Indirect Cost Rate Schedule" (formula and congressional grants). The submitted form/addendum will be incorporated into and made part of this agreement, provided that the rate information is consistent with the applicable requirements under 2 C.F.R. § 200.414. If there is any change in the Recipient's indirect cost rate, it must immediately notify HUD and execute an amendment to this agreement to reflect the change if necessary.
6. *Recipient integrity and performance matters.* If the Federal share of this award is more than \$500,000 over the period of performance (box 6), the terms and conditions in 2 C.F.R. part 200 Appendix XII apply to this agreement.
7. *Recordkeeping and Access to Records.* The Recipient hereby agrees to maintain complete and accurate books of account for this award and award activities in such a manner as to permit the preparation of statements and reports in accordance with HUD requirements, and to permit timely and effective audit. The Recipient agrees to furnish HUD such financial and project reports, records, statements, subrecipient data, and documents at such times, in such form, and accompanied by such reporting data as required by HUD. HUD and its duly authorized representative shall have full and free access to all Recipient offices and facilities, and to all books, documents, and records of the Recipient relevant to the administration, receipt, and use of this award and award activities, including the right to audit and make copies. The Recipient agrees to maintain records that identify the source and application of funds, including relevant subrecipient data, in such a manner as to allow HUD to determine that all funds are and have been expended in accordance with program requirements and in a manner consistent with applicable law.

U.S. Department of Housing and Urban Development — Federal Award Agreement

Further, the Recipient hereby acknowledges that HUD is in the process of implementing new grants management and reporting tools, which will be made available for the Recipient's use in the future. The Recipient agrees to report on grant performance and financial activities (including vendor and cash disbursement supporting details for the Recipient and its subrecipients) using these new tools when they are released. HUD will work with the Recipient to support the Recipient's transition to this new reporting environment. Once implemented, timely reporting in this new environment will be mandatory. HUD reserves the right to exercise all of its available rights and remedies for any noncompliance with these grants management and financial reporting requirements, to include, without limitation, requiring 100% review, suspension of disbursements, and all other legally available remedies, to the furthest extent permitted by law, as amended.

8. *Noncompliance.* If the Recipient fails to comply with the provisions of this agreement, HUD may take one or more of the actions provided in program statutes, regulations or 2 C.F.R. § 200.339, as applicable. Nothing in this agreement shall limit any remedies otherwise available to HUD in the case of noncompliance by the Recipient. No delay or omissions by HUD in exercising any right or remedy available to it under this agreement shall impair any such right or remedy or constitute a waiver of or acquiescence in any Recipient noncompliance.
9. *Termination provisions.* Unless superseded by program statutes, regulations or NOFOs, the termination provisions in 2 C.F.R. § 200.340 apply.
10. *Build America, Buy America.* The Recipient must comply with the requirements of the Build America, Buy America (BABA) Act, 41 U.S.C. § 8301 note, and all applicable rules and notices, as may be amended, if applicable. Pursuant to HUD's Notice, "Public Interest Phased Implementation Waiver for FY 2022 and 2023 of Build America, Buy America Provisions as Applied to Recipients of HUD Federal Financial Assistance" (88 Fed. Reg. 17001), BABA requirements apply to any infrastructure projects HUD has obligated funds for after the effective dates, unless excepted by a waiver.
11. *Waste, Fraud, Abuse, and Whistleblower Protections.* Any person who becomes aware of the existence or apparent existence of fraud, waste, or abuse of any HUD award must report such incidents to both the HUD official responsible for the award and to HUD's Office of Inspector General (OIG). Allegations of fraud, waste, and abuse related to HUD programs can be reported to the HUD OIG hotline via phone at 1-800-347-3735 or online hotline form. The Recipient must comply with 41 U.S.C. § 4712, which includes informing employees in writing of their rights and remedies, in the predominant native language of the workforce. Under 41 U.S.C. § 4712, employees of a government contractor, subcontractor, recipient, and subrecipient—as well as a personal services contractor—who make a protected disclosure about a Federal award or contract cannot be discharged, demoted, or otherwise discriminated against if they reasonably believe the information they disclose is evidence of (1) gross mismanagement of a Federal contract or award; (2) waste of Federal funds; (3) abuse of authority relating to a Federal contract or award; (4) substantial and specific danger to public health and safety; or (5) violations of law, rule, or regulation related to a Federal contract or award.
12. *Third-Party Claims.* Nothing in this agreement shall be construed as creating or justifying any claim against the federal government or the Recipient by any third party.
13. *Rule of Construction and No Construction Against Drafter.* Notwithstanding anything contained in this agreement, the terms and conditions hereof are to be construed to have full and expansive effect in both interpretation and application, and the parties agree that the principle of interpretation that holds that ambiguities in terms or conditions are construed against the drafter shall not apply in interpreting this agreement.

C. Federal Award Performance Goals

The Recipient must meet any applicable performance goals, indicators, targets, and baseline data as required by applicable program requirements.

D. Specific Terms and Conditions

Not applicable ☒ Attached ☐

For the U.S. Department of HUD (name and title of authorized official) Marlet N. Cox, Acting Director	Signature	Date
For the Recipient (name and title of authorized official) Jacques M. Roy, Mayor	Signature	Date

ADDENDUM 1. POLICY REQUIREMENTS

If applicable:

1. The Recipient shall not use grant funds to promote "gender ideology," as defined in Executive Order (E.O.) 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government;
2. The Recipient agrees that its compliance in all respects with all applicable Federal anti-discrimination laws is material to the U.S. Government's payment decisions for purposes of section 3729(b)(4) of title 31, United States Code;
3. The Recipient certifies that it does not operate any programs that violate any applicable Federal anti-discrimination laws, including Title VI of the Civil Rights Act of 1964;
4. The Recipient shall not use any grant funds to fund or promote elective abortions, as required by E.O. 14182, Enforcing the Hyde Amendment; and that,
5. Notwithstanding anything in the NOFO or Application, this Grant shall not be governed by Executive Orders revoked by E.O. 14154, including E.O. 14008, or NOFO requirements implementing Executive Orders that have been revoked.
6. The Recipient must administer its grant in accordance with all applicable immigration restrictions and requirements, including the eligibility and verification requirements that apply under title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, as amended (8 U.S.C. 1601-1646) (PRWORA) and any applicable requirements that HUD, the Attorney General, or the U.S. Citizenship and Immigration Services may establish from time to time to comply with PRWORA, Executive Order 14218, or other Executive Orders or immigration laws.
7. No state or unit of general local government that receives funding under this grant may use that funding in a manner that by design or effect facilitates the subsidization or promotion of illegal immigration or shields illegal aliens from deportation, including by maintaining policies or practices that materially impede enforcement of federal immigration statutes and regulations.
8. The Recipient must use SAVE, or an equivalent verification system approved by the Federal government, to prevent any Federal public benefit from being provided to an ineligible alien who entered the United States illegally or is otherwise unlawfully present in the United States.
9. Faith-based organizations may be subrecipients for funds on the same basis as any other organization. Recipients may not, in the selection of subrecipients, discriminate against an organization based on the organization's religious character, affiliation, or exercise.

ADDENDUM 2. PROGRAM-SPECIFIC REQUIREMENTS

Assistance Listing 14.239, HOME Investment Partnerships Program

1. For the purposes of this Agreement and any applicable addenda, the term "recipient" shall have the meaning of "grantee", "participating jurisdiction" as defined in 24 C.F.R. 92.2., or "insular area" as defined in 24 C.F.R. 92.2.
2. *Community Housing Development Organizations (CHDOs).* When 42 U.S.C. 12771(b) is suspended by a given year's appropriations, the Secretary shall not deduct funds set aside for CHDOs from the Recipient's HOME Investment Trust Fund for failure to reserve those funds for projects owned, developed, or sponsored by CHDOs within 24 months after the last day of the month in which HUD notifies the Recipient of HUD's execution of this Agreement.
3. *Commitment.* When 42 U.S.C. 12749(g) is suspended by a given year's appropriations, the Recipient's ability to commit funds provided through this Agreement will not expire 24 months after the last day of the month in which such funds are deposited in the jurisdiction's HOME Investment Trust Fund.
4. *Deobligations.* To the extent authorized by HUD regulations at 24 C.F.R. Part 92, HUD may, by its execution of an amendment to this Agreement, deobligate funds previously awarded to the Recipient without the Recipient's execution of the amendment or other consent.
5. *State Environmental Review.* If a Recipient is a State, as defined in 24 C.F.R. 92.2, and the Recipient provides HOME funds to a "State recipient", as that term is defined in 24 CFR 92.2, then the Recipient must require that the "State recipient" shall assume responsibility for the environmental review in accordance with 24 CFR 92.352 in the written agreement entered into pursuant to 24 CFR 92.504. Notwithstanding the foregoing, as per 24 CFR 92.504(c)(1)(vi), the "State recipient" shall not assume the Recipient's responsibilities for release of funds under 24 CFR 92.352.
6. *Reallocations.* All funds for the specified Fiscal Year provided by HUD by formula reallocation are covered by this Agreement upon execution of an amendment by HUD, without the Recipient's execution of the amendment or other consent.
7. *Repayments.* The Recipient agrees that funds invested in affordable housing under 24 C.F.R. Part 92 are repayable when the housing no longer qualifies as affordable housing. Repayment shall be made as specified in 24 C.F.R. Part 92.
8. *Cost Sharing.* This award is subject to match provisions in 24 C.F.R. 92.64(a)(1) and 24 C.F.R. 92.218-222, as applicable. The amount of match that a recipient may be required to provide in a year is not based upon the amount of the recipient's award. Under 24 C.F.R. 92.218, the amount of match that a recipient may be required to provide is determined by the type of eligible costs incurred by the recipient and the amount of funds drawn from the HOME Investment Trust Fund Treasury Account in that year. Since these factors are fact-sensitive, the amount of match is not included in either Box 15 or Box 16 of this Agreement.

U.S. Department of Housing and Urban Development — Federal Award Agreement

9. *Funding Information:*

<u>Source of Funds</u>	<u>Appropriation Code</u>	<u>PAS Code</u>	<u>Amount</u>
2023	86 3/6 0205	HMF (M)	\$1,197.61
2024	86 4/7 0205	HMF (N)	\$ 898.86
2025	86 5/8 0205	HMF (P)	\$238,948.90

ADDENDUM 3. INDIRECT COST RATE SCHEDULE

As the duly authorized representative of the Recipient, I certify that the Recipient:

- ☒ Will not use an indirect cost rate to calculate and charge indirect costs under the grant.
- ☐ Will calculate and charge indirect costs under the grant by applying a *de minimis* rate as provided by 2 C.F.R. § 200.414(f), as may be amended from time to time.
- ☐ Will calculate and charge indirect costs under the grant using the indirect cost rate(s) listed below, and each rate listed is included in an indirect cost rate proposal developed in accordance with the applicable appendix to 2 C.F.R. part 200 and, *if required*, was approved by the cognizant agency for indirect costs.

Agency/department/major function	Indirect cost rate	Type of Direct Cost Base
	%	
	%	
	%	

Instructions for the Recipient:

The Recipient must mark the one (and only one) checkbox above that best reflects how the Recipient's indirect costs will be calculated and charged under the grant. Do not include indirect cost rate information for subrecipients.

The table following the third box must be completed only if that box is checked. When listing a rate in the table, enter both the percentage amount (e.g., 10%) and the type of direct cost base to be used. For example, if the direct cost base used for calculating indirect costs is Modified Total Direct Costs, then enter "MTDC" in the "Type of Direct Cost Base" column.

If using the Simplified Allocation Method for indirect costs, enter the applicable indirect cost rate and type of direct cost base in the first row of the table.

If using the Multiple Allocation Base Method, enter each major function of the organization for which a rate was developed and will be used under the grant, the indirect cost rate applicable to that major function, and the type of direct cost base to which the rate will be applied.

If the Recipient is a government and more than one agency or department will carry out activities under the grant, enter each agency or department that will carry out activities under the grant, the indirect cost rate(s) for that agency or department, and the type of direct cost base to which each rate will be applied.

To learn more about the indirect cost requirements, see 2 C.F.R. part 200, subpart E and Appendix VII to Part 200 (for state and local governments).

Authority and Agreement. This agreement between the U.S. Department of Housing and Urban Development (HUD) and the Recipient is made pursuant to the statutory authority above (box 19) and is subject to the applicable appropriations act(s) (box 20). This agreement incorporates by reference the Community Development Block Grant program statute 42 U.S.C. 5301 et seq., the program regulations at 24 C.F.R. § 570 (as now in effect and as may be

U.S. Department of Housing and Urban Development — Federal Award Agreement

amended from time to time), Recipient's consolidated plan/action plan, the relevant funding notice (box 21), any attached Specific Terms and Conditions, and the attached addenda (box 23).

B. Terms and Conditions

1. *General terms and requirements.* The Recipient must comply with all applicable federal laws, regulations, and requirements, unless otherwise provided through HUD's formal waiver authorities. This agreement, including any attachments and addenda, may only be amended in writing executed by parties to this agreement and any addenda.
2. *Administrative requirements.* The Recipient must comply with the following requirement(s) if checked below:
 - ☐ The administrative requirements in the HUD General Administrative, National, and Departmental Policy Requirements and Terms for HUD's Financial Assistance Programs 2025, as indicated in the relevant NOFO, apply to this agreement.
 - ☒ The grantee shall comply with requirements established by the Office of Management and Budget (OMB) concerning the Unique Entity Identifier (UEI); the System for Award Management (SAM.gov); the Federal Funding Accountability and Transparency Act as provided in 2 C.F.R. part 25, Universal Identifier and General Contractor Registration; and 2 C.F.R. part 170, Reporting Subaward and Executive Compensation Information.
3. *Applicability of 2 C.F.R. part 200.*
 - ☒ The Recipient must comply with the applicable requirements at 2 C.F.R. part 200, as may be amended from time to time. If any previous or future amendments to 2 C.F.R. part 200 replace or renumber any part 200 section cited in HUD's regulations in Title 24 of the Code of Federal Regulations, the amended part 200 requirements will govern award activities carried out after the amendments' effective date.
 - ☐ The Recipient must comply with the applicable requirements at 2 C.F.R. part 200. If any previous amendments to 2 C.F.R. part 200 replace or renumber any part 200 section cited in HUD's regulations in Title 24 of the Code of Federal Regulations, the amended part 200 requirements will govern award activities carried out after the amendments' effective date.
4. *Future budget periods.* If the period of performance spans multiple budget periods, subsequent budget periods are subject to the availability of funds, program authority, satisfactory performance, and compliance with the terms and conditions of the Federal award.
5. *Indirect Cost Rate.* If the Recipient intends to use a negotiated or de minimis rate for indirect costs, the Recipient must submit an Indirect Cost Rate form to HUD, either with its application using HUD-426 (competitive grants) or with this agreement using "Addendum #3 "Indirect Cost Rate Schedule" (formula and congressional grants). The submitted form/addendum will be incorporated into and made part of this agreement, provided that the rate information is consistent with the applicable requirements under 2 C.F.R. § 200.414. If there is any change in the Recipient's indirect cost rate, it must immediately notify HUD and execute an amendment to this agreement to reflect the change if necessary.
6. *Recipient integrity and performance matters.* If the Federal share of this award is more than \$500,000 over the period of performance (box 6), the terms and conditions in 2 C.F.R. part 200 Appendix XII apply to this agreement.
7. *Recordkeeping and Access to Records.* The Recipient hereby agrees to maintain complete and accurate books of account for this award and award activities in such a manner as to permit the preparation of statements and reports in accordance with HUD requirements, and to permit timely and effective audit. The Recipient agrees to furnish HUD such financial and project reports, records, statements, subrecipient data, and documents at such times, in such form, and accompanied by such reporting data as required by HUD. HUD and its duly authorized representative shall have full and free access to all Recipient offices and facilities, and to all books, documents, and records of the Recipient relevant to the administration, receipt, and use of this award and award activities, including the right to audit and make copies. The Recipient agrees to maintain records that identify the source and application of funds, including relevant subrecipient data, in

U.S. Department of Housing and Urban Development — Federal Award Agreement

such a manner as to allow HUD to determine that all funds are and have been expended in accordance with program requirements and in a manner consistent with applicable law.

Further, the Recipient hereby acknowledges that HUD is in the process of implementing new grants management and reporting tools, which will be made available for the Recipient's use in the future. The Recipient agrees to report on grant performance and financial activities (including vendor and cash disbursement supporting details for the Recipient and its subrecipients) using these new tools when they are released. HUD will work with the Recipient to support the Recipient's transition to this new reporting environment. Once implemented, timely reporting in this new environment will be mandatory. HUD reserves the right to exercise all of its available rights and remedies for any noncompliance with these grants management and financial reporting requirements, to include, without limitation, requiring 100% review, suspension of disbursements, and all other legally available remedies, to the furthest extent permitted by law, as amended.

8. *Noncompliance.* If the Recipient fails to comply with the provisions of this agreement, HUD may take one or more of the actions provided in program statutes, regulations or 2 C.F.R. § 200.339, as applicable. Nothing in this agreement shall limit any remedies otherwise available to HUD in the case of noncompliance by the Recipient. No delay or omissions by HUD in exercising any right or remedy available to it under this agreement shall impair any such right or remedy or constitute a waiver of or acquiescence in any Recipient noncompliance.
9. *Termination provisions.* Unless superseded by program statutes, regulations or NOFOs, the termination provisions in 2 C.F.R. § 200.340 apply.
10. *Build America, Buy America.* The Recipient must comply with the requirements of the Build America, Buy America (BABA) Act, 41 U.S.C. § 8301 note, and all applicable rules and notices, as may be amended, if applicable. Pursuant to HUD's Notice, "Public Interest Phased Implementation Waiver for FY 2022 and 2023 of Build America, Buy America Provisions as Applied to Recipients of HUD Federal Financial Assistance" (88 Fed. Reg. 17001), BABA requirements apply to any infrastructure projects HUD has obligated funds for after the effective dates, unless excepted by a waiver.
11. *Waste, Fraud, Abuse, and Whistleblower Protections.* Any person who becomes aware of the existence or apparent existence of fraud, waste, or abuse of any HUD award must report such incidents to both the HUD official responsible for the award and to HUD's Office of Inspector General (OIG). Allegations of fraud, waste, and abuse related to HUD programs can be reported to the HUD OIG hotline via phone at 1-800-347-3735 or online hotline form. The Recipient must comply with 41 U.S.C. § 4712, which includes informing employees in writing of their rights and remedies, in the predominant native language of the workforce. Under 41 U.S.C. § 4712, employees of a government contractor, subcontractor, recipient, and subrecipient—as well as a personal services contractor—who make a protected disclosure about a Federal award or contract cannot be discharged, demoted, or otherwise discriminated against if they reasonably believe the information they disclose is evidence of (1) gross mismanagement of a Federal contract or award; (2) waste of Federal funds; (3) abuse of authority relating to a Federal contract or award; (4) substantial and specific danger to public health and safety; or (5) violations of law, rule, or regulation related to a Federal contract or award.
12. *Third-Party Claims.* Nothing in this agreement shall be construed as creating or justifying any claim against the federal government or the Recipient by any third party.
13. *Rule of Construction and No Construction Against Drafter.* Notwithstanding anything contained in this agreement, the terms and conditions hereof are to be construed to have full and expansive effect in both interpretation and application, and the parties agree that the principle of interpretation that holds that ambiguities in terms or conditions are construed against the drafter shall not apply in interpreting this agreement.

C. Federal Award Performance Goals

The Recipient must meet any applicable performance goals, indicators, targets, and baseline data as required by applicable program requirements.

For the U.S. Department of HUD (name and title of authorized official) Marlet N. Cox, Acting Director	Signature	Date
For the Recipient (name and title of authorized official) Jacques M. Roy, Mayor	Signature	Date

ADDENDUM 1. POLICY REQUIREMENTS

If applicable:

1. The Recipient shall not use grant funds to promote "gender ideology," as defined in Executive Order (E.O.) 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government;
2. The Recipient agrees that its compliance in all respects with all applicable Federal anti-discrimination laws is material to the U.S. Government's payment decisions for purposes of section 3729(b)(4) of title 31, United States Code;
3. The Recipient certifies that it does not operate any programs that violate any applicable Federal anti-discrimination laws, including Title VI of the Civil Rights Act of 1964;
4. The Recipient shall not use any grant funds to fund or promote elective abortions, as required by E.O. 14182, Enforcing the Hyde Amendment; and that,
5. Notwithstanding anything in the NOFO or Application, this Grant shall not be governed by Executive Orders revoked by E.O. 14154, including E.O. 14008, or NOFO requirements implementing Executive Orders that have been revoked.
6. The Recipient must administer its grant in accordance with all applicable immigration restrictions and requirements, including the eligibility and verification requirements that apply under title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, as amended (8 U.S.C. 1601-1646) (PRWORA) and any applicable requirements that HUD, the Attorney General, or the U.S. Citizenship and Immigration Services may establish from time to time to comply with PRWORA, Executive Order 14218, or other Executive Orders or immigration laws.
7. No state or unit of general local government that receives funding under this grant may use that funding in a manner that by design or effect facilitates the subsidization or promotion of illegal immigration or shields illegal aliens from deportation, including by maintaining policies or practices that materially impede enforcement of federal immigration statutes and regulations.
8. The Recipient must use SAVE, or an equivalent verification system approved by the Federal government, to prevent any Federal public benefit from being provided to an ineligible alien who entered the United States illegally or is otherwise unlawfully present in the United States.
9. Faith-based organizations may be subrecipients for funds on the same basis as any other organization. Recipients may not, in the selection of subrecipients, discriminate against an organization based on the organization's religious character, affiliation, or exercise.

ADDENDUM 2. PROGRAM-SPECIFIC REQUIREMENTS

Assistance Listing 14.218, Community Development Block Grant Program for Entitlement Communities

Assistance Listing 14.225, Community Development Block Grant Program for Insular Areas

Assistance Listing 14.228, Community Development Block Grant Program for States and Non-Entitlement Grants in Hawaii

1. *Environmental Review.* The Recipient agrees to assume all the responsibilities for environmental review, decision making, and actions, as specified and required in regulations issued by the Secretary pursuant to section 104(g) of title I of the Housing and Community Development Act of 1974 and published in 24 C.F.R. part 58; except that if the Recipient is a state, the Recipient must require the unit of general local government to assume that responsibility and must comply with the state's responsibilities under 24 C.F.R. 58.4.
2. *Public Use.* The Recipient shall ensure that no CDBG funds are used to support any Federal, State, or local projects that seek to use the power of eminent domain, unless eminent domain is employed only for public use. For the purposes of this requirement, public use shall not be construed to include economic development that primarily benefits private entities. Any use of funds for mass transit, railroad, airport, seaport, or highway projects as well as utility projects that benefit or serve the general public (including energy-, communication-, water-, and wastewater-related infrastructure), other structures designated for use by the general public or which have other common-carrier or public-utility functions that serve the general public and are subject to regulation and oversight by the government, and projects for the removal of an immediate threat to public health and safety or brownfield as defined in the Small Business Liability Relief and Brownfields Revitalization Act (Pub. Law No. 107-118) shall be considered a public use for purposes of eminent domain.
3. *Prohibition on Selling, Trading, and Transferring Funds.* The Recipient or unit of general local government that directly or indirectly receives CDBG funds may not sell, trade, or otherwise transfer all or any such portion of such funds to another such entity in exchange for any other funds, credits or non-Federal considerations, but must use such funds for activities eligible under title I of the Housing and Community Development Act of 1974.
4. *Construction of Water and Sewer Facilities.* Notwithstanding any other provision of this agreement, the Recipient may not obligate or expend award funds to plan or construct water or sewer facilities, including any new or revised activities, until after 1) it completes the review procedures required under Executive Order 12372, Intergovernmental Review of Federal Programs, and 24 C.F.R. part 52 and 2) HUD provides written notice of the release of funds.
5. *Funds for For-Profit Entities.* Under 42 U.S.C. § 5305(a)(17), CDBG funds may not be provided to a for-profit entity unless such activity or project has been evaluated and selected in accordance with Appendix A to 24 C.F.R. § 570, *Guidelines and Objectives for Evaluating Project Costs and Financial Requirements*.
6. *Violence Against Women Act.* The Recipient will comply with the right to report crime and emergencies protections at 34 U.S.C. § 12495 of the Violence Against Women Act.

U.S. Department of Housing and Urban Development — Federal Award Agreement

7. Funding Information and Period of Performance and Budget Period End Dates

<u>Source of Funds</u>	<u>Amount</u>	<u>Period of Performance End Date</u>	<u>Budget Period End Date</u>
2025	\$489,682.00	9/30/2033	9/30/2033

ADDENDUM 3. INDIRECT COST RATE SCHEDULE

As the duly authorized representative of the Recipient, I certify that the Recipient:

- ☒ Will not use an indirect cost rate to calculate and charge indirect costs under the grant.
- ☐ Will calculate and charge indirect costs under the grant by applying a *de minimis* rate as provided by 2 C.F.R. § 200.414(f), as may be amended from time to time.
- ☐ Will calculate and charge indirect costs under the grant using the indirect cost rate(s) listed below, and each rate listed is included in an indirect cost rate proposal developed in accordance with the applicable appendix to 2 C.F.R. part 200 and, if required, was approved by the cognizant agency for indirect costs.

Agency/department/major function	Indirect cost rate	Type of Direct Cost Base
	%	
	%	
	%	

Instructions for the Recipient:

The Recipient must mark the one (and only one) checkbox above that best reflects how the Recipient's indirect costs will be calculated and charged under the grant. Do not include indirect cost rate information for subrecipients.

The table following the third box must be completed only if that box is checked. When listing a rate in the table, enter both the percentage amount (e.g., 10%) and the type of direct cost base to be used. For example, if the direct cost base used for calculating indirect costs is Modified Total Direct Costs, then enter "MTDC" in the "Type of Direct Cost Base" column.

If using the Simplified Allocation Method for indirect costs, enter the applicable indirect cost rate and type of direct cost base in the first row of the table.

If using the Multiple Allocation Base Method, enter each major function of the organization for which a rate was developed and will be used under the grant, the indirect cost rate applicable to that major function, and the type of direct cost base to which the rate will be applied.

If the Recipient is a government and more than one agency or department will carry out activities under the grant, enter each agency or department that will carry out activities under the grant, the indirect cost rate(s) for that agency or department, and the type of direct cost base to which each rate will be applied.

To learn more about the indirect cost requirements, see 2 C.F.R. part 200, subpart E and Appendix VII to Part 200 (for state and local governments).

ORDINANCE NO.

AN ORDINANCE AUTHORIZING THE MAYOR TO ENTER INTO AGREEMENTS WITH THE U. S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT WITH RESPECT TO ANNUAL CDBG AND HOME GRANT FUNDING CONTRACTS, AMENDMENTS, AND OTHER DOCUMENTS AND MATTERS WITH RESPECT THERETO.

SECTION I: BE IT ORDAINED by the Council of the City of Alexandria, Louisiana, in legal session convened, that the Council hereby authorizes the mayor to enter into agreements with the U. S. Department of Housing and Urban Development with respect to annual CDBG and Home Grant Funding Contracts, amendments, and other documents.

SECTION II: BE IT FURTHER ORDAINED, etc., that this ordinance shall become effective upon signature by the Mayor; or, if not signed or vetoed by the Mayor, upon expiration of the time for ordinances to become law without signature by the Mayor.

SECTION III: BE IT FURTHER ORDAINED, etc., that if any provision or item of this ordinance or the application thereof is held invalid, such invalidity shall not affect other provisions, items or applications of this ordinance which can be given effect without the invalid provisions, items, or applications, and to this end the provisions of this ordinance or hereby declared severable.

SECTION IV: BE IT FURTHER ORDAINED, etc., that all ordinances or parts of ordinances in conflict herewith are hereby repealed.

THIS ORDINANCE was introduced on the 23rd day of September, 2025.

September 30, 2025

Jonathan D. "Jay" Goins
City Attorney
City of Alexandria Legal Division
915 Third Street
Alexandria, LA 71301

Re: 2211 N. MacArthur Drive (Guesthouse International Hotel)
Request for Emergency Condemnation / Declaration of Grave Public Emergency

City Attorney Goins:

I have reviewed the emergency letters from the City of Alexandria City Engineer and the Alexandria Fire Department Chief of Fire Prevention, in addition to the inspection reports and photographs from the City of Alexandria Department of Community Development, relative to a fire incident that occurred at 2211 N. MacArthur Drive (Guesthouse International Hotel) in Alexandria on September 26, 2025.

I concur with their assessments that there exists a "grave public emergency where the condition of the building is such as to cause possible immediate loss or damage to person or property," as provided by La. R.S. § 33:4762(C). It is my legal recommendation that a resolution for emergency condemnation and declaration of Grave Public Emergency be presented for consideration and adoption at the forthcoming meeting of the Alexandria City Council on October 7, 2025.

Although La. R.S. § 33:4762(C) reduces the notification delays to property owners in cases where a "grave public emergency" exists, the Department of Community Development will make all reasonable efforts to make actual notice to all potential property owners, and to attach notice in a conspicuous place on the exterior of the premises. Counsel of record will also be notified by email.

Respectfully yours,

Daniel T. Smith
Deputy City Attorney

Mr. Daniel Smith
Assistant City Attorney
City of Alexandria
913 Third Street
Alexandria, LA 71301

RE: Need for Emergency Condemnation
2211 North MacArthur Drive (Guesthouse Inn)
Alexandria, LA 71301

Daniel,

In light of the structure fire at the subject matter address last Friday, September 26, 2025, it is my assessment that the remaining structure poses a hazard to the public. With such damage, the structural system of the building has been significantly compromised and is subject to additional failure and completely beyond salvage in any matter or form. Given the site conditions, it is my opinion that it poses a potential to cause possible immediate loss or damage to person and/or property.

I would ask that you please bring this matter to the council's attention at your earliest convenience and seek an immediate condemnation so that the proper procedures may be taken to eliminate these risks as soon as practical.

If there's anything you think this office can do to aid in this process, please do not hesitate to ask.

Respectfully,

Michael J. Wilkinson, P.E.
City Engineer
City of Alexandria

EMERGENCY DECLARATION OF CONDEMNATION

Date: September 29, 2025

To Whom It May Concern:

Pursuant to the authority vested in this office, an emergency declaration of condemnation is hereby issued for the property located at:

**2211 North MacArthur Drive
Alexandria, Louisiana 71301**

The property, identified as a hotel structure (Guest House International Inn and Suites), has been severely damaged by fire. Upon inspection, it has been determined that the condition of the building is hazardous and poses an imminent threat to the safety, health, and welfare of the public. The structural integrity of the premises has been compromised, and the building is in such condition as to cause possible immediate loss or damage to persons or property.

Therefore, effective immediately, the structure is declared **condemned and unsafe for occupancy or entry**. All access to the building is strictly prohibited until further notice and remedial action is taken in accordance with applicable laws, codes, and regulations.

This declaration shall remain in effect until the property is either repaired to the satisfaction of the proper authorities or lawfully demolished.

Respectfully,

Reginald Hebert
Chief of Fire Prevention

Jacques M. Roy

4	IPMC 302.4	Weeds. Premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. Noxious weeds shall be prohibited. Weeds shall be defined as all grasses and vegetation.
5	IPMC 308.2, & 308.3	Rubbish and Garbage. Exterior property and premises, and interior of structure, shall be free from any accumulation of rubbish and/or garbage. Timely disposal shall be in leakproof containers with tight fitting covers in a clean and sanitary manner. Rubbish is defined as: combustible and/or noncombustible waste materials, tree branches, yard trimmings, cans, metals, concrete, glass or other similar materials. Discarded appliances, such as refrigerators, shall not be discarded or abandoned on premise without first removing doors to prevent entrapment.
6	IPMC 302.5 & 309.1	Rodent harborage. Structures and exterior property shall be kept free from rodent harborage and infestation. When insects or rodents are found shall be promptly exterminated by approved processes that will not be injurious to human health. After pest elimination, proper precautions shall be taken to prevent reinfestation.
7	IPMC 302.7	Accessory structures. Accessory structures, including detached garages, fences and walls, shall be maintained structurally sound and in good repair. This may include needed repair/replace of: structural members; anchored structural components; veneer joints for weather resistant or water tight building envelope components; foundation; roof components; exterior veneer, trim and wall facings overhang extensions or projections on awnings, canopies, signs, etc; exterior stairs, decks, porches and balconies.
8	IPMC 302.9	Defacement of property. A person shall not willfully or wantonly damage, mutilate or deface any exterior surface of any structure or building on any private by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.
9	IPMC 304.19	Gates. Exterior gates, gate assemblies, operator systems if provided, and hardware shall be maintained in good condition. Latches at all entrances shall tightly secure the gates.
10	IPMC 113.1, & 111.1.5.8	Recommendation. The City's Code Official shall order the owner of any premises upon which is located any deteriorated or dilapidated structure that has become so out of repair as to be dangerous, unsafe, insanitary or otherwise unfit for human habitation or occupancy, and such that it is unreasonable to repair the structure, to demolish and remove such structure <i>within 30 calendar days of notice. A CDA Demo Permit prior to the start of demolition work is required.</i> Structure is a risk of fire, collapse and/or threat to life and and safety.

11	IPMC 304.2	Protective treatment. Exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks and fences, shall be maintained in good condition. Exterior wood surfaces, other than decay resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. Siding and masonry joints, as well as those between the building envelope and the perimeter of windows, doors and skylights, shall be maintained weather resistant and water tight. Metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion, and surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement.
12	IPMC 304.3	Premises identification. Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be not less than 4 inches in height with a minimum stroke width of 0.5 inch.
13	IPMC 304.6	Exterior walls. Exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weather proof and properly surface coated where required to prevent deterioration. This may include structural members, anchorage, water tight building envelope & veneers.
14	IPMC 304.7	Roofs and drainage. The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drain age shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance. This may include structural members, anchorage & water tight building envelope.
15	IPMC 304.4	Structural members. Structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads. This may include structural members & anchorage.
16	IPMC 304.8	Decorative features. Cornices, belt courses, corbels, terra cotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition. This may include anchorage.
17	IPMC 304.10	Stairways, decks, porches and balconies. Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads. This may include structural members, anchorage, roofing & flooring components.
18	IPMC 304.12	Handrails and guards. Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
19	IPMC 304.13	Window, skylight and door frames. Every window, skylight, door and frame shall be kept in sound condition, good repair and weather tight. Glazing. Glazing materials shall be maintained free from cracks and holes.
20	IPMC 304.14	Insect screens. Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of minimum 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
21	IPMC 306	Component Serviceability. The components of a structure and equipment shall be maintained in good repair, structurally sound and in a sanitary condition. This shall include: soils, concrete, aluminum, masonry, steel and wood parts of the structure.

22	IPMC 703.1	Fire rated assemblies. Required fire resistance rating of fire-resistance rated walls, fire stops, shaft enclosures, partitions and floors shall be maintained at required locations.
23	IPMC 304.18 & A101	Building Security. Exterior doors, windows and openings shall be provided with devices designed to provide security to the interior and deter access from exterior. Property may need to be boarded in accordance with IPMC Appendix A-1.
24		No Interior Access. Inspection of the interior of the structure was not performed, however, it is likely to need major interior work (structural, electrical, plumbing, mechanical and carpentry) prior to occupancy. Recommend licensed Contractor evaluation and a Building Consultation from Construction Development at 318-473-1376.
25	IPMC 303.1	Swimming pools. Swimming pools shall be maintained in a clean and sanitary condition, and in good repair.
26	IPMC 303.2	Enclosures. Private swimming pools, hot tubs and spas, containing water more than 24 inches in depth shall be completely surrounded by a fence or barrier not less than 48 inches in height above the finished ground level measured on the side of the barrier away from the pool. Gates and doors in such barriers shall be self-closing and self-latching. Where the self-latching device is less than 54 inches above the bottom of the gate, the release mechanism shall be located on the pool side of the gate. Self-closing and self-latching gates shall be maintained such that the gate will positively close and latch when released from an open position of 6 inches from the gatepost. An existing pool enclosure shall not be removed, replaced or changed in a manner that reduces its effectiveness as a safety barrier.

ADDRESS #:	2211 N MacArthur Drive, Bldg 2-left 2 story hotel rooms
VIOLATIONS OF:	INTERNATIONAL PROPERTY MAINTENANCE CODE &/or MUNICODE

1	IPMC 111.1.5.7	The building or structure is neglected, damaged, dilapidated, unsecured or abandoned so as to become an attractive nuisance to children who might play in the building or structure to their danger, becomes a harbor for vagrants, criminals or immoral persons, or enables persons to resort to the building or structure for committing a nuisance or an unlawful act.
2	IPMC 301.3	Vacant structures and land. Vacant structures and premises thereof or vacant land shall be maintained in a clean, safe, secure and sanitary condition as provided herein so as not to cause a blighting problem or adversely affect the public health or safety.
3	IPMC 302.3	Sidewalks and driveways. Sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
4	IPMC 302.4	Weeds. Premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. Noxious weeds shall be prohibited. Weeds shall be defined as all grasses and vegetation.
5	IPMC 308.2, & 308.3	Rubbish and Garbage. Exterior property and premises, and interior of structure, shall be free from any accumulation of rubbish and/or garbage. Timely disposal shall be in leakproof containers with tight fitting covers in a clean and sanitary manner. Rubbish is defined as: combustible and/or noncombustible waste materials, tree branches, yard trimmings, cans, metals, concrete, glass or other similar materials. Discarded appliances, such as refrigerators, shall not be discarded or abandoned on premise without first removing doors to prevent entrapment.
6	IPMC 302.5 & 309.1	Rodent harborage. Structures and exterior property shall be kept free from rodent harborage and infestation. When insects or rodents are found shall be promptly exterminated by approved processes that will not be injurious to human health. After pest elimination, proper precautions shall be taken to prevent reinfestation.
7	IPMC 302.7	Accessory structures. Accessory structures, including detached garages, fences and walls, shall be maintained structurally sound and in good repair. This may include needed repair/replace of: structural members; anchored structural components; veneer joints for weather resistant or water tight building envelope components; foundation; roof components; exterior veneer, trim and wall facings overhang extensions or projections on awnings, canopies, signs, etc; exterior stairs, decks, porches and balconies.
8	IPMC 302.9	Defacement of property. A person shall not willfully or wantonly damage, mutilate or deface any exterior surface of any structure or building on any private by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.
9	IPMC 304.19	Gates. Exterior gates, gate assemblies, operator systems if provided, and hardware shall be maintained in good condition. Latches at all entrances shall tightly secure the gates.
10	IPMC 113.1, & 111.1.5.8	Recommendation. The City's Code Official shall order the owner of any premises upon which is located any deteriorated or dilapidated structure that has become so out of repair as to be dangerous, unsafe, insanitary or otherwise unfit for human habitation or occupancy, and such that it is unreasonable to repair the structure, to demolish and remove such structure <i>within 30 calendar days of notice. A CDA Demo Permit prior to the start of demolition work is required.</i> Structure is a risk of fire, collapse and/or threat to life and and safety.

11	IPMC 304.2	Protective treatment. Exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks and fences, shall be maintained in good condition. Exterior wood surfaces, other than decay resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. Siding and masonry joints, as well as those between the building envelope and the perimeter of windows, doors and skylights, shall be maintained weather resistant and water tight. Metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion, and surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement.
12	IPMC 304.3	Premises identification. Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be not less than 4 inches in height with a minimum stroke width of 0.5 inch.
13	IPMC 304.6	Exterior walls. Exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weather proof and properly surface coated where required to prevent deterioration. This may include structural members, anchorage, water tight building envelope & veneers.
14	IPMC 304.7	Roofs and drainage. The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drain age shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. 3	IPMC 302.3	Sidewalks and driveways. Sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.
4	IPMC 302.4	Weeds. Premises and exterior property shall be maintained free from weeds or plant growth in excess of 10 inches. Noxious weeds shall be prohibited. Weeds shall be defined as all grasses and vegetation.
5	IPMC 308.2, & 308.3	Rubbish and Garbage. Exterior property and premises, and interior of structure, shall be free from any accumulation of rubbish and/or garbage. Timely disposal shall be in leakproof containers with tight fitting covers in a clean and sanitary manner. Rubbish is defined as: combustible and/or noncombustible waste materials, tree branches, yard trimmings, cans, metals, concrete, glass or other similar materials. Discarded appliances, such as refrigerators, shall not be discarded or abandoned on premise without first removing doors to prevent entrapment.
6	IPMC 302.5 & 309.1	Rodent harborage. Structures and exterior property shall be kept free from rodent harborage and infestation. When insects or rodents are found shall be promptly exterminated by approved processes that will not be injurious to human health. After pest elimination, proper precautions shall be taken to prevent reinfestation.
7	IPMC 302.7	Accessory structures. Accessory structures, including detached garages, fences and walls, shall be maintained structurally sound and in good repair. This may include needed repair/replace of: structural members; anchored structural components; veneer joints for weather resistant or water tight building envelope components; foundation; roof components; exterior veneer, trim and wall facings overhang extensions or projections on awnings, canopies, signs, etc; exterior stairs, decks, porches and balconies.
8	IPMC 302.9	Defacement of property. A person shall not willfully or wantonly damage, mutilate or deface any exterior surface of any structure or building on any private by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.
9	IPMC 304.19	Gates. Exterior gates, gate assemblies, operator systems if provided, and hardware shall be maintained in good condition. Latches at all entrances shall tightly secure the gates.
10	IPMC 113.1, & 111.1.5.8	Recommendation. The City's Code Official shall order the owner of any premises upon which is located any deteriorated or dilapidated structure that has become so out of repair as to be dangerous, unsafe, insanitary or otherwise unfit for human habitation or occupancy, and such that it is unreasonable to repair the structure, to demolish and remove such structure <i>within 30 calendar days of notice. A CDA Demo Permit prior to the start of demolition work is required.</i> Structure is a risk of fire, collapse and/or threat to life and and safety.

11	IPMC 304.2	Protective treatment. Exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks and fences, shall be maintained in good condition. Exterior wood surfaces, other than decay resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted. Siding and masonry joints, as well as those between the building envelope and the perimeter of windows, doors and skylights, shall be maintained weather resistant and water tight. Metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion, and surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement.
12	IPMC 304.3	Premises identification. Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be not less than 4 inches in height with a minimum stroke width of 0.5 inch.
13	IPMC 304.6	Exterior walls. Exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weather proof and properly surface coated where required to prevent deterioration. This may include structural members, anchorage, water tight building envelope & veneers.
14	IPMC 304.7	Roofs and drainage. The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drain age shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance. This may include structural members, anchorage & water tight building envelope.
15	IPMC 304.4	Structural members. Structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads. This may include structural members & anchorage.
16	IPMC 304.8	Decorative features. Cornices, belt courses, corbels, terra cotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition. This may include anchorage.
17	IPMC 304.10	Stairways, decks, porches and balconies. Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads. This may include structural members, anchorage, roofing & flooring components.
18	IPMC 304.12	Handrails and guards. Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.
19	IPMC 304.13	Window, skylight and door frames. Every window, skylight, door and frame shall be kept in sound condition, good repair and weather tight. Glazing. Glazing materials shall be maintained free from cracks and holes.
20	IPMC 304.14	Insect screens. Every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of minimum 16 mesh per inch, and every screen door used for insect control shall have a self-closing device in good working condition.
21	IPMC 306	Component Serviceability. The components of a structure and equipment shall be maintained in good repair, structurally sound and in a sanitary condition. This shall include: soils, concrete, aluminum, masonry, steel and wood parts of the structure.

22	IPMC 703.1	Fire rated assemblies. Required fire resistance rating of fire-resistance rated walls, fire stops, shaft enclosures, partitions and floors shall be maintained at required locations.
23	IPMC 304.18 & A101	Building Security. Exterior doors, windows and openings shall be provided with devices designed to provide security to the interior and deter access from exterior. Property may need to be boarded in accordance with IPMC Appendix A-1.
24		No Interior Access. Inspection of the interior of the structure was not performed, however, it is likely to need major interior work (structural, electrical, plumbing, mechanical and carpentry) prior to occupancy. Recommend licensed Contractor evaluation and a Building Consultation from Construction Development at 318-473-1376.
25	IPMC 303.1	Swimming pools. Swimming pools shall be maintained in a clean and sanitary condition, and in good repair.
26	IPMC 303.2	Enclosures. Private swimming pools, hot tubs and spas, containing water more than 24 inches in depth shall be completely surrounded by a fence or barrier not less than 48 inches in height above the finished ground level measured on the side of the barrier away from the pool. Gates and doors in such barriers shall be self-closing and self-latching. Where the self-latching device is less than 54 inches above the bottom of the gate, the release mechanism shall be located on the pool side of the gate. Self-closing and self-latching gates shall be maintained such that the gate will positively close and latch when released from an open position of 6 inches from the gatepost. An existing pool enclosure shall not be removed, replaced or changed in a manner that reduces its effectiveness as a safety barrier.
