R.S. 42:19(A)(1)(b)(ii)(cc). Receiving information is not deliberating upon it, and the rule is drafted to keep that line bright.

In substance, the amendment places the comment period as a standing item at the close of each regular meeting; allows any resident, property owner, or business owner three minutes; caps the period at thirty minutes subject to extension; provides for sign-in with the Clerk; requires that matters raised be logged, referred, and answered in writing within thirty days; and provides for accommodation under La. R.S. 42:14(E) and for written comment.

The amendment may be adopted by motion or by resolution, as the Council prefers. I have no attachment to the particular language and will gladly work with you, the Clerk, and the City Attorney on any revision serving the same end. I ask only that the question be brought before this body and decided in the open. I am available to discuss the proposal in advance of the meeting.

Respectfully submitted,

MALCOLM X. LARVADAIN
Councilman, District One

RE: Proposed Amendment to the Rules of Procedure — Citizens' Public Comment Period; Request for Placement on the Agenda of the Next Regular Meeting

Dear President Perry:

Pursuant to the Rules of Procedure and the Home Rule Charter, which vest in this Council the authority to determine its own rules and order of business, I submit the proposed amendment attached as Attachment A, entitled "Citizens' Public Comment Period." I request that it be placed on the agenda of the next regular meeting, presently scheduled for September 22, 2026, and transmitted to the City Attorney for review beforehand.

The purpose is to give residents a regular opportunity to address this Council on matters of public interest, while maintaining full compliance with the Louisiana Open Meetings Law, La. R.S. 42:11, et seq. A citizen may presently be heard on a matter already placed on the agenda. There is no mechanism by which a resident may raise a concern that no member has yet placed there — a drainage failure on a particular street, a recurring public safety complaint, a nuisance property, a service interruption. The consequence is that the citizen with the most immediate problem has the least access to this body.

The proposed rule is consistent with state law. La. R.S. 42:14(D) requires public comment prior to action on an agenda item and expressly authorizes a governing body to adopt reasonable rules and restrictions governing that comment. The statute sets a floor, not a ceiling, and La. R.S. 42:12 directs that the Chapter be construed liberally in favor of open government. The rule leaves the Council's existing obligations under La. R.S. 42:14(D) intact and says so. Critically, Section G provides that the Council shall take no vote and engage in no deliberation upon a non-agenda matter except upon unanimous approval of the members present and in strict accordance with La.

RESOLUTION NO. _____

A RESOLUTION AMENDING THE RULES OF PROCEDURE OF THE ALEXANDRIA CITY COUNCIL TO ESTABLISH A CITIZENS' PUBLIC COMMENT PERIOD FOR MATTERS NOT LISTED ON THE MEETING AGENDA AND OTHERWISE PROVIDING WITH RESPECT THERETO

WHEREAS, the Alexandria City Council is authorized to determine its rules and order of business; and

WHEREAS, the Council desires to provide members of the public with a meaningful and orderly opportunity to address the Council concerning matters of public interest that are within the authority of the City Council but are not listed on the meeting agenda; and

WHEREAS, reasonable, viewpoint-neutral limitations on the time, place, and manner of public comment are necessary to permit public participation while allowing the Council to conduct City business efficiently and in compliance with the Louisiana Open Meetings Law.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Alexandria, Louisiana, in legal session convened, that the Rules of Procedure of the Alexandria City Council are hereby amended to add the following rule:

SECTION 1. CITIZENS' PUBLIC COMMENT PERIOD

A. At each regular meeting of the City Council, a public-comment period not exceeding thirty (30) minutes shall be provided near the end of the meeting for comments concerning matters of public interest that are within the authority of the City Council but are not listed on the meeting agenda.

B. Each speaker shall be limited to three (3) minutes. A speaker may not transfer, donate, or yield any portion of the speaker's time to another person.

C. A person wishing to speak shall register with the City Clerk, or the Clerk's designee, before the public-comment period begins and shall provide the person's name and the general subject of the proposed comments. If the number of registered speakers exceeds the time available, speakers shall be recognized in the order in which they registered. The presiding officer may reduce each speaker's time in a uniform manner when necessary to accommodate additional speakers within the thirty-minute period.

D. Comments shall be directed to the Council as a body and must concern a matter within the authority of the City Council. The presiding officer may interrupt or terminate comments that exceed the allotted time; are unrelated to City Council business; are unduly repetitive; constitute a true threat; contain profanity directed at a particular person; or cause an actual and substantial disruption of the meeting. These restrictions shall be applied in a reasonable and viewpoint-neutral manner.

E. The Council shall not debate, deliberate, or take action at that meeting on a matter raised during this public-comment period unless the matter is separately listed on the meeting agenda in accordance with law. A Council member may request that the matter be placed on the agenda of a future meeting.

F. Nothing in this rule replaces or limits the public-comment opportunity required by Louisiana Revised Statutes 42:14(D) before the Council votes on an agenda item.

SECTION 2. ADMINISTRATION

The City Clerk and the presiding officer are authorized to implement reasonable administrative procedures consistent with this Resolution, including registration procedures, speaker cards, and visible timing methods.

SECTION 3. EFFECTIVE DATE

This Resolution shall become effective immediately upon its adoption.

Re: Mr. Larvadain's: "Citizens' Public Comment Period" Resolution

Dear Ms. Perry and Council:

The City Attorney ask me to respond to your transmittal of September 11th and a requested review of a draft resolution by Mr. Larvadain for a proposed amendment to the Council Rules of Procedure to establish a citizens' public comment period for matters not listed otherwise on a council meeting agenda.

A resolution differs from an ordinance or statute and our first observation is the Council Rules of Procedure are currently enacted in the Alexandria Code of Ordinances and, specifically the Code Section 2-23(s)(3) provides for public comment. These provisions were codified in the Code of Ordinances by Ordinance #228-1988. The Home Rule Charter Section 2-12 (15) requires an ordinance to amend a previously adopted legislative instrument. Therefore, the substance of the proposed amendments to expand public comment at council meetings should be by an ordinance and not in the form of a resolution.

The City Council may choose to alter or modify its rules of procedure regarding public comment should it decide to do so. This should be by an enactment of an amending ordinance to the current Council Rules of Procedure rather than a council resolution. If I can be of any additional assistance you may contact me.

Sincerely,

THE GIST FIRM

Type of Program/Activity

Manna House is a place of nourishment, dignity, and hope for people of all ages and backgrounds suffering from food insecurity. For 36 years, we've served hot, nutritious meals 365 days a year in a welcoming environment; no questions asked, no id required or paperwork. Funding Category

Economic Development

If you are a for-profit applicant, what is the expected private benefit to you, your partners, or members of a club if any part of any fundraising goes to an organization and part to some charitable cause? What is percentage breakdown shown in actual projections?

N/A

What is (are) the goal(s) of this project? (In one sentence)

The Manna House ProAm Golf Tournament, in partnership with the ANNIKA Sörenstam Pro Tour, is designed to achieve clear, measurable goals that strengthen Manna House's ability to fight food insecurity year round while generating economic and community benefits for Central Louisiana.

If a governmental entity, is the cooperative endeavor or intergovernmental agreement sought pursuant to local services law, joint emergency preparedness, exchange of surplus property for public safety purposes, or other? (State "other" reason).

N/A

If the use of public funds or property is for social welfare for the aid and support of the needy, how are targeted candidates screened? If not screened, how are they targeted for participation?

Manna House does not formally screen clients for eligibility before providing food assistance. Instead, services are targeted to individuals and families experiencing food insecurity through partnerships with social service agencies, schools, healthcare providers, churches, and community organizations. This approach ensures that assistance reaches vulnerable populations while preserving the dignity of those seeking help.

Does your request or endeavor involve a nearly equal benefit to the citizens you seek to serve when compared to the money or property expended or sought to be used by the public entity? If so, how?

This premier event is not only our largest annual fundraiser, but also a powerful economic and community catalyst. Here's how the benefits align:
Economic Impact: The tournament attracts visitors, sponsors, and media attention from across the region and beyond, generating revenue for local hotels, restaurants, transportation services, and small businesses. This infusion of tourism dollars directly supports the city's economy and tax base.
Brand and Visibility: Hosting a tournament featuring ANNIKA Sorenstam WAPT, one of golf's most iconic figures, elevates the city's profile nationally and internationally. In the 2026 tournament 21 countries were represented, This visibility can attract future events, partnerships, and investment opportunities.

If you cannot show a fair market value dollar-for-dollar match, does your plan or request involve a continuing program or relationship which has a future value attached? How so?

While a dollar-for-dollar match may not be feasible, the enduring nature of this event and its expanding ripple effects represent a high-return investment in the city's social, economic, and cultural future.

What are your real and substantial obligations to achieve the proportionate return to the City of Alexandria at some point in the future?

Our organization is fully committed to delivering a proportionate and meaningful return to the City of Alexandria through a series of real and substantial obligations tied to the ANNIKA Sorenstam Pro Golf Tournament and its long-term community impact. Annual Tourism Revenue: We will continue to host the tournament annually, drawing visitors who contribute to Alexandria's hospitality, retail, and service sectors.
Volunteer Engagement: We will maintain and grow our volunteer program, offering Alexandria citizens meaningful roles in event execution and community service.
Marketing the City: We will actively promote Alexandria as the host city in all tournament marketing, media coverage, and sponsorship materials, enhancing its national and international profile.

What is (are) the expected outcome(s) or benefits(s) to the public from the event to be funded? Specify the number of persons anticipated to be served and the service(s) to be provided.

The ANNIKA Sorenstam Pro Golf Tournament is designed to deliver a wide range of tangible benefits to the public, with outcomes that extend well beyond the event itself. Economic Stimulation: The tournament is projected to attract over 300 attendees, including out-of-town visitors, generating substantial revenue for Alexandria's hotels, restaurants, retail shops, and service providers. Additionally, 100% of the proceeds from the tournament will support Manna House to feed women, men and children suffering for food insecurity in our community 365 days a year.

Describe the history of this program and its success.

This year marks the 11th anniversary of Manna House hosting a professional golf tournament in Alexandria, Louisiana, a milestone that reflects community impact, and growing prestige. What began as a bold initiative to raise funds for Manna House's mission of feeding and supporting those in need has evolved into one of the region's most anticipated annual events. Over the past ten years, the tournament has:

- Featured elite professional golfers, drawing national attention and elevating Alexandria's profile as a host city.
- Raised hundreds of thousands of dollars to support Manna House's programs, directly benefiting thousands of local families facing food insecurity.
- Engaged the community through the ProAM Tournament, volunteer opportunities, and public activities, with participation growing year after year.
- Boosted the local economy, attracting visitors, sponsors, and media coverage that support Alexandria's hospitality and retail sectors.
- Built lasting partnerships with local businesses, civic leaders, and sponsors, ensuring the event's sustainability and growth.

The tournament's success is measured not only in dollars raised or attendance numbers, but in the lives touched, the community strengthened, and the pride it instills in Alexandria. As we celebrate the 11th year, we look forward to expanding its reach, deepening its impact, and continuing this legacy of excellence.

Organization's Mission

Phi Beta Sigma Fraternity, Inc., guided by its motto "Culture for Service and Service for Humanity," promotes brotherhood, scholarship, and service. Delta Chi Sigma Chapter, chartered in Alexandria in 1966, serves Central Louisiana through community programs in health, education, and social action.

Type of Program/Activity

The Men's Health Fair is a free, public health event for men, families, and all residents, held Saturday, June 12, 2027, 10:00 a.m. to 1:00 p.m. Licensed partners will provide health screenings, cancer and mental-health education, and referrals with follow-up.

Event Sponsors

Sponsor: Phi Beta Sigma Fraternity, Inc., Delta Chi Sigma Chapter (planning, volunteers, promotion). Pending in-kind partners: Rapides Primary Health Care Center (clinical screenings; value to be documented); Urban Cast and KALB-TV (public service announcements and interviews; both supported the first fair). Commitment letters will be attached as received.

Other Funding

1 . Phi Beta Sigma Fraternity, Inc. National Headquarters: grant request of $5,000; decision pending. 2. United Way of Central Louisiana: grant request of $9,500; decision pending. 3.

Central Louisiana Human Services District: outreach planned for mental-health and substance-use resources.

Amount Requested

$0 (no cash requested)

Property Requested

Use of the Bolton Avenue Community Center, 315 Bolton Avenue, Alexandria, LA 71301: the full Main Hall and Meeting Rooms #1 and #4 (for private health screenings), with tables, chairs, kitchen (serving only), and parking, on Saturday, June 12, 2027, 8:00 a.m. to 2:00 p.m. (setup 8:00-10:00; event 10:00 a.m.-1:00 p.m.; clean-up 1:00-2:00). We request an early opening, since posted Saturday hours begin at 2:00 p.m. Posted value: Main Hall $400 +. two meeting rooms x 4 hours x $20 ($160) = $560.

In-Kind Service Requested

Waiver of the facility rental fee (posted value $560) and of the mandatory APD security for the Main Hall (two officers for 4 hours, posted rate $280), for a total estimated value of $840. We also request that City staff open and close the building outside posted Saturday hours. No other City services or funds are requested.

Funding Category

Use of City Property for Public Benefit

If you are a for-profit applicant, what is the expected private benefit to you, your partners, or members of a club if any part of any fundraising goes to an organization and part to some charitable cause? What is percentage breakdown shown in actual projections?

Not applicable. The applicant is a non-profit organization. The fair is free and open to the public; no admission, sales, or fundraising will take place, and no private benefit goes to the chapter or its members (0% private, 100% public benefit).

What is (are) the goal(s) of this project? (In one sentence)

To improve the health of Alexandria men and families by providing free health education, screenings through qualified partners, mental-health resources, and referrals to follow-up care.

If a governmental entity, is the cooperative endeavor or intergovernmental agreement sought pursuant to local services law, joint emergency preparedness, exchange of surplus property for public safety purposes, or other? (State "other" reason).

Not applicable. The applicant is not a governmental entity.

If the use of public funds or property is for social welfare for the aid and support of the needy, how are targeted candidates screened? If not screened, how are they targeted for participation?

Participants are not screened; the fair is free and open to all residents. Outreach through churches, barbershops, schools, workplaces, local radio and TV, and social media targets men 18 and older, especially uninsured or underinsured men, men without a regular doctor, young men ages 17-21, and men 40 and older, who face higher risk for high blood pressure, diabetes, and prostate cancer.

Does your request or endeavor involve a nearly equal benefit to the citizens you seek to serve when compared to the money or property expended or sought to be used by the public entity? If so, how?

Yes. The City's contribution has a posted value of about $840. In return, about 150 residents receive free screenings, health education, and referrals provided by licensed partners and about 250 hours of volunteer service, a combined value that meets or exceeds the City's contribution.

If you cannot show a fair market value dollar-for-dollar match, does your plan or request involve a continuing program or relationship which has a future value attached? How so?

Yes. The fair is an annual chapter program held each June during Men's Health Month, and 2027 will be its second year. The chapter seeks a continuing relationship with the City: returning to the Bolton Avenue Community Center each year, sharing aggregate results (attendance, screenings, referrals) with the City after each fair, and publicly recognizing the City as a community partner. Earlier detection of high blood pressure, diabetes, cancer, and mental-health conditions helps build a healthier community and workforce for Alexandria.

What are your real and substantial obligations to achieve the proportionate return to the City of Alexandria at some point in the future?

The chapter will credit the City in all promotions and media interviews, provide a written report of aggregate results within 60 days, leave the facility clean and undamaged, and provide proof of event insurance if required.

What is (are) the expected outcome(s) or benefits(s) to the public from the event to be funded? Specify the number of persons anticipated to be served and the service(s) to be provided.

About 150 people served. Services: free blood-pressure and glucose screenings by licensed partners; prostate, colon, and lung cancer education; mental-health and substance-use resources; and referrals with consent-based follow-up. Targets: 100 screenings or education contacts, 60 referrals, and at least 25 men taking a documented next step toward care.

Describe the history of this program and its success.

Delta Chi Sigma Chapter held its first Men's Health Fair on Saturday, June 13, 2026, in Alexandria. It featured a physician speaker on prostate, colon, and lung cancer screening, a panel of men sharing experiences with prostate cancer, PTSD, and colon cancer, community health vendors, and media support from Urban Cast and KALB-TV. An estimated 75 residents attended. The 2027 fair builds on that success by adding clinical screenings, referrals, and follow-up.

Arts/Cultural Partnership-Endeavor

What is (are) the goal(s) of this project? (In one sentence)

Our goal is to celebrate the accomplishments of community leaders and inspire future generations of local leaders.

Does your request or endeavor involve a nearly equal benefit to the citizens you seek to serve when compared to the money or property expended or sought to be used by the public entity? If so, how?

Yes, the event's benefit to the entire community will far outpace the facility usage costs. The event's educational components as well as its encouragement of youth will have lasting positive impacts on the public. Furthermore,

If you cannot show a fair market value dollar-for-dollar match, does your plan or request involve a continuing program or relationship which has a future value attached? How so?

The AACHC is a growing program of information and celebration in its fourth year. Each year, it has grown in prestige and participation. We anticipate continued growth.

What are your real and substantial obligations to achieve the proportionate return to the City of Alexandria at some point in the future?

We have obligations to best serve all of our community as part of the Library's overarching mission. The Library returns educational and entertainment value to the community in programs such as these as well as heightening the community's esteem by celebrating our community members past and present.

What is (are) the expected outcome(s) or benefits(s) to the public from the event to be funded? Specify the number of persons anticipated to be served and the service(s) to be provided.

At least three hundred people will be immediately impacted through the community-building and educational efforts of this celebration but the impacts will reverberate through the entire community as a point of civic pride and historical awareness.

Describe the history of this program and its success.

We have clear evidence of prior year's success at inspiring and encouraging positive relationships; hence, we have the need for a larger space for the event. In past years, over three hundred people have attended the AACHC celebration at our King Branch location. Due to community engagement, we need a space that accommodate a larger crowd and that possesses AV equipment for the program.

UNITED CARE USA®

THE CHILDRENS CHARITY

10/28/26

To Whom it may concern:

United Care is a 501C-3 Non Profit organization dedicated to child abuse prevention. We have been having Bingo for around 20 years or so at Bingo World at 4810 Lee St. Just recently the owner Kurt Oestricher sold the building and the new owner now needs the building for his business; so there was no option for us continuing our lease therefore we had to find a new location which we have done. So we are requesting a location change from 4810 Lee St. to the new building located at 3711 S. MacArthur Dr. which is actually at the end of the parking lot of the old building. We would appreciate your approval on this move so we can continue on with our charitable purposes. Thank you for your consideration on this matter.

Sincerely,

Janice Myers

RE: City of Alexandria

Dear Mr. Smith,

In accordance with your request for an Appraisal, the undersigned Appraiser has made a personal and careful inspection of the above referenced property and has thoroughly investigated and analyzed matters pertinent to the estimation of the value of said property. The term " Market Value" as used herein is defined as " the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeable, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer."

The market value of the subject property as of September 16, 2026 is:

Estimated value:	$34,000
Less discount due to servitudes:	<$20,400>
Total:	$13,600
